D a n d i M e m o r i a l

The historic memorial at the banks of the sea near Dandi reminds us of the very episode that perhaps changed the history of this land. Let us also commence this great journey by lifting a little bit of salt from Dandi, north to Navsari-the place of the great Holy-fire of revolution.

Gandhiji commenced his historic Dandi March along with his 78 soldiers from his headquarters. "Hridaykunj" on 12th March, 1930 which is a reminder of Lord Buddha's great journey. He touched Dandi on 5th April, by completing the holy Journey of 241 miles on foot. On 6th April, Gandhiji with a dip in the ocean and took a little bit of salt by his loan finger and thumb. Thus he violated the salt law and then sitting under the banyan tree there, he called upon the people of his land to wage a final war on British rule. Eventually the Himalayan like great satyagrah agitation started. The incident at Dandi snatched away the restive mood of the British rule in India. A very negligible looking incident became a glaring chapter of the history.

District Highlights –2001 Census

Important Statistics in the District

Ranking of Talukas in the District

Statements 1-9

Statement 1 : Name of the Headquarters of the District/Taluka their Rural-Urban status and Distance from District Headquarters, 2001	xxi
Statement 2 : Name of the Headquarters of the District/Taluka/C.D.Block, their Rural-Urban status and Distance from District Headquarters, 2001	xxi
Statement 3 : Population of the District at each Census from 1901 to 2001	xxii
Statement 4 : Area, Number of Villages/Towns and Population in District and Taluka, 2001	xxiii
Statement 5 : Taluka / C.D.Blockwise Number of Villages and Rural Population, 2001	xxiv
Statement 6 : Population of Urban Agglomerations / Towns, 2001	xiv
Statement 7 : Villages with Population of 5,000 and above at Taluka / C.D.Block Level as per 2001 Census and amenities available	xxv
Statement 8 : Statutory Towns with Population less than 5,000 as per 2001 Census and amenities available	xxvii
Statement 9 : Houseless and Institutional Population of Talukas, Rural and Urban, 2001	xxviii

Analytical Note

(i) History and Scope of the District Census Handbook	3
(ii) Brief History of the District	5
(iii) Administrative Set Up	5
(iv) Physical Features	8
(v) Census Concepts	
(vi) Non-Census Concepts	
(vii) 2001 Census Findings – Population, its Distribution Brief analysis of PCA data Brief analysis of the Village Directory and Town Directory data Brief analysis of the Data on Houses and Household amenities House listing Operations, Census of India 2001	27
(viii) Major social and cultural events, natural and administrative developments and significant activities during the decade	78
(ix) Brief description of places of religious, historical or archaeological importance in villages and places of tourist interest in the towns of the district	78
(x) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district	79
(xi) Scope of Village Directory and Town Directory	80

Appendix – IV	: Taluka/C.D.Blockwise List of Inhabited Villages where no amenity other than drinking water facility is available	218
Appendix - V	: Summary showing number of Villages not having Scheduled Castes Population	219
Appendix – VI	: Summary showing number of Villages not having Scheduled Tribes Population	219
Appendix - VII A	: List of Villages according to the Proportion of the Scheduled Castes to the Total Population by ranges	220
Appendix - VII B	: List of Villages according to the Proportion of the Scheduled Tribes to the Total Population by ranges	224
Appendix – VIII	: Taluka/C.D. Blockwise number of Villages under each Gram Panchayat	230
Appendix – IX	: Statement Showing number of Girls Schools in the villages	242

Section II – Town Directory

(a)	Note Explaining the Abbreviations used in Town Directory Town Directory Statements (I to VII)	245
(b)	Statement I : Status and Growth History	245
	Statement II : Physical aspects and Location of Towns	245
	Statement III : Municipal Finance	245
	Statement IV : Civic and other amenities	246
	Statement V : Medical, Educational, Recreational and Cultural facilities	247
	Statement VI : Trade, Commerce, Industry and Banking	248
	Statement VII: Civic and other amenities in Slums	248
(c)	Appendix to Town Directory : Towns showing their outgrowth with Population	250

PART – B : PRIMARY CENSUS ABSTRACT

(a)	Brief note on Primary Census Abstract	267
(b)	District Primary Census Abstract (General)	271
(c)	Appendix to District Primary Census Abstract i.e. Urban Blockwise figures of Total, SC and ST Population	285

	Pages
Urban Primary Census Abstract	
Annexure – I Number of Villages under each Gram Panchayat	411
Annexure – II Fertility and Mortality, 1991 Census	420
Annexure – III Various measures of Fertility and Mean age at Marriage, 1991 Census	421
Annexure – IV Percentage distribution of Migrants by Place of Birth/ Place of Last Residence,1991 Census	423
Annexure – V Brief account of Main Religions in the District/ Taluka as per 1991 Census	425
Annexure – VI Marital Status of Population as per 1991 Census	428
Annexure – VII Age, Sex and Education in the District,1991 Census	429
Annexure – VIII Distribution of different Mother Tongues returned in 1991 Census	432

F O R E W O R D

The District Census Handbook (DCHB) published by Census Organisation since 1951 census, is one of the important publications in the context of planning and development at grass-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics village-wise and town-wise of the district alongwith the status of availability of civic amenities, infrastructural facilities, etc.

2. The scope of the DCHB was initially confined to a few Census Tables and Primary Census Abstract (PCA) of each village and town within the district. Thereafter, at successive censuses, its scope and coverage has been enlarged. The DCHB published at the 1961 census provided a descriptive account of the district, administrative statistics, census tables and a village and town directory including PCA. The 1971 census-DCHB series was in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features alongwith restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given. Information on new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet the requirements of some of the Revised Minimum Needs Programme. Information on approach to the village was provided for the first time in the Village Directory so as to give the details on number of inaccessible villages in each district. In the Town Directory, a statement (IV-A) on slums was introduced to provide the details on civic and other amenities in the notified slums of Class I and Class II towns.

3. The 1991 census of DCHB, by and large, followed the pattern of presentation of 1981 census, except the format of PCA was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex-wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation. It was expected that the presentation of village directory and PCA data at CD block level will help the planners in formulation of micro level development plans, CD block being lowest administrative unit.

4. The present series of 2001 census DCHBs have been made more informative and exhaustive in terms of coverage and content. The Village Directory has been enlarged in scope by including a number of other facilities like banking, recreational and cultural facilities, newspapers and magazines and 'most important commodity' manufactured in village. Income and expenditure of gram panchayat, wherever possible, has been provided. Apart from these, more details on distance(s) at which basic amenities are available (if not available in the village), are given. This includes educational facilities (namely primary and middle schools and college), medical facilities (viz. Allopathic Hospital, Maternity & Child Welfare Centre and Primary Health Centre), drinking water, post & telegraph (post office and phone), communication, bank, credit societies and recreational facilities. In Town Directory, the statement on Slums has been modified and its coverage enlarged by including details on all slums in instead of 'notified

slums'. The information is given in case of all statutory towns irrespective of their class, against only Class I and Class II towns in the 1981 and 1991 Censuses. The basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements. Two other significant additions in the publication are inclusion of 'motif highlighting significant characteristic of the district and analytical notes as annexures. The analytical notes on (i) fertility and mortality and (ii) various measures of fertility and mean age at marriage are prepared based on 1991 Census. Whereas, in the notes relating to (i) percentage distribution of migrants by place of birth/place of last residence, (ii) main religions, (iii) marital status of population, (iv) age, sex and education, and (v) distribution of spectrum of mother tongue, nature and extent of changes occurred in the district in its basic socio-demographic features during the decade 1991-2001 are analysed. The eight digits permanent location code (PLCN) to all the villages and towns have been assigned keeping in view the future needs.

5. The village and town level amenity data have been collected, compiled and computerised in prescribed record structure under the supervision of Shri Jayant Parimal, Director of Census Operations, Gujarat. Thereafter, efforts have been made to ensure comparability of the information with that of 1991 census data and the information brought out by the respective state governments in their annual reports and statistical handbooks for various years after 1991. The task of planning, designing and coordination of this publication was carried out by Shri R.G. Mitra, Deputy Registrar General (C&T) and Dr. I.C. Agrawal, Senior Research Officer of Social Studies Division. Dr. R.P. Singh, Deputy Registrar General (Map) provided the technical guidance in the preparation of maps. Whereas, Shri Anil Kumar Arora, Deputy Director of Data Processing Division who worked under the overall supervision of Shri Himakar, Addl. Director(EDP) helped in preparation of record structure for computerisation of village and town directory data and the programme for the generation of Village Directory and Town Directory statements including analytical inset tables. The draft DCHB manuscripts received from the Census Directorates have been scrutinised in the Social Studies Division under the guidance of Shri S.L. Jain, Deputy Director and Shri R.K. Mehta, Assistant Director. I am thankful to all of them and others who have contributed to make this publication possible.

D.K. Sikri
Registrar General &
Census Commissioner, India

New Delhi
Dated : 17.10.2006

P r e f a c e

Census is being conducted in the country every ten years as per the programme laid down by the Government of India. In these day and age of information technology, an individual has access to a variety of information covering a Kalidoscope of interest and fields. Availability of relevant information is very vital for planners, policy makers and researchers.

The Five Year Plans have come to stay in the country and whatever development is achieved as a result of implementation of planning from the bottom level such as development of infrastructure facilities as well as basic amenities, etc. is reflected in the District Census Handbooks and they give to the readers a searching eye whether the development over the years in villages/talukas/districts is lopsided or upto the mark. This is the basic requirement of this type publications and an attempt has been made to show whether the census handbooks reasonably fulfill these aspirations/requirements.

These district Handbooks are thus useful to planners in planning from bottom as well as to administrators, researchers, educational institutions including universities and other socio-economic research centres as well as students conducting research in demography, social and economic studies as well as to the local bodies like Panchayats, Municipalities and Municipal Corporation etc.

District Census Handbook of Gujarat is a joint venture of the Government of Gujarat and the census organization of the Government of India. In the preparation of the DCHB, the role played by the census organisation is that of Census data collection, scanning of collected information, analysis of PCA. DCHB Unit of the State Government collected the basic non-census information on availability of amenities relating to infrastructure in the villages of the district presented in the part A of this book. The cost of this publication is borne by the State Government. In accomplishing this task we had the ready and whole hearted co-operation of the staff at various levels of different department of the State Government. Most of the data supplied by the various departments have been cross-checked and an attempt has been made to reconcile the discrepancies as well.

I express my deep gratitude to the officers of Gujarat Government particularly Shri PK.Laheri, Chief Secretary of Gujarat State, Smt. Netraben Sinoy, Additional Chief Secretary of General Administration Department (Planning), Shri George Joseph, Principal Secretary, General Administration Department (Personnel), Shri K.R.Vasava, Deputy Secretary, Kum.P.S. Mevada, Under Secretary and Shri P.D.Kulkarni, Section Officer of General Administration Department, Planning, Shri S.D.Mehta, Deputy Secretary and Shri I.M.Sheikh, Under Secretary, Shri Bipin Patel, Section Officer and Shri P.N.Christian, Deputy Section Officer of G.A.D. (Kh-3) for their valuable help and co-operation in fulfilling all administrative requirement in time for bringing out this publication. I am also thankful to Shri P.M. Patel, Director, Economics and Statistics helped this organisation not only by placing the competent personnel on disposal of census services on deputation but also provided valuable official statistics for this publication.

The District Collector, the District Development Officer, District Statistical Officer, District Information Officer and their staff members extended their warm and whole hearted co-operation for carrying out field work of the census and collection of non-census data for this District Census Handbook.

I am deeply grateful to Shri J.K. Banthia, I.A.S., the Ex-Registrar General and Census Commissioner, India for the benefit I have derived by the way of guidance and advice. I also express my thanks to Shri R.G. Mitra, Deputy Registrar General(C&T) Shri C. Chakravorty, Joint Director, Shri I.C. Agrawal, Senior Research Officer(SS), Shri S.L. Jain, Deputy Director(SS), Shri R.K. Mehta, Assistant Director(SS), Shri R.P. Singh, Dy. Registrar General(Map), Shri Himakar, Addl. Director (EDP) and Shri Anil Kumar Arora, Deputy Director (EDP) for providing technical guidance in finalising this publication. I am extremely thankful to Shri D. K. Sikri, IAS, Registrar General & Census Commissioner, India for his valuable guidance in finalizing of this publication.

Shri Jayant Parimal, I.A.S. who held the office of Director of Census Operations, Gujarat, had guided the operations of the 2001 Census. The data presented in this handbook were collected and compiled under the able direction and guidance of Shri Parimal. Our sincere and grateful thanks for all the projects of census to him.

In state office Smt. B.B. Chauhan, Deputy Director, District Census Handbook Unit, Kum.S.B.Dabhi, Assistant Director, Shri S.B. Dalvi, Deputy Section Officer of District Census Handbook Unit, and their team of able assistants meticulously collected and scrutinized the non-census data from various sources and prepared draft of DCHB etc. with the help of Census section. The other officials of D.C.H.B. Unit, who scrutinised, edited and supervised the work of D.C.H.B. have been mentioned in the "Acknowledgement". The maps provided in the D.C.H.B. are prepared by the Map Section of the Census Directorate under the supervision of Shri J.P. Purohit, R.O(Map). I am thankful to all of them. I am thankful to the census section of the Directorate for scrutinizing the PCA data, specially Shri J.N.Pithadia, Investigator Grade-I and Kum.N.V.Shah, Investigator Grade-III who provided assistance to me in finalizing P.C.A. data at every stage. Smt. J.R.Sanghani, Investigator Grade-III of this Directorate assisted me for final scrutiny of D.C.H.B., I am thankful to her.

Lastly, I am thankful to the Government of Gujarat for having agreed readily to bear the cost of publication of the District Census Handbook volumes and for the special efforts of Shri R.B. Raval, Director, Printing and Stationary and his colleagues to print out the publication in a very nice fashion.

District Highlights – 2001 census

Navsari

- (1) Navsari district is the 21st district in terms of population in the State.
- (2) Navsari district is newly created district in 1997 from the Valsad district. Thus Navsari district has 5 talukas having 374 villages and 9 towns.
- (3) Population density per sq.km is 557 persons.
- (4) Navsari district is the 5^h dense district in the State.
- (5) Navsari district is having 4^h rank in sex ratio.
- (6) Village Khergam (Chikhli Taluka) is the most populated village having 13,912 persons whereas village Bhanwadi (Navsari Taluka) is the least populated village with only 168 persons in the district.
- (7) The economy of the district is basically dependent on agriculture as 57 per cent workers are engaged in primary sector.
- (8) Cotton Textiles, Machinery and equipments other than transport equipments, Basic chemicals and Chemical products (except product of petroleum) and Food Products are the most important non-agricultural economic activities of the district.
- (9) Dandi village (Jalalpore Taluka) has the largest area of 3153.0 hectares and Kadipore (Navsari Taluka) village has the lowest area of 52.2 hectares among the villages in the district.
- (10) Gandevi taluka has the lowest number of 55 villages while Bansda taluka has the highest number of 95 villages.

		Urban	-	-	-	-	-	-	-	-	-	-

Note: * These figures represent 'Geographical area' figures supplied by the Surveyor General of India. Figures for urban area are those supplied by the local Bodies. Area figures for rural are derived by subtracting the urban area from the total area of the District. The total of the area figures of talukas will not tally with the district figures because the former represents 'Land Use Area' and are derived from the figures supplied by the Director of Land Records.

Navsari UA is spread over in Navsari and Jalalpore Talukas.

ANALYTICAL NOTE

ANALYTICAL NOTE

(i) History and Scope of the District Census Handbook :

Before the 1951 Census, the Census figures were published in a booklet known as 'Village Hand-book', which contained only village wise population figures. These books were prepared and published by the Directorate of Census Operations of the State.

The Directorates introduced the District Census Handbook for the first time in 1951 Census. It comprised the villagewise primary census abstract figures and information on available amenities. It also contained several tables relating to the district. It varied in content and size from State to State depending upon the resources offered by the respective State Governments.

In 1961 Census, a uniform pattern of District Census Handbook was adopted throughout the country. The Directorate of Census and the State Government jointly executed the project. In addition to the English version, it was published for the first time in Gujarati language also. The District Census Handbook 1961 was published in three parts. Part I related to Introductory Note i.e. general and economic information for the district and a brief gazetteer of place names. Part II pertained to census tables, village -wise list of industrial establishments, tables on handicrafts and departmental statistics. Part III consisted of village directory covering the amenities and primary census abstract data combined in one statement. It also covered district and taluka maps.

It is worthwhile here to note that the State Government created a separate unit for preparing and publishing the District Census Handbook since

1971 Census onwards. In the 1971 Census, the contents of District Census Handbook were modified. In the preceding censuses, the data on amenities and primary census abstract were covered in one statement whereas in 1971 Census, the data on amenities and primary census abstract were separated into two different parts. Thus, the coverage of amenities data was extended and the land use data were introduced for the first time from 1971 District Census Handbook. Moreover, a separate portion known as 'Town Directory' was also incorporated for the first time in the District Census Handbook. The 1971 District Census Handbook was published in three parts. Part A contained the village and town directory. Part B contained village and town wise primary census abstract data and Part C contained official statistics, besides full count census tables, urban census tables and analytical report on census and related statistics socio-economic and cultural tables (Rural areas) and housing tables. Part A and Part B were combined and published in one volume.

The District Census Handbook –1981 was brought out in two parts, Part-A and Part-B. Part-A contained the village and town directory whereas Part-B included the primary census abstract data, for both General Population and Scheduled Castes/Scheduled Tribes Population. Both parts were published in one volume. Part C brought out for 1971 Census was dropped in 1981 Census. However, official statistics and some portion of analytical notes of part C of 1971 Census were included in 1981 District Census Handbook also.

For the 1991 Census, the District Census Handbooks were prepared more or less on the same lines of the preceding 1981 Census. In 2001, the scope of both Part A & B has been enlarged by giving several additional information which got possible because of large scale computerization.

The District Census Handbook has been prepared after scanning and processing of data collected through Houselist Schedule and Household Schedule. Several innovations have been introduced at almost all the stages of the Census of India, 2001, right from the preparatory efforts to the data processing and dissemination stage. This includes certain fundamental changes in the form and contents of the House list and Household schedules, while maintaining the continuity and comparability of the basic housing and population characteristics with the earlier census. For the Census of India 2001, a system of Permanent Location Code Number (PLCN) has been adopted by assigning to each village within the State/UT a continuous series from I to N. Each village has been assigned an eight-digit code. The last two digits being '00' are kept for accommodating future changes in case of split of an existing village or creation of new villages etc. Since the permanent Location Codes have been assigned to each village, theoretically tracing the precise location of village on account of future jurisdictional changes in the boundaries of various administrative areas within the state should not pose a problem. It is imperative that under this scheme, the PLCN assigned to villages at the Census of India, 2001 are adopted for future censuses also to ensure the comparability of the data at the village and other administrative levels over a long time series.

At the 2001 Census age at marriage was collected for males also, while it was collected for only ever-married females until the 1991 Census.

The type of educational institution attended by a person was enlarged to include school, college, vocational institute.

The scope of the definition of 'work' was expanded in the Census of India, 2001, to include production of milk for domestic consumption. In the 1991 Census, cultivator of certain crops even for self-consumption was treated as economic activity. The scope of the term 'Cultivation' was expanded in 2001 Census to include certain other crops such as tobacco, fruits, all types of flowers, roots and tubers, potatoes, chilies and turmeric, pepper, cardamom, all types of vegetables and fodder crops etc. This meant that activities related to production of all the above-mentioned crops for domestic

consumption have been treated as work. Only five crops viz. tea, coffee, rubber, coconut and betelnuts have been classified under 'Plantation' in the Census of India 2001.

- At the 1991 Census, the question on seeking/available for work was canvassed for only non-workers. At the Census of India 2001, this question was asked from the Marginal Workers also. A question to elicit information on secondary work canvassed at the 1991 Census was dropped.
- From among the categories of non-workers adopted at the 1991 Census, the category 'Inmates of institutions' has been dropped and 'Retired Persons and Rentiers' has been replaced by the category 'Pensioners'.
- A new response category 'Moved after birth' was included in the question on reason for migration to bring out additional migration patterns. Natural calamities or distress migration as a reason for migration for last residence migrants included in the 1991 Census was covered under category of 'Others'.
- Number of children born alive to currently married women during last one year was collected for male and female children separately.

Besides the above modifications, the following new questions were canvassed at the 2001 Census.

- A question on total disability was canvassed in the 1981 Census. In the 1991 Census, no question on disability was included. At the Census of India, 2001, a question to elicit information on total or partial disability was canvassed. The five types of disability on which information is collected are - in seeing, in hearing, in speech, in movement and mental.
- A new question on 'Travel to place of work' was canvassed mainly for workers engaged in non-agricultural activities.

Information on distance from the residence to place of work and mode of travel to place of work was collected under this question.

The mode of presentation of DCHB in 2001 will by and large be same as that of 1991. The uniqueness of Census 2001 is that single record (Household Schedule) has been processed as against two records viz. Individual Slip and Household Schedule in the previous Censuses. Apart from this some deviation has been made this time by incorporating analytical notes on migration, fertility & mortality, education, marital status, age structure etc. pertaining to 1991 Census of the respective district in the DCHB in the form of Annexure II to VIII. Similarly Tables based on Houselist data pertaining to Census 2001 have also been included in DCHB.

(ii) Brief History of the District :

The history of Gujarat during the period of Harshak, Shishunag and Nandvansh was not available, therefore the history of Gujarat starts from the period of Maurya (Maurya era), from 322-185 B.C. The inscriptions of king Ashoka were found at Girinagar (Junagadh) in Saurashtra region and at Shurparak (Sopara) of konkan, which show that the rule of king Ashoka was on entire Gujarat.

The period from 185 B.C. to 23 A.D. was considered as post Maurya period (Anu Maurya era). Thenafter the Gujarat was under the rule of kings of western Kshatras (A.D.23 – 400). Then Gupts ruled over the Gujarat. It was from 415 to 470 A.D. But during this period in south Gujarat the Traikutaks ruled upto 500 A.D. After Traikutaks, the area was ruled over by Katchuries. After the end of Traikytaks rule, the kings of Sendraks race (now known as Shindes) ruled on Surat, Valsad and Navsari. The sendraks were the Samants of Chalukya kings. This rule ended in 670 A.D.

In the year 671 A.D., Chalukya king Vikramaditya-1 (second son of Pulkeshi) handed over the areas of south Lat -Surat, Valsad and Navsarika (Navsari) to his brother Parashrya Jaysinh. His son Shrayashray took over the administration of south Lat. He donated one village

of Navsari to one Brahmin. There is a mention of it on a copper plate (Tamrapatra). After it, during the regime of Avajinashray in the year 725-726, the army of Arabs after passing through the areas of Saurashtra and north Gujarat came to take over the Navsari, the king gave a great fight and the army was compelled to go back. The Chalukya rule lasted upto 740 A.D. Thenafter the kings of Rashtrakut race (now known as Rathods) ruled upto 973 A.D. Again in 973 king Tail-Tailap of Chalukya ruled over the south Lat. Again during the Solanki period (from 942 A.D. to 1304 A.D.), when they ruled over Gujarat, the Solanki king Karnadev attacked on Lat area and took over that area also under his rule. But again the kings of Chalukya defeated the Solanki king and got the Lat area back. Thus Chalukyas rule lasted for a long period.

Navsari was under Delhi administration of Mohammed Taghalaq in 1325 AD. During Muslim regime since fifteenth century, Parsis developed Navsari. In the second decade of eighteenth century Marathas came from Songadh to Navsari, captured powers and developed Navsari. During the British rule from 1759 A.D. to 1947 A.D., area of Navsari district was under Company rule for only two years, 1780 to 1782. The district is famous for its horticultural crops. Fruits like mangoes, chikus, banana are grown in abundance.

Navsari was the Headquarters of Navsari prant/sub-division of erstwhile Vadodara state prior to independence. Navsari was included in Surat district from 1st May 1949. At that time Gujarat region was included in Mumbai State. Mumbai State was bifurcated into Gujarat state and Maharashtra state on 1st May 1960. When Gujarat state was formed on 1st May 1960, existing Valsad and Navsari districts were parts of Surat district. The Government of Gujarat bifurcated Surat district into Surat and Valsad districts with effect from 1st June 1964. The Government of Gujarat further bifurcated Valsad district into Valsad and Navsari districts with effect from 2nd October 1997 (Gandhi Jayanti day). Navsari district consisted of five talukas. Among them, Navsari, Gandevi, Chikhli and Bansada talukas have been separated from Valsad district and new Jalalpore taluka has been formed from Navsari taluka.

(iii) Administrative Set-up :

With a view to run the administration of the State smoothly, it has been divided into Districts,

which in turn have been further sub-divided into Talukas (Tahsils). In the State of Gujarat, the Community Development Blocks are co-terminus with the Talukas. The Talukas contain large number of villages and possibly several towns. The villages have Village Panchayats to run the local administration. A Village Panchayat may constitute of one revenue village, several revenue villages or a part of a large village. Similarly, the towns have Municipality or Municipal Corporation as the seat of local self-government.

In the State of Gujarat, as on December 1999 there were 25 districts and 226* Talukas, against 19 districts and 184 Talukas in 1991 Census. In 1997 by several notification (s), Government of Gujarat reconstituted some districts and talukas of the State. The present Navsari district is bifurcated from old Valsad district and new Navsari district is created from it by separating four talukas vide the Government Notification No. GHM-97-83-M-PFR-1097-L dated 24th September, 1997. Thus the new Navsari district came into existence with four talukas namely Navsari, Gandevi, Chikhli and Bansda. Navsari taluka was bifurcated and new Jalalpore taluka was created vide Government Notification No. GM-97-123-M-PFR-2897-2597-L dated 15-10-97.

The District Collector looks after the general administration, maintenance of collection of land revenue and settlement of law related disputes, civil supplies, district planning, mid-day meal scheme, etc at the district level. At the Taluka level, Mamlatdar looks after the land development and revenue collection and law and order. The functions of administration of law and order and control and investigation of crime are done by the Superintendent of Police of the district with the help of Police Stations working under him. For the purpose of maintaining law and order there are 7 police stations, 10 police Chowkies and 10 out posts in the year 2000 as per the statement below:

Police Station in the District

Sl. No.	Particulars	1998	1999	2000
1	2	3	4	5
1.	Police Station	7	9	7
2.	Police Chowky	9	10	10
3.	Out post	10	7	10

Source : Director General of Police, Gandhinagar ,2000

During the period 1999 to 2000 two police stations were abolished and three out posts were created but the number of police chowkies has remained unchanged as compared to 1999.

The Panchayati Raj institutions are fairly strong and most of the development works have been transferred to the District Panchayats and its subordinate bodies. The District Panchayat has an elected President and District Development Officer appointed by the Government works as its Secretary and looks after day-to-day work related to the development. Similarly, at the Taluka level, Taluka Panchayats have been constituted which have an elected President. The Taluka Development Officer, placed by the Government as Secretary of the Taluka Panchayats and he conducts the regular administrative work Like-wise, an elected President heads the Municipality and the Chief Officer works as the Secretary of the Municipality and looks after the day-to-day work. In case of the large cities, the State Government has constituted Municipal Corporations, which are headed by an elected Mayor and the Municipal Commissioner, appointed by the Government who looks after the routine work. At the Village level, the Sarpanch is the elected Chief and the Talati (Village Mantri) works as the Secretary to the Village Panchayat and looks after the day-to-day work. In view of the expanding role of the public administration in a state like Gujarat, the Government has taken-up many activities and has set up several offices. Such offices which came into the existence are as under:

- (1) Education
(Primary and Higher Education)
- (2) Agricultural and Research
- (3) Animal Husbandry and Poultry
- (4) Forest and Environment
- (5) Roads and Buildings, Bridges
- (6) Co-operation and Co-operative Societies
- (7) Industries, Small and Large as well as Cottage
- (8) Health and Medical Services, Medical Education and Research, Family Welfare and Nutrition

* Vagdod taluka merged in the Patan taluka of the Patan district on 3rd July 2001.

- (9) Information Department,
- (10) Irrigation, Minor and Major
- (11) Social Welfare and Social Defence

The functions of above offices are managed and controlled by concerned Head of Departments and in some cases also by District and Taluka Panchayats. The task of primary education in rural areas has been entrusted to District Panchayats and functions relating to primary education are assigned to District Development Office and are controlled by the District Primary Education Officer. The secondary education is looked after by District Education Officer of Education Department. Primary education as well as higher secondary education of all types of institutions is governed by District Education Officer.

Agriculture activities have been delegated to District Panchayat to a large extent and District Agriculture Officer is in-charge of looking after agricultural produce including crops and vegetables. Similarly Animal Husbandry is also a Panchayat activity and routine work is controlled by the Deputy Director (Animal Husbandry) who sits in District Panchayat for taking care of animals and poultry farms. Besides, district agriculture office in Panchayat Offices such as Deputy Director (Agriculture) and other officials look after various aspects of agriculture for developing the agriculture sector as well as to extend necessary assistance to farmers at district level.

Besides Director, Animal Husbandry Officer of Panchayat offices such as Deputy Director (Animal Husbandry) Special Officers at Veterinary Offices etc. in state government animal husbandry department also monitor activities of this sector at district level.

Public Health in rural area is assigned to the District Panchayat under the Chief District Health Officer who looks after epidemics, malaria control, water borne diseases and district level administration of Public Health Centres. District and Talukas Hospitals and Referral Hospitals are being looked after by the District Civil Surgeon of medical services in the State, while Medical Colleges and Research activities attached with the respective Civil Hospitals are controlled by Medical Education and Research Wing.

Family welfare activities are also monitored by the District Health Officer. Chief District Health Officer is also functioning as District Registrar of Birth and Death of the district and Talati cum Mantri is also Registrar of Death and Birth for the respective villages. Anaemic mothers and children upto to the age of 14 are looked after by Nutrition Officer under the Nutrition Programme.

District Ayurvedic Officer looks after the Ayurvedic dispensaries and hospitals. They also take care of the Ayurvedic plants and medicines and gardens. The District Food and Drugs Officer generally looks after the quality of the food and drugs in the district. Labourers and workers who are working in registered units are covered under the Employees State Insurance Scheme.

The rural roads have been transferred to the District Panchayats and their maintenance is done by the Executive Engineer, Roads and Buildings Department. Minor irrigation works are transferred to the District Panchayat and Executive Engineer (Panchayat) of the Panchayat's irrigation office looks after water harvesting and check dams.

The Roads and Buildings Department of State Government looks after the maintenance of roads, buildings, bridges and Government multi-storey buildings etc. Besides Panchayat officials, major district roads and the state highways are looked after by the Executive Engineer (Roads & Buildings). The large multi-purpose irrigation projects are controlled by State Government directly through its Executive Engineers.

District Industries Centre is functioning for the development of the small and village industries, handloom industries and the scope of industrial growth in the district. Besides, other departments are working for the rights of the industrial workers and rural labourers engaged in agriculture and others sectors.

Besides, this department is working for the rights of the industrial workers and rural labourers for agriculture and others sectors in rural areas.

Social welfare activities relating to the Scheduled Castes, Scheduled Tribes, Other Backward Castes and Other Backward Communities in the District are organized by the District Welfare

Officer. Generally the schemes under T.A.S.P. and Special Component Plan are organized by the District Welfare Officer.

In each District Panchayat, District Statistical Officer of Directorate of Economics and Statistics providing the statistical data of different development programmes to ensure the necessary developments in the district. He is also Member-Secretary of District Planning Board. Similarly in every Collector Office, District Planning Officer looks after the development work of various Government (State & Centre) sponsored programmes.

Various Co-operative societies like Co-operative Milk Societies, Agricultural Produce Market Societies. Co-operative banking and other Co-operative societies are controlled by the District Registrar Co-operative Societies.

The talukawise break up of towns and villages for the district is shown in the following statement.

There is no uninhabited village in any of the talukas of the district.

Talukawise Number of Towns and Villages

Sl. No.	Name of Taluka	Number of Towns	Number of Villages	
			Total	Inhabited
1	2	3	4	5
1	Navsari	1	65	65
2	Jalalpore	3	72	72
3	Gandevi	4	55	55
4	Chikhli	1	87	87
5	Bansda	-	95	95
	Total	9	374	374

The civic status of the 9 towns is as under:

Census Town	:	6
Municipality	:	3
Total	:	9

Talukawise List of Declassified Towns

(iv) Physical Features :

The Navsari district is situated between the parallels of latitude 20° 34' and 21° 30' and the meridians of longitude 72° 41' and 73° 30.' It is bounded in the north by Surat district, in east by The Dangs district, in the south by Valsad and in west by Arabian sea. The area covered by the district is 2,209 Sq.Km. The rank of the district in area is 23rd in the State.

Physiography :

From geographical point of view the Navsari district can be divided into three parts viz. (i) Hilly area, (ii) Flat area and (iii) Seashore area. The hilly area of the district is mostly made up of mounts and vallies. The mounts are spread over from north to south. The tops of the mounts are flat having shape like steps. The soil in this district mainly fall under three types viz (i) Black soil, (ii) Yellowish soil and (iii) Salty soil of the seashore area.

Drainage:

The rivers passing through the district or originating from the district are Purna, Ambika, Auranga, Tan, Kaveri, Kharera and

Vegania. The origin of the river Purna is at the hill of Pipalner of Sahyadri. It passes through the districts of The Dangs and Surat of the State. It enters in Navsari district from the village Kurel of Navsari taluka. The river Ambika originates from the mountain near the Saputara of the Dangs district. It flows in the north of Unai. The total length of it is 169 Km, out of which the length of the river in Navasari and Valsad districts is 53 km. The place of origin of the river Auranga is the mounts of Dharampur. At the initial stage, it is divided into two different tributaries known as Man (*Vahu*) and Tan (*sasu*). At later stage, they meet at village Marla of Dharampur taluka and then after it is known as Auranga. The origin of the Kaveri river is from Kelvo mountain of Mankui.

The Kund (Pond) of Unai is famous and its water contains Sulphur and Phosphorous. It is believed that the water of this kund is having medicinal effect and is useful for skin diseases and leprosy.

Climate:

The climate of this district is characterised by a hot summer and dryness in the non rainy seasons. The year may be divided into four seasons. The cold season from December to February is followed by the hot season from March to May. The south-west monsoon season is from June to September and the season from October and November is known as post monsoon season.

a) Temperature:

Navsari does not have a Meteorological observatory in the district. The period from March to May is having continuous rise in temperatures. The maximum temperature of the district is recorded in the range of 32 .7⁰ centigrade to 44⁰ centigrade and the minimum temperature is having the range of 11⁰ centigrade to 21.2⁰ centigrade as per the record of year 1999.

b) Winds:

Winds are generally light and moderate in summer and in the south-west monsoon season. They become stronger in westerly to south-westerly winds prevailed in the south-west monsoon season. In October winds are blowing from the directions between west and north-east. In November and December winds are mainly blowing from the directions between north and east. In January and February winds are again blowing from the direction between west and north-east. In the summer season the winds are pre-dominant in directions between south-west and north-west.

c) Rainfall:

The annual rainfall in the district is received during the south-west monsoon season from June to September. July is month of the highest rainfall. The annual rainfall of this district is 1,436.8 mm in the year of 1999. Monthly average rainfall of this district is given below.

Monthly Rainfall (From 1998 to 1999)

(In mm.)

Sl No	Month	1998	1999
1	2	3	4
1	May	0.0	5.0
2	June	134.4	377.4
3	July	725.6	487.0
4	August	362.8	144.8
5	September	507.0	227.6
6	October	85.6	195.0
7	November	30.2	0.0
8	December	-	-
Annual rainfall		1,845.6	1,436.8

Source : Directorate of Agriculture, 1998, 1999.

Economic Resources :

Economic resources are an important means of subsistence for the working people of the district. The details about economic resources of important sectors are given below in brief.

(1) Forestry :

According to the figures available from the Forest Department for the year 1998-99 and 1999-2000, out of the total area of 2,209 Sq. Km. of the district, an area of about 59.6 Sq. Km. is covered by forest. Among them 21.2 Sq. Km. are reserved forest and

38.4 Sq. Km. forest is unclassified. Forest. are found only in hillock. The main forest produces are teak wood, catechu wood, Herbal plant, timber etc.

(2) Minerals and Mining:

The important minerals found in the district are (a) Plastic clay (b) Bauxite (c) Black trapo (d) Brick earth (e) Ordinary clay (f) Sand and (g) Murray .

Major and Minor Mining Products and Income

Sl.No.	Products	1998-1999		1999-2000		2000-2001	
		Production (MT)	Income (RS.)	Production (MT)	Income (RS.)	Production (MT)	Income (RS.)

2	Total Minor Products	879,371	12,307,000	1,298,826	20,069,232	1,838,275	22,404,076
	Grand Total	879,371	12,307,000	1,298,826	20,069,232	1,838,275	22,404,076

Source: Commissionerate of Geology and Mining, 2001.

(3) Soil and Cropping Pattern :

The land in the district is more or less plain having some hills. The soil of Navsari district is fertile. The soil at many places is black, yellowish, red and even black soft. Total cultivable agricultural area is 1,43,070 hectares. The main crops are Paddy, Sugarcane and Jowar.

**(4) Land and Land use Pattern:**

The total land in the district was 2,209 Sq.km. during 1998-1999. The land classification according to the different uses for the rural areas of the district is given below as per the information collected for the Village Directory.

Land Classification of Rural Areas

(in '00 hectares)

Sl. No.	Classification of Area	Area as on 31.3.99
1	Forest	250.1
2	Irrigated cultivable land	683.1
3	Unirrigated cultivable land	747.6
4	Cultivable waste (including Gauchar and Groves)	142.0
5	Area not available for cultivation.	325.2
	Total	2,148.0

Source : Village Directory, 2001.

(5) Tenancy:

There was no separate Act on tenancy in the former Bombay State before 1939. There were provisions of Section 83 of Land Revenue Code and Mamlatdar Court law only. The tenant was not secured of his tenancy rights in the Act. This tenancy lease was considered yearly and had to pay tenancy as per tradition or according to the agreement made with the land owner. In order to protect the tenants, The Bombay Tenancy Act, 1939 came into force in the erstwhile Bombay State After the independence of the country, it was necessary that the country is self-sufficient in agricultural production. It can be done only when the tillers of the land should have some definite rights over the land. With a view to effect control on efficient utilization of agricultural land and also to protect the tenants further and also to accept a definite policy and view for the country on agricultural land, The Bombay Tenancy and Agricultural Land Act, 1948 was enacted and it was brought into force since then. The Act of 1948 was amended five times. An important provision of 'Farmer Day' was inserted in the Act on 1-8-1956. According to this provision, if any person legally tilled the land of other person on 01-04-1957, he was

entitled to purchase the said land. Even though after Gujarat State was separated from Bombay State in 1960, the said act applied to it also as well.

Tenant means the person who held land on lease viz.,

- (1) Tenant as per Section 4;
- (2) Protected tenant
- (3) Permanent tenant
- (4) The person who continued to possess the land with or without the consent of the land owner after appointed date and up to specified date or it is considered that he continued the possession of the land

In all 1,049,056.4 hectares of land have been released and distributed to total of 1,278,125 beneficiaries under the The Bombay Tenancy and Agricultural Lands Act, 1948 in entire Gujarat State. Among the beneficiaries 177,171 were from Scheduled Castes, 258,132 from Scheduled Tribes and 842,822 were under 'Others' category. In Navsari district, in all 19,481.2 hectares of land have been released and distributed to total 47,693 numbers of beneficiaries. Among these 20,846 belongs to Scheduled Castes who were allotted 12,304.9 hectares of land, 16,789 belong to Scheduled Tribes who were allotted 5,025.4 hectares of land and 10,058 beneficiaries were under 'Others' category who were allotted 2,150.9 hectares of land.

(6) Agriculture :

a) Area under Major Crops

The area under major crops for the years 1993-94 and 1997-98 are indicated in the following statement:

Area under Major Crops

(in '00 hectares)

Sl. No.	Name of Crop	Area under Major Crops	
		1993-94	1997-98
1	2	3	4
1	Paddy	549	542
2	Wheat	15	12
3	Bajri	-	-

Sl. No.	Name of Crop	Area under Major Crops	
		1993-94	1997-98
1	2	3	4
4	Jowar	21	13
5	Other cereals	2	2
6	Gram	7	6
7	Other pulses	87	87
8	Sugarcane	271	293
9	Groundnut	5	8
10	Cotton	-	-
11	Ragi	19	11

Source: Season and Crop Report, Directorate of Agriculture, 1999.

The areas under Sugarcane and Groundnut has increased in the year 1997-98 as compared to 1993-94 while areas under other crops has been decreased. The major area was under Paddy and Sugarcane.

b) Average Yield per Hectare:

The average yield per hectare of the principal crops in the district during the year 1993-94 and 1997-98 is shown below.

Average Yield per Hectare

(In Kg)

Sl. No.	Name of Crop	Average yield per Hectare	
		1993-94	1997-98
1	2	3	4
1	Jowar (Kharif)	276	743
2	Paddy	2,094	1,837
3	Paddy (Summer)	3,537	3,357
4	Wheat	2,244	2,641
5	Groundnut	750	1,417
6	Sugarcane	7,900	6,835
7	Ragi	2,269	922

Source : Season and Crop Report, Directorate of Agriculture, 1999

As compared to the year 1993-94 there is a remarkable change in average yield per hectare for the crops of Jowar, Groundnut, Sugarcane and Ragi for the year 1997-98.

(7) Irrigation:

Source of Irrigation :

The area irrigated by different sources in the district during the years 1993-94 and 1997-98 is presented below:

Area Under Irrigation by Source

(In '00 hectares)

Sl. No.	Source of Irrigation	1993-94		1997-98	
		Net	Gross	Net	Gross
1	2	3	4	5	6
1	Govt. canals	380	480	487	592
2	Tanks	15	18	-	-
3	Wells	256	276	228	257
	Total	651	774	715	849

Source: Season and Crop Report, Directorate of Agriculture, 1999

The above figures indicate that Government canals are the main source of irrigation in the district. Next in order is the Wells. Also, it is seen that area under irrigation has increased in the year 1997-98.

(8) Animal Husbandry:**a) Livestock**

Cattle wealth occupies a pivotal role in the rural economy of the district. According to the livestock censuses of 1992 and 1997, the livestock population in the district is shown below.

**Livestock**

Sl. No.	Livestock	Year	
		1992	1997
1	2	3	4
(A) Total Livestock		349,891	355,363
1	Cattle (cross breed)	22,333	55,655
	(a) Male over 2.5 years	1,512	6,155
	(b) Female over 2.5 years	11,546	26,172
	(c) Young stock	9,275	23,328
2	Cattle (Indigenous)	129,685	80,051
	(a) Males over 3 years	56,571	27,771
	(b) Female over 3 years	38,312	28,741
	(c) Young stock	34,802	23,539
3	Buffaloes	109,404	106,099
	(a) Male over 3 years	6,132	3,970
	(b) Female over 3 years	61,294	60,557
	(c) Young stock	41,978	41,572

Sl. No.	Livestock	Year	
		1992	1997
1	2	3	4
4	Sheep	3,493	4,290
5	Goats	80,218	85,499
6	Horses and ponies	44	53
7	Camels	50	-
8	Pigs	3,943	2,844
9	Other livestock	721	20,872
	(B) Poultry	552,995	362,326

Source: 1 Directorate of Economics and Statistics, Livestock Census, 1992

2 Directorate of Animal Husbandry, Livestock Census, 1997

The above table reveals that as compared to 1992 livestock census, Cattle (Indigenoues), Buffaloes, Camels and pigs have decreased in the year 1997, while cattle have increased. Poultry birds have decreased in 1997 as compared to year 1992.

(b) Agricultural Implements:-

The comparative data for agricultural implements in the district for the years 1992 and 1997 are shown in the following statement.

Agricultural Implements

Sl. No.	Name of Agricultural Implements	Year	
		1992	1997
1	2	3	4
1	Plough	37,920	22,864
	(a) Wooden	31,953	15,302
	(b) Iron	5,967	7,562
2	Carts	13,180	9,272
3	Oil engines	6,584	11,908
4	Electric Motor & Pumps	5,741	10,890
5	Tractors	2,140	2,832
6	Wheat Thresher	6	-

Source: 1 Directorate of Economics and Statistics, Livestock Census, 1992

2 Directorate of Animal Husbandry, Livestock Census, 1997

It is revealed from the above statement that agricultural implements like iron plough, oil engines, electric motor & pumps and tractors have increased while other implements have decreased in the year 1997 as compared to the year 1992.

(9) Fisheries:

Navsari district is a created new in 1997. Therefore data of fisheries are not available.

(10) Industry :

The total number of registered factories and average number of daily workers employed in major groups of industries for the year 1998 and 1999

are shown in the following statement. Among the registered factories for the sake of employment. the most important establishments are Cotton Textile, Machinery & Equipments other than transport equipments, Basic chemical & products (except products of petroleum and coal) and food products. The information according to the office of Inspector of Factories is shown below.

Distribution of Important, Industrial Establishments by Major Industrial Group

Sl. No.	Major Group of NIC (National Industrial Classification)	Description of Manufacture	As on 31.12.98		As on 31.12.99	
			Number of Establish-ment	Average number of persons working per day	Number of Establish-ment	Average number of persons working per day
1	2	3	4	5	6	7
1	20-21	Food products	44	2,811	39	3,460
2	22	Beverages tobacco and related products	2	31	2	41
3	23	Cotton textiles	4	2,483	4	2,500
4	24	Wool, silk and man made fibre textiles	27	563	19	433
5	25	Jute and other vegetable fibre textiles (except cotton)	1	20	1	20
6	26	Textile products (including apparel)	13	900	10	556
7	27	Wood and wood products Furnitures and fixtures	41	759	45	769
8	28	Paper and paper products and printing, publishing and allied industries	17	440	15	408
9	30	Basic chemical and chemical products (except products of petroleum and coal)	47	1,475	49	1,559
10	31	Rubber, plastic petroleum and coal products processing and nuclear fuels.	18	753	19	736
11	32	Non metallic mineral products	31	759	35	792
12	33	Basic metal and alloy industries	20	343	23	392
13	34	Metal products and parts except machinery and equipments.	31	465	34	542
14	35-36	Machinery and equipment other than transport equipment (scientific equipment photographic/ cinematographic equipment and watches and clocks is classified in division 38)	72	2,276	78	2,398
15	37	Transport equipment and parts	12	290	12	287
16	38	Other manufacturing industries	36	1,911	43	2,241
17	39	Repairs of capital goods	4	54	3	54
18	40-43	Electricity Gas & Water Generation trans-mission distribution water works supply etc	1	15	1	17
1		Other Industries	7	338	7	370
		Total	428	16,686	439	17,575

Source : Chief Inspector of Factories, 2000.

Among the registered establishments in both years of 1998 and 1999, the first four most important establishments for the sake of employment are (1) Cotton Textiles (2) Machinery & Equipments other than transport equipments (3) Basic Chemical and chemical products (except products of petroleum and coal) and (4) Food products.

(11) Trade and Commerce :

Trade and Commerce includes wholesale and retail trade of all kinds of goods and other commercial activities like financial, insurance, real estate and business services. In the district as such there is no big industrial unit. However Machinery, Bobbin etc. are being manufactured and exported. Fruits like Chikoo and Mango are important produce and these are world famous fruits in the district. The commercial and Co-operative banking facilities

Banking :

Occupation wise classification of outstanding credit of Scheduled Commercial Banks (At the end of March 99) (in '000 Rs)

	Total :	67	75	18

Source : Village Directory, 2001

(12) Transport and Communication:-

Transport and Communication facilities are considered as an administrative necessity as well as a public convenience. Moreover a well-knit transportation system is a pre-requisite for the social and economic development of any district.

(a) Road:-

The linking of one place with other by road is very essential to provide good transport system.

The information regarding roads according to the classification of roads made by Indian Road Congress, road length available in Navsari district for the year 1998-99 to 1999-2000 are given in the statement below.

Road Length of Different Categories

Sl. No.	Year	Type of Road (in Km.)										Total
		Highway				District Roads				Village Roads		
		National		State		Main		Other		GOVT. DN	PNCH. DN	
		GOVT. DN	PNCH. DN	GOVT. DN	PNCH. DN	GOVT. DN	PNCH. DN	GOVT. DN	PNCH. DN			
1	2	3	4	5	6	7	8	9	10	11	12	13
1	1998-1999	47	0	453	0	59	510	14	234	6	353	1,676
2	1999-2000	47	0	453	0	59	510	14	234	6	370	1,693

Note : GOVT. DN = Government Division.
PNCH. DN = Panchayat Division.

Source : Roads and Buildings Department, Gandhinagar, 2001

This statement includes the information of National and State highways, district roads and village roads. In 2001 census 365 villages are linked with pucca road.

Communications Facilities

Sl. No.	Type of Communication Amenities	Number of Villages having Facilities
1	2	3
1	Post Offices	357
2	Telegraph Offices	30
3	Telephone	310

Source : Village Directory, 2001

(b) Railway:-

There are 11 villages having railway facilities in Navsari district. The district Headquarters Navsari is connected with Delhi, Mumbai and Ahmadabad.

(c) Ports:

There is no port in the district.

(d) Posts and Telegraphs:-

The following statement shows number of villages in the district possessing post, telegraph and phone facilities. As regards rural areas of the district, the facilities of post, telegraph and telephone are available in 357, 30 and 310 villages respectively.

(e) State Road Transport:-

Out of 374 villages, 371 villages are having bus facility.

(13) Electricity :

Electricity is one of the important necessities for the economic development. The main source for power supply in the district is Gujarat Electricity Board. All 374 villages in the district are electrified.

(14) Gram Panchayats, its composition, jurisdiction and role in the Development of Village and its Economy :

The system of Panchayati Raj was introduced in the year 1963 in Gujarat State. Under this set up, the three tier system was introduced namely, The District Panchayat, The Taluka Panchayat and The Gram Panchayat.

Gram Panchayat is an important institution of self-government. The Gram Panchayat is formed for a village or a group of villages. The Gram Panchayat is constituted for a local area with the population of less than 10,000. Such local area may be revenue village or a group of revenue villages or hamlets forming part of a revenue village or such other administrative unit or part thereof. The number of members of Gram Panchayat varies from 9 to 15. The tenure of Gram Panchayat is of five years. The people of village elect Sarpanch and Vice-Sarpanch (Up-Sarpanch) and other members of the Panchayat. Various Committees like; Social Justice Committee and Standing Committee are formed. In the year 1993 Government of India enacted 73rd Constitutional Amendment regarding provisions of Panchayati Raj and implementation of this Act in Gujarat started from 15th April 1994. By this constitutional amendment, Panchayats are given constitutional status. Regular and timely election, participation of women and backward classes, formation of separate State Election Commission and rotation system in electing the heads of the various committees are other significant amendments in the act. Decentralised planning process and active participation of people is the soul of the Panchayati Raj Act. The powers for decentralised planning, implementation and development are delegated to the Panchayats.

The primary functions of the District/Taluka Panchayats are to provide facilities for primary education, health, drinking water, electricity, constructions and maintenance of roads, bridges etc., maintenance of Gauchars, organising relief work at the time of scarcity and drought situation, sanitation and social welfare. Arrangements for housing facilities for the people below poverty line and rural development schemes are implemented by panchayats. Gram Panchayats also implement important programmes like, 'food for work' and other programmes beneficial for the local people.

Thus, Panchayats play an important role in the development of village and its economy.

There are 13,761 Gram Panchayats in Gujarat State. Out of 374 villages in Navsari district, there are only 20 Group Panchayat and 348 are independent Gram Panchayats.

(v) Census Concepts :

Building :

A 'building' is generally a single structure on the ground. Sometimes it is made up of more than one component unit which are used or likely to be used as dwellings (residences) or establishments such as shops, business houses, offices, factories, workshops, work sheds, schools, places of entertainment, places of worship, godowns, stores, etc. It is also possible that buildings which have component units may be used for a combination of purposes such as shop-cum-residence, workshop-cum-residence office-cum-residence, etc.

Usually a structure will have four walls and a roof. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate building.

Permanent Houses :

Houses, the walls and roof of which are made of permanent materials. The Material of wall can be anyone from the following namely Galvanized iron sheets or other metal sheets, Asbestos sheets, burnt bricks, stones or concrete. Roof may be made of from any one of the following materials namely tiles, slate, galvanized iron sheets, metal sheets, asbestos sheets, bricks, stones or concrete.

Semi-permanent Houses :

Houses in which either wall or roof is made of permanent materials and the other is made of temporary material.

Temporary Houses :

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, thatch, bamboo, plastic, polythene, mud, unburnt bricks or wood. Roof may be made from any one of the following

temporary materials, namely, grass, thatch, bamboo, wood, mud, plastic or polythene.

Dwelling Room :

A room is treated as a dwelling room if it has walls with a doorway and a roof should be wide and long enough for a person to sleep in, i.e., it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of a 2 meters. A dwelling room would include living room, bedroom, dining room drawing room study room, servant's room and other habitable rooms. Kitchen, Bathroom, latrine, Store-room, passage-way and verandah which are not normally usable for living are not considered as dwelling rooms. A room used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census houses is used as a shop or office. etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/he also lives in it as a separate household then this has been considered as a dwelling room available to the servants household tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room which is shade by more than one household has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either or of the household.

Census House:

A 'Census House' is a building or part of a building used or recognized as a separate unit because of having a separate main entrance from the road or common courtyard or, staircase, etc. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both.

In certain peculiar situations, the manner in which buildings and census houses were identified for numbering in the field by the enumerators is described hereunder.

Sometimes a series of a different buildings are found along a street which are joined with one another by common walls on either side looking like a continuous structure. These different units are practically independent of one another and are likely to have been built at different times and owned by

different persons. In such cases, though the whole structure with all the adjoining units apparently appears to be one building, each portion was treated as a separate building and its constituent units as separate census houses.

On the other hand, one may come across cases, particularly in large cities of multi-storied ownership flats. In these cases while the structure looks like one building, different persons own the flats. In case of such multi-storied structures, having a number of flats owned by different persons, the entire structure was treated as one building and each flat as a separate census house.

If within a large enclosed area, there are separate buildings owned by different persons then each such building is treated as a separate building. There can be a situation where within an enclosed compound there are separate buildings owned by an undertaking or company or even Government that are actually in occupation of different persons. For example, Indian Oil Corporation colony where the buildings are owned by the Corporation but these are in occupation of their employees. Each such building was treated as a separate building. But if in any one of these buildings there were flats in occupation of different households, each such flat was reckoned as a separate census house.

Sometimes it becomes difficult to apply the definition of census house strictly in certain cases. For example, in an urban area, if a flat has five rooms, each room having direct entrance from the common staircase or courtyard. By definition, this has to be treated as five census houses. If all these five rooms are occupied by a single household it was not realistic to treat them as five census houses. In such a case, 'singleness' of use of these rooms along with the main house should be considered and the entire flat was treated as one census house. On the other hand, if two independent households occupy these five rooms, the first household living in 3 rooms and the second household occupying 2 rooms, then considering the use, the first three rooms together were treated as one census house and the remaining rooms as another census house. But if each room was occupied by an independent household, then each such room was treated as a separate census house.

In case of hostels, hotels, etc., even if the door of each room in which an inmate lives opens to a

common verandah, staircase, courtyard or a common room, as it happens almost invariably, the entire hostel/ Hotel building was treated as one census house. but if such hostels/ hotels have out-houses or other structures used for different purposes or the same purpose, then each such structure attached to the main hostel/hotel was treated as a separate census house.

In some parts of the country, in rural areas, the pattern of habitation is such that a group of huts, located in a compound, whether enclosed or unenclosed, is occupied by one household. While the main residence may be located in one hut, other huts may be used for sleeping, as a kitchen, bath room, baithak, etc. Though each of the huts was a separate structure, they form a single housing unit and therefore, have to be treated collectively as one building and one census house. If some of the huts are used by one household and the others by a second household as residence, then the two groups of huts were treated as separate census houses. However, if there were also other huts in the compound used for other purposes and not as part of the household's residence such as, cattle shed, work shed, etc., these were treated as separate census houses.

On the other hand, in urban areas, where more than one structure within an enclosed or open compound (premises) belonging to the same person, e.g., the main house, the servant's quarter, the garage, etc., only one building number was given for this group and each of the constituent a separate census house number.

Only cases where a structure with roof and pillars has come up was treated as a building.

Village:

The basic unit for rural areas is the revenue village, which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data.

In unsurveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Town /Urban Area :

The following areas are treated as towns/urban areas :

(a) All places with a municipality, municipal corporation, cantonment board or notified town area committee, etc.

(b) All other places which satisfy or are expected to satisfy the following criteria simultaneously

- (i) A minimum population of 5,000;
- (ii) At least 75 per cent of the male working population engaged in non-agricultural pursuits; and
- (iii) A density of population of at least 400 per square kilometre (1,000 per square mile).

City :

Towns with population of 100,000 and above are called cities.

Urban Agglomeration :

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together and any adjoining urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, etc., may come up near a city or statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town or city. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may deserve to be clubbed with the town as a continuous urban spread.

For the purpose of delineation of Urban Agglomerations during Census of India 2001, following criteria are taken as pre-requisites:

(a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town; and

(b) The total population of all the constituents (i.e., towns and outgrowths) of an Urban Agglomeration should not be less than 20,000 (as per the 1991 Census).

With these two basic criteria having been met, the following are the possible different situations in which Urban Agglomerations would be constituted:

- (i) a city or town with one or more contiguous outgrowths;
- (ii) two or more adjoining towns with their outgrowths; and
- (iii) a city and one or more adjoining towns with their outgrowths all of which form a continuous spread.

Household :

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen. There may be one member households, two member households or multi-member households.

Institutional Households :

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, jails, ashrams, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2001, it was specifically mentioned that this category. Households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless Household :

Households who do not live in buildings or census houses but live in the open on roadside pavements, in hume pipes, under flyovers and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Household.

Scheduled Castes and Scheduled Tribes :

Article 341(1) of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts

of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342(1) similarly provides for specification of tribes or tribal communities or parts of or groups within tribes or tribal communities, which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled Castes and / or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside.

It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Caste in addition to every member of the Ramdasi, Kabirpanthi, Majhabhi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2001 in the State is given below

List of Scheduled Castes :

1. Ager
2. Bakad, Bant
3. Bawa-Dedh, Dedh Sadhu
4. Bhambi, Bhambhi, Asadaru Asodi, Chamadia, Chamar Chambhar, Chamgar, Haralayya, Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Nalia, Telegu Mochi, Kamati Mochi, Ranigar, Rohidas, Rohit, Samgar.
5. Bhangi, Mehtar, Olgana, Rukhi, Malkana, Halalkhor, Lalbegi, Balmiki, Korar, Zadmalli.

- | | |
|---|---|
| 6. Chalvadi, Channayya | 7. Chodhara |
| 7. Chenna Dasar, Holaya Desar | 8. Dhanka, Tadvi, Tetaria, Valvi |
| 8. Dangashia | 9. Dhodia |
| 9. Dhor, Kakkayya, Kankayya | 10. Dubla, Talavia, Halpati |
| 10. Garmatang | 11. Gamit, Gamta, Gavit, Mavchi, Padvi |
| 11. Garoda, Garo | 12. Gond, Rajgond |
| 12. Halleer | 13. Kathodi, Katkari, Dhor Kathodi, Dhor
Katkari, Son Kathodi, Son Katkari |
| 13. Halsar, Haslar, Hulasvar, Halasvar | 14. Kokna, Kokni, Kukna |
| 14. Holar, Valhar | 15. Koli (In Kachchh district) |
| 15. Holaya, Holer | 16. Koli Dhor, Tokre Koli, Kolcha, Kolgha |
| 16. Lingader | 17. Kunbi (In The Dangs District) |
| 17. Mahar, Taral, Dhegu Megu | 18. Naikda, Nayaka, Cholivala Nayaka,
Kapadia Nayaka, Mota Nayaka, Nana
Nayaka |
| 18. Mahyavansi, Dhed, Dhedh, Vankar, Maru
Vankar, Antyaj | 19. Padhar |
| 19. Mang, Matang, Minimadig | 20. Paradhi (In Kachchh district) |
| 20. Mang-Garudi | 21. Pardhi, Advichincher, Phanse Pardhi
(Excluding Amreli, Bhavnagar, Jamnagar,
Junagadh, Kachchh, Rajkot and
Surendranagar districts) |
| 21. Meghaval, Meghwal, Menghvar | 22. Patelia |
| 22. Mukri | 23. Pomla |
| 23. Nadia, Hadi | 24. Rabari (In the Nesses of the forests of
Alech, Barada and Gir)* |
| 24. Pasi | 25. Rathawa |
| 25. Senva, Shenva, Chenva, Sedma, Rawat | 26. Siddi (In Amreli, Bhavnagar, Jamnagar,
Junagadh, Rajkot and Surendranagar
Districts) |
| 26. Shemalia | 27. Vaghri (in Kachchh district) |
| 27. Thori | 28. Varli |
| 28. Tirgar, Tirbanda | 29. Vitola, Kotwalia, Barodia |
| 29. Turi | |
| 30. Turi Barot, Dedh Barot | |

List of Scheduled Tribes :

1. Barda
2. Bavacha, Bamcha
3. Bharwad (In the Nesses of the forests of
Alech, Barada and Gir)*
4. Bhil, Bhil Garasia, Dholi-Bhil, Dungri Bhil,
Dungri Garasia, Mewasi Bhil, Rawal Bhil,
Tadvi Bhil, Bhagalia, Bhilala, Pawra,
Vasava, Vasave.
5. Charan (In the Nesses of the forests of
Alech, Barada and Gir) *
6. Chaudhri (In Surat and Valsad districts)

* The area comprised of Jamnagar and Junagadh districts.

Language and Mother Tongue :

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person and mother tongue is defined as the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language

mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate :

A person age 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy Rate :

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

Educational Level :

The highest level of education a person has completed.

Work :

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. Persons who are engaged in cultivation or milk production even solely for domestic consumption are also treated as workers.

Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main Worker :

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as "Main worker".

Marginal Worker :

A person who worked for less than six months of the reference period (i.e. in the last one year preceding the date of enumeration) in any economic activity is termed as 'Marginal worker'

Non Worker :

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as 'Non worker'.

Cultivator :

For purposes of the Census a person is classified as cultivator, if, he or she is engaged in cultivation on land owned or held from Government or held from private persons or institutions for payment in money, kind or share. Cultivation includes effective supervision or direction in cultivation.

A person who has given out her/his land to another person or persons or institution(s) for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation in exchange of land, is not treated as cultivator. Similarly, a person working on another person's land for wages in cash or kind or a combination of both (agricultural laborers) is not treated as cultivator.

Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fiber crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the following plantation crops – tea, coffee, rubber, coconut and betel-nuts (area).

Agricultural Labourer :

A person who works on another person's land for wages in money or kind or share is regarded as

an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural laborer has no right of lease or contract on land on which she/he works.

Household Industry Worker :

Household industry is defined as an industry conducted by the head of the household herself/himself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods.

It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other Worker :

A person who has been engaged in some economic activity during the reference period but not as a cultivator or agricultural laborer or in Household Industry is termed as an 'Other-Worker (OW)'. The type of workers that come under this category of 'OW' include all Government servants, Municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work, priests, entertainment artists, etc. In effect, all those workers other than cultivators or agricultural laborers or household industrial workers, are 'Other Workers'.

Work Participation Rate :

Percentage of workers (main + marginal) to total population

Population Density :

Population density is the number of persons inhabited per square kilometer of the area.

Age :

Age is measured in terms of the completed number of years.

Sex Ratio :

Number of females per 1,000 males in a population.

(vi) Non Census Concepts :

Improved Drinking Water :

If the household had access to drinking water supplied from a tap, hand pump, tube well or well (protected or covered) situated within or outside the premises, it is considered as having access to improved drinking water.

System of Sewerage :

Generally, a sewerage system would mean a network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in some towns, which are not provided with such underground sewerage system, it is served by open surface drain, box drain, silk pattern drain, etc., in these towns.

Type of Latrine and Method of Disposal of Night Soil :

There are three prevalent systems of disposal of human wastes, viz.(i) underground sewerage, (ii) sanitary water flush latrines with individual disposal systems, like septic tank, leaching cess pool and collecting well, and (iii) dry type of latrines with manual scavenging.

The system of underground sewerage provides for the street sewerage with which are connected the sanitary latrines constructed in the houses having water closets and fitted with flushing cistern (or hand flushing). Through this sewer the faecal matter is transported without the need for scavenging. This system generally exists in cities and big towns.

Where the streets sewer does not exist these sanitary water flush latrines are connected to a local

septic tank with a sub-soil dispersion system or a leaching pit. Here the liquid wastes from the water closet is disposed of locally in leaching pit, a septic tank with a soil dispersion system is constructed. This dispersion requires an optimum travel through the pores of the soil, which renders the harmful liquid bacterially innocuous by the slow process of filtration through the soil traversed.

Where the soil is impermeable, collecting wells are constructed and the sanitary water flush latrines are connected with them. These wells are cleaned at periodic intervals by a suitable device. The dry type of latrines are of service type latrines from where human excreta is removed by scavengers from house to house, in most cases carrying it on their heads or shoulders or in baskets with handle or wheel barrows. These are then collected in bullock carts or trucks or tractors and trolleys for being carried to the dumping grounds.

Fertility :

In demography, the word fertility is used in relation to the actual production of children or occurrence of births specially lives births. Fertility is a measure of rate at which population adds to itself by births and normally assessed by relating the number of births to a full or part of the population, such as number of married women or number of women of child bearing age. The definitions of the terminology used in computing different fertility rates are mentioned below.

Crude Birth Rate (CBR) :

Ratio of the numbers of live births in a year to the mid year population. (normally expressed per 1,000 population).

$$\text{CBR} = \frac{\text{Numbers of live births during the year}}{\text{Mid -year Population}} \times 1,000$$

Crude Death Rate (CDR) :

Ratio of the numbers of deaths in a year to the mid year population, normally expressed per 1,000 population.

$$\text{CDR} = \frac{\text{Numbers of deaths during the year}}{\text{Mid -year Population}} \times 1,000$$

Natural Growth Rate (NGR) :

Natural Growth rate is obtained as the difference between crude birth rate and crude death rate in the absence of migration.

$$\text{NGR} = \text{CBR} - \text{CDR}$$

Age Specific Fertility Rate (ASFR) :

Number of live births in a year to female population in any specified age group normally expressed per 1,000 women.

$$\text{ASFR} = \frac{\text{Number of live births in a particular age group}}{\text{Number of population of same age group}} \times 1,000$$

Age Specific Marital Fertility Rate (ASMFR):

Number of live births in a year to married female population in any specified age group normally expressed per 1,000 married women.

$$\text{ASMFR} = \frac{\text{Number of live births in a particular age group}}{\text{Mid-year married female population of the same age group}} \times 1,000$$

General Fertility Rate (GFR) :

Number of live births per 1,000 women in the reproductive age-group (15-49) years in a given year.

$$\text{GFR} = \frac{\text{Number of live births in a year}}{\text{Mid-year female population in the age-group (15-49) years}} \times 1,000$$

General Marital Fertility Rate (GMFR) :

Number of live births per 1,000 married women in reproductive age-group (15-49) years in a given year.

$$\text{GMFR} = \frac{\text{Number of live births in a year}}{\text{Mid-year married female population in the age group (15-49) years}} \times 1,000$$

Total Fertility Rate (TFR) :

It is obtained as the total of the age specific fertility rates (number of children born per woman of the particular age) for the entire reproductive age span. It provides the average number of children

that will be born to a woman under the fertility levels indicated by the age specific fertility rates assuming that there is no mortality of women till the completion of reproductive period.

$$\text{TFR} = \frac{5 \times \sum_{15-19}^{45-49} \text{ASFR}}{1,000}$$

Total Marital Fertility Rate (TMFR) :

Average number of children that would be born to a married woman if she experiences the current fertility pattern throughout her reproductive span (15-49) years assuming that there is no mortality of women till the completion of reproductive period.

$$\text{TMFR} = \frac{5 \times \sum_{15-19}^{45-49} \text{ASFR}}{1,000}$$

Age-Specific Mortality Rate (ASMR) :

Number of deaths in a particular age and sex group per 1,000 population of the same age group.

$$\text{ASMR} = \frac{\text{Number of deaths in a particular age group}}{\text{Mid-year population of the same age group}} \times 1,000$$

q1 :

Probability of dying between birth and age 1. This can be used as approximate value of Infant Mortality Rate (IMR) which gives the ratio of number of deaths in a year of children aged less than one year to the number of births in that year.

q2 :

Probability of dying between birth and age 2.

q5 :

Probability of dying between birth and age 5. This indicator is also known as Under Five Mortality Rate (q5MR)

Infant Mortality Rate (IMR) :

Ratio of the number of infant deaths (deaths of children below one year) in a year to the number of live births in that year.

$$\text{IMR} = \frac{\text{Number of infant deaths during the year}}{\text{Number of live births during the year}} \times 1,000$$

Infant mortality rate comprises of two parts, viz., Neo-natal mortality rate and Post neo-natal mortality rate. The neo-natal mortality rate also comprises of two parts viz., early neo-natal mortality rate and late neo-natal mortality rate. These are defined as :

Neo-natal Mortality Rate (NMR) :

Number of infants dying within the first month of life (28 days or under) in a year per 1,000 live births of the same year.

$$\text{NMR} = \frac{\text{Number of infant deaths aged 28 days under during the year}}{\text{Number of live births during the year}} \times 1,000$$

Early Neo-natal Mortality Rate (ENMR):

$$\text{ENMR} = \frac{\text{Number of infant deaths of less than 7 days during the year}}{\text{Number of live births during the year}} \times 1,000$$

Late Neo-natal Mortality Rate (LNMR) :

$$\text{LNMR} = \frac{\text{Number of infant deaths of 7 days to less than 29 days during the year}}{\text{Number of live births during the year}} \times 1,000$$

Post Neo-natal Mortality Rate (PNMR) :

$$\text{PNMR} = \frac{\text{Number of deaths of 29 days to less than One year during the year}}{\text{Number of live births during the year}} \times 1,000$$

Peri-natal Mortality Rate (PMR) :

Number of stillbirths plus deaths within 1st week of delivery per 1,000 births in a year.

Number of stillbirths and infant deaths of less than 7 days during the year.

$$\text{PMR} = \frac{\text{Number of stillbirths and infant deaths of less than 7 days during the year}}{\text{Number of live births and stillbirths during the year}} \times 1,000$$

Still birth Rate (SBR) :

Number of stillbirths during the year.

$$\text{SBR} = \frac{\text{Number of stillbirths during the year}}{\text{Number of live births and still births during the year}} \times 1,000$$

Maternal Mortality Rate (MMR) :

Number of deaths of women in the age group 15-49 while pregnant or within 42 days of termination of pregnancy from any cause related to pregnancy and childbirth per 100,000 live births in a given year.

$$\text{MMR} = \frac{\text{Number of maternal deaths to women in the age group 15-49}}{\text{Number of live birth}} \times 100,000$$

Eligible Couple (Couples per 1,000 population):

Number of currently married females in the age group 15-44 years per 1,000 persons of all ages.

Child Woman Ratio (0-4) :

1. Number of children in the age group 0-4 years per 1,000 women in the age group 15-49 years.

Child Woman Ratio (5-9) :

2. Number of children in the age group 5-9 years per 1,000 women in the age group 15-49 years.

Migration :

Migration is the third component of population change, the other two being mortality and fertility.

A person is considered as a migrant by place of birth if the place in which he/she is enumerated during the census is other than the place of his/her birth.

Similarly a person is considered as a migrant by place of last residence if the place in which he/she is enumerated during the census is other than his/her place of immediate last residence outside the village or town and not simply in another house or locality in the same village or town.

Certain aspects concerning temporary movement/migration of people has been explained below as these are important components concerning migration :

- (i) Migration of persons in search of job is high in the country. In many cases such migrants are only seasonal in nature. People migrate to other places for work in a particular season and come back again to their usual place of residence after three or four months. All such workers are treated as migrants. Similarly, if a person moved to any other place for attending short term vocational or educational course that lasted for only few months of a year, she/he too were considered as a migrant.
- (ii) Where a person had merely gone out to another place or had been shifting from one place to another purely on tour, pilgrimage, visit to hospital for treatment or for temporary business purposes, such persons are not deemed to have had another residence different from the place where she/he or her/his family normally resides. She/he is not considered as migrant.
- (iii) A woman temporarily moves into a hospital or to her parents or other relative's house for delivery and if the hospital or the parents/relatives houses is in a place different from usual place of residence, the place where the hospital or parents/relative's house is the place of last residence of the child but not of the mother.

A new response category 'Moved after birth' was added in Census of India 2001 in the question on 'reasons for migration' to bring out additional migration patterns. Natural calamities or distress

migration as a reason for migration for last residence migrants included in 1991 Census, is covered under category of 'Others'. The reason for migration has been determined as applicable at the time of migration and not in reference to any point of time after that. For example, if a person had moved from the place of her/his last residence for the purpose of education and subsequently at some point of time got employment there only, the reason for migration would be 'education' and not 'work/employment'.

Internal and International Migration :

The migrational movements are of three types

- (i) Migration within the state itself with its components
 - (a) Migration within the district of enumeration (inter district migration)
 - (b) Migration from one district of state to another district of state (inter district migration),
- (ii) Migration from one state to another State of the country (inter-state migration),
- (iii) Migration from one country to another country.

The first two streams together constitute internal migration, while the last type of movement is called international migration. The present name of the country, state or district and not the name by which they were known at the time of her/his birth or last residence were recorded.

Rural-Urban Components of Migration :

Rural or Urban status in respect of migrants had been determined as applicable at the time of migration and not with reference to any point of time after that.

The flow of migrants consists of four streams viz. rural to rural, rural to urban, urban to rural and urban to urban.

Civic Status of Urban Units :

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the

town e.g., Municipal Corporation/Corporation, Municipal Committee/Municipal council, Municipality etc.

Size Class of UA/Town :

Size-class of UA/Town is based on the population size of the UA/City/Town UAs/Towns with 1,00,000 and above population is classified as Class I UAs./ towns. These Class I UAs./towns are now further sub classified in to seven sub classes namely M1 to M7 depending on the population size of UA/City/Town. These are M7(5,000,000 and above); M6(2,000,000 to 4,999,999); M5(1,000,000-1,999,999) M4(500,000-999,999); M3(300,000-499,999), M2(200,000-299,999) & M1(100,000-199,999). towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5,000 and 9,999 are Class V towns and towns with less than 5,000 population are Class VI towns.

Slum Area :

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as a) Areas where buildings are in any respect unfit for human habitation; or b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega City :

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development

adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 millions and above population have been treated as Mega cities.

(vii) 2001 Census finding- Population, its distribution

(a) Distribution of population in rural-urban areas:

According to the 2001 Census, the total population of Navsari district is 1,229,463 comprising 628,988 males and 600,475 females. The population of the district is about 2.4 percent of the State population and rank at 21st place among the 25 districts of the State. There are 5 talukas in the district having 374 villages, all of them are inhabited. Total urban population in the district is spread over in 9 towns. Out of total population in the district 72.6 per cent population lives in rural areas while 27.4 percent lives in urban areas.

(b) Size class & status of towns, Population growth, Density, Sex ratio, Work participation rate, Details of Literacy, availability of University education in the District :

The statement shown below gives the position and number of urban units in size class of towns for 2001 Census.

Sl No.	Name and Civic. status of Town	Size and class of town	Population
1	2	3	4
1	Antaliya (CT)	VI	4,990
2	Bilimora (M)*	II	57,564
3	Chikhli (CT)	V	6,949
4	Devsar (CT)	V	8,856
5	Gandevi (CT)	IV	15,865
6	Jalalpore (CT)	IV	16,248
7	Mahuvar (CT)	V	9,718
8	Navsari (M)*	I	162,250
9	Vijalpor (M)	II	53,913
District Total :		-	336,353

* Towns having outgrowths

According to 1991 Census the total population of the district was 1,085,692. There has been net

addition of 143,771 persons during 1991-2001. The decadal growth rate of district is 13.2 percent.

The growth rates for the rural and urban areas of the district are 9.6 and 14.7 per cent respectively. The growth rate of urban population is comparatively high in the district. The highest growth of urban population has taken place in Jalalpore taluka. Rise in urban population is seen for 58.5 per cent during the decade.

The density of population in Navsari district is 557 per sq. km. against the State average of 258 persons.

There are 955 females for every thousand males in the district. The sex ratio figures for rural and urban areas of the district are 970 and 915 respectively. It is also observed that the proportion of female in rural area is higher than that of urban areas. Among the talukas, the highest sex-ratio of 991 has been recorded in Bansda taluka and the lowest of 927 is recorded in Jalalpore taluka. In urban areas Chikhli taluka has the highest sex ratio of 957 while the lowest of 871 is registered in Jalalpore taluka. Sex ratio in age-group of 0-6 is 915 in the district, as a whole. In rural areas, this ratio is 932 while in urban areas it is 868.

The work participation rate is defined as percentage of total workers to total population. In the same way it is defined for main workers and marginal workers. According to 2001 Census, the total workers including main and marginal workers constitute 44.3 per cent of the total population in the district. Of the total workers the share of the main workers is 37.2 per cent and the marginal workers is 7.2 per cent. The remaining 55.7 per cent population is found to be non-workers.

As per 2001 Census, among the main workers male participation rate in the district is 53.2 per cent and corresponding proportion of female is 20.4 per cent. Male and female marginal workers account for 3.3 and 11.2 per cent respectively. The proportion of female marginal workers is substantially higher than that of males, as the females are attending to one or more economic

activities in addition to their household duties to enhance the family income.

A person who can read and write in any language with understanding is considered as 'literate' in census. All children of age below 7 year are treated as 'illiterates'.

As per 2001 census, in Navsari district, 819,146 persons are literates which constitute 75.8 per cent of the total population. The proportions of male and female literates in the district are 82.8 and 68.6 per cent respectively. The literacy rate of males is higher than that of the females. The gap of male and female literacy rates is 14.2 percentage points in the district.

The literacy rates for rural and urban areas are 72.3 and 85.1 per cent respectively. The proportions of male and female literates in rural are 79.9 and 64.6 per cent respectively whereas in urban areas these proportions are 90.2 and 79.5 per cent respectively.

There are Science, Commerce and Arts college in Navsari and Bilimora arts and commerce college at chikhli and government arts college at Bansda.

Religion:

Religion forms an integral part of Indian Social system. In the pre-Independence census reports, the data on religions was being presented for 9 major religions viz. Hindu, Muslim, Tribals, Christian, Sikh, Jain, Buddhist, Parsi, Jew and others. However, since the 1951 census, the data on religion has been presented for 6 major religions viz. Hindu, Muslim, Christian, Sikh, Jain and Buddhist. Besides, the minor religions have been classified under the category of 'other'. The data on religion collected and presented by the Indian Census is the basic data of intense use for the researchers, anthropologists, sociologists, demographers, administrators, planners and even for a common man.

In 2001, the Indian Census collected the religion data in question No.7 of the Household Schedule and recorded the same under the six major religions. Other religions were recorded in actual as answered by the respondent and classified under the category of 'others'. Religion not stated has been added for those persons who have not stated their religion at the time of canvassing their status of religion.

Percentage distribution of population by major religions in Gujarat State and Navsari district, 2001.

Sl. No.	Religion	Gujarat		Navsari	
		Population	Percentage	Population	percentage
1	2	3	4	5	6
1	Hindu	45,143,074	89.1	1,135,525	92.4
2	Muslim	4,592,854	9.1	69,972	5.7
3	Christian	284,092	0.5	3,816	0.3
4	Sikh	45,587	0.1	2,366	0.2
5	Buddhist	17,829	0.0	319	Neg.

8	Religion not stated	33,578	0.1	540	Neg.

Neg =Negligible

Source: Census of India, 2001

ANALYTICAL NOTE

The comparative data on religion of Gujarat State and Navsari district is given in the above Statement. It is observed that 92.4 per cent population is Hindu in the district against 89.1 per cent Hindu in the State. Next to Hindu is Muslim which constitutes 5.7 per cent in district against 9.1 per cent in the State. Jain contributes only 1.1 per cent. Other religions namely

Christian, Sikh and Buddhist are negligible in the State and in the district as compared to Hindu and Muslim.

As per 2001 Census, the distribution of population of major religious communities in rural and urban areas of the district is as under:

Religion	Number of followers	Population	
		Rural	Urban
1	2	3	4
Hindu	1,135,525 (92.4)	846,917 (74.6)	288,608 (25.4)
Muslim	69,972 (5.7)	39,612 (56.6)	30,360 (43.4)
Christian	3,816 (0.3)	2,743 (71.9)	1,073 (28.1)
Sikh	2,366 (0.2)	337 (14.2)	2,029 (85.8)
Buddhist	319 (Neg.)	109 (34.2)	210 (65.8)
Jain	13,575 (1.1)	2,522 (18.6)	11,053 (81.4)
Others	3,350 (0.3)	416 (12.4)	2,934 (87.6)
Religion not stated	540 (Neg.)	454 (84.1)	86 (15.9)

Note : Percentage are in brackets.

* Recasted population.

Table 1 gives talukawise decadal changes in the population during the last decade of 1991-2001 along with the percentage of urban population for last two censuses. The decadal growth rate of the district is 13.2 per cent during 1991-2001. The growth rates for rural and urban areas of the district are 14.7 and 9.6 per cent respectively. Overall growth rate of urban area is lower than the rural area during the decade. Out of total

population in the district 72.6 per cent lives in rural areas while 27.4 per cent lives in urban areas. The highest decadal growth rate of 18.7 per cent has been observed in Jalalpore taluka and the lowest of 10.5 per cent in Gandevi taluka. Navsari taluka has recorded the highest urban population of 59 per cent whereas Chikhli taluka has the lowest urban population 2.4 per cent of the total population. Bansda taluka has no urban population.

Table 2 gives the information of absolute number and percentages of inhabited villages falling in population size range of villages and number of males and females for population size range at taluka level in the district. Out of 374 inhabited villages, only one village of Navsari taluka has the population below 200 persons. 16 villages (4.3 per cent) are in the population size of 200-499

persons, while in the size range of 500-999 population there are 51 villages (13.6 per cent). As many as 135 villages (36.1 per cent) are in the population size of 1,000-1,999 and 134 villages (35.8 per cent) are in population size of 2,000-4,999. 34 villages (9.1 per cent) are falling in the population range of 5,000-9,999 and only 3 villages in the district are having population of 10,000 and more.

Table 3 is self-explanatory and needs no elaboration.

TABLE 4
DISTRIBUTION OF VILLAGES BY POPULATION DENSITY, 2001

Range of Population Density (Persons per Sq. Km.)	Total Number of Villages in each Population Density Range	Percentage of Villages in each Population Density Range	Population	Percentage Distribution of Population
1	2	3	4	5
0-10	2	0.5	4,567	0.5
11-20	0	0.0	0	0.0
21-50	4	1.1	2,033	0.2
51-100	6	1.6	6,001	0.7
101-200	30	8.0	42,700	4.8
201-300	54	14.4	86,813	9.7
301-500	161	43.0	374,541	41.9
501 +	117	31.3	376,455	42.2
Not known	0	0.0	0	0.0
District Total :	374	100.0	893,110	100.0

Population Density (Rural) of the district: 416

Table 4 gives the distribution of villages by population density ranges. Villages of the district have been grouped under eight different ranges of density. The maximum number of villages i.e 161 accounting for 43 per cent of the total inhabited villages fall in the density range of 301-500 persons having 41.9 per cent population. The

lowest range of 0-10 persons per sq.km. covers 2 villages (0.5 per cent) with 0.5 per cent population. It is seen that 117 villages (31.3 per cent) have density 501 or more and this range covers maximum population (42.2 per cent). The density of population of the rural areas of the district is 416 per sq.km.

TABLE 5
SEX RATIO OF STATE AND DISTRICT, 1901-2001

Sl. No.	Census Year	Gujarat State			Navsari District		
		Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7	8
1	1901	954	951	965	992	986	1,039
2	1911	946	943	960	990	987	1,018
3	1921	944	947	931	988	984	1,025
4	1931	945	948	934	982	979	1,003
5	1941	941	954	898	977	986	926
6	1951	952	964	920	1,041	1,056	952
7	1961	940	956	896	1,030	1,052	928
8	1971	934	951	893	1,002	1,021	916
9	1981	942	959	905	975	1,004	880
10	1991	934	949	907	958	977	903
11	2001	920	945	880	955	970	915

Table 5 gives the details about the sex ratio of State and district according to 1901 to 2001 Censuses. As per 2001 Census, sex ratio of 955 females per 1,000 males has been recorded in the district against 920 of the State. The sex ratio of the district is significantly high as compared to the

State figures from 1901 to 2001 Censuses. The highest sex ratio of 1,041 females is recorded in the district during 1951 census while the lowest sex ratio of 955 females is recorded in the district during 2001 which is also found to be the lowest throughout the Censuses from 1901 to 2001.

TABLE 6
SEX RATIO BY TALUKA, 2001

Sl. No.	Name of Taluka	Sex Ratio		
		Total	Rural	Urban
1	2	3	4	5
1	Navsari	931	952	917
2	Jalalpore	927	961	871
3	Gandevi	959	964	950
4	Chikhli	970	970	957
5	Bansda	991	991	-
District Total:		955	970	915

Table 6 gives talukawise sex ratio separately for rural and urban areas of the district as per 2001 Census. There are 955 females per 1,000 males in the district. Considering talukawise sex ratio, it is seen that the highest sex ratio of 991 is recorded in Bansda taluka and the lowest of 927 is in Jalalpore taluka. Only in Navsari and Jalalpore talukas, sex ratio is lower than the district sex ratio. The sex ratio in the rural areas of the district is 970, higher than the district as a whole and in urban area of the district it is 915, lower than the district sex ratio.

TABLE 7
SEX RATIO BY TALUKAS / C. D. BLOCKS, 2001

Sl. No.	Name of Taluka / C. D. Block	Sex Ratio
1	2	3
1	Navsari	952
2	Jalalpore	961
3	Gandevi	964
4	Chikhli	970
5	Bansda	991
District (Rural) Total:		970

Table 7 gives C.D. Block/Talukawise sex ratio for rural population in the district. The sex ratio in rural areas of the district is 970 females per 1,000 males as a whole. The highest sex ratio of 991 females is found in Bansda taluka while the lowest of 952 is recorded in Navsari taluka, which is lower than the district (rural). Jalalpore and Gandevi talukas have lower sex ratios as compared to the sex ratio of district (rural).

TABLE 8
SEX RATIO OF RURAL POPULATION BY RANGES, 2001

Range of Sex Ratio for Villages	Number of Inhabited Villages	Percentage of Villages in Each Range	Population 2001	Percentage Distribution of Population
1	2	3	4	5
Less than 700	3	0.8	5,317	0.6
700-749	0	0.0	0	0.0
750-799	1	0.3	3,050	0.3
800-849	5	1.3	9,969	1.1
850-899	16	4.3	37,566	4.2
900-949	74	19.8	185,546	20.8
950-999	152	40.6	422,003	47.3
1,000-1,099	116	31.0	220,569	24.7
1,100+	7	1.9	9,090	1.0
District Total:	374	100.0	893,110	100.0

Table 8 gives the details of the distribution of villages by 9 different sex ratio ranges based on 2001 Census. The maximum number of villages i.e. 152 (40.6 per cent) falls in the sex ratio range of 950-999 accounting for 47.3 per cent in rural

population. From the table it is clear that the maximum number of villages are having the sex ratio ranges of 950-999 and 1,000-1,099 accounting for 72 per cent of rural population.

TABLE 9

		Urban	336,353	19,126	56,225	5.7	16.7

Table 14 shows the details about the distribution of Scheduled Castes and Scheduled Tribes with their percentage distribution to total population at taluka level in rural and urban areas of the district. It can be seen that out of total district population of 1,229,463 as many as 3.2 per cent belongs to Scheduled Castes and 48.1 per cent belongs to Scheduled Tribes. The percentage of Scheduled Castes population constitutes 2.3 per cent in rural areas and 5.7 per cent in urban areas in the district. The

highest percentage of Scheduled Castes population is recorded in Navsari taluka (5.1 per cent) while the lowest of 0.6 per cent is in Bansda taluka. The proportions of Scheduled Tribes population are 59.9 and 16.7 per cent in rural and urban areas respectively. The highest Scheduled Tribes population in the district is concentrated mainly in Bansda (90.3 per cent) taluka while the lowest percentage of 19.0 per cent Scheduled Tribes is recorded in Jalalpore taluka.

TABLE 15
NUMBER AND PERCENTAGE OF SCHEDULED CASTES AND SCHEDULED TRIBES
POPULATION IN TALUKAS / C.D. BLOCKS, 2001

Sl. No.	Name of Taluka/ C.D. Block	Total Population	Total Scheduled Castes Population	Total Scheduled Tribes Population	Percentage of Scheduled Castes Population to Total Population	Percentage of Scheduled Tribes Population to Total Population

41-50	0	0.0	0	0.0
51-75	0	0.0	0	0.0
76 and above	0	0.0	0	0.0
District Total:	374	100.0	20,448	100.0

Table 16 gives the details about the number of villages according to the proportion of Scheduled Castes population to their total population in 9 different ranges of percentage at district level. As many as 117 villages accounted for 31.3 per cent of the total villages in the district

do not have any Scheduled Castes population. The proportion of Scheduled Castes population is less than 5 per cent in 206 villages which constitute 55.1 per cent of the total villages. No Scheduled Castes population is found in the percentage range of 31-40 and more.

TABLE 17

PROPORTION OF SCHEDULED TRIBES POPULATION TO TOTAL POPULATION IN VILLAGES, 2001

Percentage Range of Scheduled Tribes Population to Total Population	Number of Villages	Percentage	Scheduled Tribes Population	Percentage
1	2	3	4	5
Nil	4	1.1	0	0.0
Less than 5	18	4.8	707	0.1
5-10	9	2.4	920	0.2
11-20	16	4.3	7,010	1.3
21-30	23	6.1	20,874	3.9
31-40	28	7.5	18,069	3.4
41-50	33	8.8	37,343	7.0
51-75	87	23.3	142,349	26.6
76 and above	156	41.7	307,667	57.5
District Total:	374	100.0	534,939	100.0

Table 17 gives the details about the number of villages according to the proportion of Scheduled Tribes population to their total population in 9 different percentage ranges at district level. It is significant that only 4 villages constituting 1.1 per cent of total villages in the district do not have any population of Scheduled Tribes. The maximum number of villages (156) are having Scheduled Tribes population in the

range of 76 or more. The percentage range of 76 and more covers 57.5 per cent of the Scheduled Tribes population. The next to this range is 51-75 having 87 (23.3 per cent) villages covers 26.6 per cent of the Scheduled Tribes population. It can be seen that increase of percentage ranges onward from percentage range of 10 and above, number of villages are also increasing.

Table 21 shows talukawise literacy rates with the absolute number of literates and illiterates for the district alongwith rural and urban areas separately. As per 2001 Census, the proportion of effective literates to total population is 75.8 per cent in the district, while this proportion in rural area is 72.3 per cent against 85.1 per cent of urban areas. In the district, the literacy rate of males is 82.8 per cent which is higher than that of females having literacy rate of 68.6 per cent. Among the talukas, Gandevi

tops with 83.2 per cent literates followed by two talukas Bansda and Chikhli have the lower literacy rates as compared to the literacy rate of district as a whole. Bansda taluka shows the lowest literacy rate of 61.3 per cent in the district. The gap between male and female literacy rate is 14.2 percentage points in the district. The highest gap of 21.9 percentage points between male and female literacy rates is seen in Bansda taluka.

TABLE 22
NUMBER AND PERCENTAGE OF LITERATES AND ILLITERATES BY
SEX IN TALUKAS/C.D.BLOCKS, 2001

Sl. No.	Name of Taluka/ C.D.Block	Number of Literates and Illiterates						Percentage of Literates			Gap in Male-Female Literacy Rate
		Number of Literates			Number of Illiterates			Persons	Males	Females	
1	2	3	4	5	6	7	8	9	10	11	12
1	Navsari	68,658	38,524	30,134	43,959	19,182	24,777	70	76.8	63	13.8
2	Jalalpore	99,876	53,710	46,166	40,248	17,756	22,492	81	85.7	76.1	9.6
3	Gandevi	110,918	60,226	50,692	42,098	17,687	24,411	81.9	87.7	75.9	11.7
4	Chikhli	179,901	100,973	78,928	106,164	44,205	61,959	71.4	79.3	63.4	15.8
5	Bansda	106,528	62,919	43,609	94,760	38,170	56,590	61.3	72.2	50.3	21.9
District (Rural) Total:		565,881	316,352	249,529	327,229	137,000	190,229	72.3	79.9	64.6	15.3

Table 22 reveals the effective literacy rates along with absolute number of literates and illiterates for the rural population at taluka level in the district. As much as 72.3 per cent of the total rural population in the district is literate. A gap of 15.3 percentage points in literacy rates between males and females has been registered. Among the talukas of the district, Gandevi taluka

shows the maximum literacy rate of 81.9 per cent while the lowest has been observed in Bansda taluka having 61.3 per cent literacy rate. Considering sexwise literacy rates it is seen that literacy rate of (87.7 per cent) for males is the highest in Gandevi taluka and female literacy rate of 76.1 per cent is the highest in Jalalpore taluka.

TABLE 23
DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE,2001

Range of Literacy Rate for Villages	Number of Inhabited Villages	Percentage Distribution of Villages	Population	Percentage Distribution of Population
1	2	3	4	5
0	0	0.0	0	0.0
1-10	0	0.0	0	0.0

District Total:	374	100.0	893,110	100.0

Literacy rate for District : 75.8

Table 23 gives the distribution of villages in different ranges of literacy rate in the district. The table reveals that all villages in the district have at least 21 per cent literate population, which shows that there is not a single village in which the entire population is illiterate. Considering two literacy rate ranges of 61-70 and 71-80 for literacy

rate together, it is seen that 193 villages falling in these two ranges of literacy rate covers 56.4 per cent of the population. As low as 28 villages are registered in the range of 91-99 wherein 7.2 per cent population is covered. 34 villages covering only 6.4 per cent population are having either 50 per cent literacy rate or less.

Note: UA = Urban Agglomeration

* Navsari UA is spread over in Navsari and Jalalpore talukas.

Table 24 shows the absolute number of literates and illiterates along with sex wise literacy rates in Urban Agglomeration/ Town in the district. As much as 85.1 per cent of the urban population in the district is literate. Considering sex wise literacy it is seen that 90.2 per cent of male population is literate while

corresponding figure for females is 79.5 per cent. Devsar (CT) has recorded the highest literacy rate of 89.5 per cent whereas the lowest of 83.6 per cent literacy has been seen in Vijalpor (M). The highest literacy gap of 14.3 percentage points has been recorded in Antaliya (CT).

TABLE 25
NUMBER AND PERCENTAGE OF SCHEDULED CASTES LITERATES AND ILLITERATES
BY SEX IN TALUKAS / C.D. BLOCKS, 2001

Table 25 gives the details about number and percentage of Scheduled Castes literates and illiterates by sex at taluka level in the district. As many as 89.2 per cent of the total Scheduled Castes population excluding the population of age group of 0-6 years is literate in the district. As much as 94.1 per cent of male Scheduled Castes is literate while corresponding figure for female is 84.5 per cent. There is a gap of 9.6 percentage

points between the literacy rate of males and females. Gandevi taluka has the highest literacy rate of 93.1 per cent while the lowest literacy rate of 80.4 per cent is recorded in Bansda taluka. The gap in literacy rates between males and females is in between 5.8 to 18.2 percentage points among talukas through the highest gap of 18.2 percentage points has been observed in Bansda taluka.

Literacy rate for District (Rural) : 89.2

Table 26 reveals the distribution of villages in 12 different ranges of literacy rates for the population of Scheduled Castes in rural areas of the district. No literate is reported in 1 village having only 2 Scheduled Castes population. Cent per cent literacy has been observed in 35 villages accounting for 13.6 per cent of villages where 3.2

per cent of the Scheduled Castes has been netted. 41.2 per cent (106) village is having 91-99 per cent literates. This literacy rate range covers 55 per cent population. Next to it is the literacy range of 81-90 in which 73 villages covers 30.4 per cent population. Only 6 villages have the literacy rate 50 per cent or less.

	Total :										

Table 27 gives the details about absolute number and percentage of literates and illiterates for Scheduled Castes in urban areas of the district. As high as 80.8 per cent Scheduled Castes population excluding the population of age group of 0-6 years is literate in the urban area of the district. The corresponding proportion for male and female literates comes to 89.3 and 71.9 per cent respectively which shows the gap of 17.4 percentage points in male-female literacy rate. As

high as 94.1 per cent, the highest rate is seen for Mahuvar (CT). With 78.4 per cent literates in Vijalpor (M) comes at the lowest order. Sex wise study shows that with 100 per cent literate males in Chikhli (CT) comes at the top and Bilimora with 87.5 per cent literate males stands at the bottom. In case of females, Mahuvar (CT) with 92.3 per cent female literates comes first and with 66.9 per cent literate females Vijalpor (M) comes at last.

Literacy rate for District (Rural) : 60.3

Table 29 gives the details about the distribution of villages by literacy rate range for Scheduled Tribes population in 12 different literacy ranges in the district. Not a single village is seen without literacy for Scheduled Tribes population. Out of 370 villages 3 villages (0.8 per cent) show the cent per cent literacy rate among Scheduled Tribes though their population is comparatively negligible.

Scheduled Tribes in 7 villages have their literacy rates in the range of 81-90 and 5 villages have in the range of 91-99 per cent. Villages having literacy rates upto 50 per cent are 99 covering 19.8 per cent of Scheduled Tribes population. The literacy rate from 51 to 80 per cent is observed in 256 villages (69.2 per cent) covering 79.8 per cent population.

Table 30 gives the details about number and percentage of Scheduled Tribes literates, illiterates and the literacy rates in towns of the district. As much as 67.5 per cent of the total urban population excluding the age group of 0-6 years is literate in the district. The corresponding proportion of male and female literates comes to 75.5 and 59.7 per cent respectively which shows a gap of 15.8

percentage points in male and female literacy. In the Devsar (CT), literacy rate is the highest of 86.3 per cent. The lowest rate of 58.9 per cent is observed in Jalalpore (CT) of the district. Sex wise study shows that the highest literacy rates for males and females are observed for Devsar (CT) and the lowest rate of 68.4 per cent in males and 49.1 per cent females are seen in Jalalpore (CT).

Table 31 shows absolute number and percentage of main workers, marginal workers and non-workers by sex at taluka level in the district as per 2001 Census. Only 44.3 per cent in the total population have been registered as workers in the district. From these total workers, 37.2 per cent is main worker and 7.2 per cent is marginal worker. Percentage of non-workers in the district is accounted for 55.7 per cent of total population.

Among the main workers, male workers are 53.2 per cent while corresponding figure for females is 20.4 per cent. In case of marginal workers, the participation rate for female is 11.2 per cent which is higher than male marginal workers of 3.3 per cent. Taluka wise comparison shows that Bansda taluka has the highest of 54.7 per cent workers while Jalalpore has the lowest rate of 36.2 per cent.

Table 32 gives the details about talukawise absolute number and percentage of main workers, marginal workers and non workers for rural population of the district. As much as 47.8 per cent of the rural population is reported to be workers from which 38.6 is main workers and 9.2 per cent is marginal workers. The percentage of non

workers is 52.2. Sex-wise break up shows that participation rates for males and females in main work are 53.3 and 23.5 per cent respectively. The percentages for males and females in marginal work are 3.9 and 14.6 respectively. Female marginal workers are higher than male marginal workers. Similar trend is also seen at taluka level.

UA = Urban Agglomeration

* Navsari UA is spread over in Navsari and Jalalpore Talukas.

Table 33 shows the absolute number and percentage of main workers, marginal workers and non-workers by sex in U.As/Towns in the district. Out of 336,353 urban population of the district, 33.4 per cent has been categorized as main workers whereas the marginal workers are only 1.9 per cent. 64.7 per cent

of the urban population is reported to be non-workers. Sex-wise break up at the district shows that 53.1 per cent male and 11.8 per cent female are in the category of main workers. Male and female marginal workers are accounted for 1.8 per cent and 2 per cent respectively.

Note : Percentage of Worker to total worker are given in brackets

Table 34 reveals the distribution of workers by sex in four categories of economic activity in taluka. From the table it is seen that total workers including main and marginal workers are 44.3 per cent of the total population. As much as 23.6 per cent of total workers are engaged in cultivation, 33.1 per cent are agricultural labourers, 1.7 per cent in household industry and 41.6 per cent in

other work. The proportion of cultivators within talukas varies between 5.2 per cent (Navsari) to 50.1 per cent (Bansda). The proportion of female cultivators is 27.6 per cent which is lower than the female agricultural labourers of 48.2 per cent. The percentages of household industry worker are comparatively very low for both males and females in the district.

District (Rural) Total:Persons			893,110	426,483 (47.8)	127,924 (30.0)	175,733 (41.2)	6,273 (1.5)	116,553 (27.3)
Males			453,352	259,053 (57.1)	75,782 (29.3)	86,170 (33.3)	4,113 (1.6)	92,988 (35.9)
Females			439,758	167,430 (38.1)	52,142 (31.1)	89,563 (53.5)	2,160 (1.3)	23,565 (14.1)

Table 35 gives talukawise distribution of workers by sex in four categories of economic activity in rural areas of the district. The table reveals that total workers are 47.8 per cent of total rural population. Among workers, cultivators' share is 30 per cent, agricultural labourers' share is 41.2 per cent. The household industry workers' contribution is 1.5 per cent and other workers' is 27.3 per cent in the rural areas of the district. Agricultural sector plays a major role in providing employment to the working force

for the rural population. The percentage of workers in household industries is remarkably low in rural areas as reflected from the table. Thus, working force has to depend on agriculture sector in rural areas. Percentage of male workers in cultivation is higher than that of female. But in case of Agricultural labourers the situation is reverse. A considerable difference between the percentage of cultivators and other workers throughout all the talukas in the district is seen from the table.

TABLE 36

DISTRIBUTION OF WORKERS BY SEX IN FOUR CATEGORIES OF ECONOMIC ACTIVITY OF URBAN AGGLOMERATIONS / TOWNS, 2001

Sl. No.	Name and Urban status of UA/Town	Persons/ Males/ Females	Total Population	Total Number of Workers (Main + Marginal)	Category of Workers			
					Cultivators	Agricultural Labourers	Household Industry Workers	Other Workers
1	2	3	4	5	6	7	8	9
1	Antaliya (CT)	Persons	4,990	1,817 (36.4)	27 (1.5)	159 (8.8)	42 (2.3)	1,589 (87.5)

Females			160,717	22,229 (13.8)	131 (0.6)	1,780 (8.0)	1,329 (6.0)	18,989 (85.4)

UA = Urban Agglomeration

Navsari UA is spread over in Navsari and Jalalpore Talukas.

Table 36 gives the distribution of workers by sex in four categories of economic activities in urban areas of the district. In this area, total workers (Main + Marginal) constitute 35.3 per cent of the total population. Of these workers, cultivators constitute 0.7 per cent, agricultural labourers 3.8 per cent, household industry workers

2.6 per cent and the rest 93 per cent is other workers. The other work being, viable plays a major role in providing employment to the working force in urban areas. Females participation in cultivation is accounted for only 0.6 per cent labourers though female participation in agricultural labourers is 8.0 per cent.

TABLE 37

DISTRIBUTION OF VILLAGES ACCORDING TO AVAILABILITY OF DIFFERENT AMENITIES, 2001

Sl. No.	Name of Taluka/C.D. Block	Number of Inhabited Villages	Type of Amenity available

5	Bansda	95 (100)	95 (100.0)	82 (86.3)	94 (98.9)	63 (66.3)	70 (73.7)	93 (97.9)	8 (8.4)	54 (56.8)	88 (92.6)	95 (100.0)
District Total:		374 (100)	368 (98.4)	268 (71.7)	373 (99.7)	290 (77.5)	310 (82.9)	371 (99.2)	67 (17.9)	159 (42.5)	365 (97.6)	374 (100.0)

Note : Percentage are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source' However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Post office includes Post office, telegraph office and Post and telegraph office.

\$ Transport communication includes bus service, rail facility and navigable waterways.

Table 37 given above shows taluka wise distribution of villages according to the availability of different amenities such as education, medical, improved drinking water, post office, telephone, transport communication, banks, agricultural credit societies, approach to village by pucca road and power supply. Out of 374 inhabited villages in the district, 368 (98.4 per cent) villages are having at least some educational facility in the village. Medical facilities of one kind or other are available in 268 (71.7 per cent) villages. Out of 374 villages only 1 inhabited village does not avail the drinking water facility. As many as 290 villages are equipped with one or more facilities of post and telegraph. Telephone facility has reached to about 310 villages, (82.9 per cent). Out of 374 villages, 371 (99.2 per cent) villages are connected with one or more types

of transport facility. Agricultural Credit Societies are available in 159 villages. Only 67 villages have banking facility. As much as 365 villages are linked by pucca roads. So far as power supply is concerned, all the villages have power supply.

Considering talukawise availability of these amenities, it is interesting to note that all the villages in Gandevi, Chikhli and Bansda talukas have educational facility while in the talukas of Navsari and Jalalpore 63 out of 65 and 68 out of 72 villages have this facility. Improved drinking water facility is not available only in one village of Bansda taluka. All the villages of Jalalpore, Gandevi and Chikhli avail the transport communications facility and pucca approach road. Power supply is available to all the villages in all the talukas.

TABLE 38

NUMBER AND PERCENTAGE OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES, 2001

District Total :		891,939 (99.9)	284,233 (31.8)	494,558 (55.4)	886,088 (99.2)	893,110 (100.0)

Note : - Percentage are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Post office includes Post office, telegraph office and Post and telegraph office.

\$ Transport communication includes bus service, rail facility and navigable waterways.

Table 38 gives the information regarding number and percentage of rural population served by different amenities. Out of total population of 893,110 persons in the district, the facilities of education, improved drinking water, transport and communication and pucca approach road are available to more than 99

per cent population. Power supply is available to all the people of the district. More than 85 per cent population enjoys the facilities of medical, post office and telephone. Only 31.8 per cent population has the facility of bank, while 55.4 per cent people avail the facility of Agricultural credit societies.

TABLE 39

**DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES, ARRANGED BY
DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE, 2001**

Village Not Having The Amenity of	Distance Range of Place from the Villages Where the Amenity is Available			
	Less Than 5 Kilometres	5-10 Kilometres	10+ Kilometres	Total (Col. 2 - 4)
1	2	3	4	5
1. Education :-				
(a) Primary School	5	1	0	6
(b) Middle School*	0	0	0	0
(c) Degree College	61	79	232	372
2. Medical:-				
(a) Hospital	106	77	181	364

(b) Co-operative Bank	134	92	131	357
7. Agricultural Credit Societies	153	40	22	215

Note : * In Gujarat State the levels of education are classified as under

- (i) Primary School (From Std. I to VII passed)
- (ii) Secondary/Matriculation (From Std. VIII to X passed)
- (iii) Higher Secondary (From Std. XI to XII passed). Hence details under 1(b) is not shown.

Table 39 shows that only 5 villages of the district are having the facilities of basic primary education within a radius of 5 km and 1 village has this facility within a range of 5-10 km. 61 villages have the college facility available at a distance of less than 5 km. the students of 79 villages have to travel 5-10 km. and 232 villages have this facility at a distance of more than 10 km. To avail the facility of hospital 181 villagers

have to travel a distance of more than 10 km. The population of 77 villages have to travel 5-10 km. and 106 villages have to travel 5 km. or less for hospital. To avail the facility of post office persons of only 3 villages have to go more than 10 km. 27 villages have the availability of telephone facility at a distance of more than 10 km. For 71 villages, facility of commercial banking is available at a distance of more than 10 km.

Note : # Post office includes Post office, telegraph office and Post and telegraph office.

\$ Transport communication includes bus service, rail facility and navigable waterways

Percentages are given in brackets.

Table 40 shows number of villages distributed according to four ranges of the distance from the nearest statutory town along with number of villages and availability of different amenities. Out of 374 inhabited villages, 45 villages are situated in the range of 5 km. from the nearest statutory town. All these 45 villages have the facilities of education, transport communications and pucca approach road.

In the range of 5-15 km. from statutory town 158 villages are availing the facilities of transport communications and pucca approach road. In the range of 16-50 km. from statutory town out of 164 villages, 161 villages, enjoy the facilities of education. As low as 7 villages have statutory towns at a distance of 51 km. or more. Only the education facility is available in all these 7 villages.

Note : Percentages are given in brackets.

* Based on the improved drinking water source, drinking water supply has been classified as 'Improved ' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to Improved drinking water source' However, the concept of improved drinking water is state specific and this is to be considered accordingly.

Post office includes Post office, telegraph office and Post and telegraph office.

\$ Transport communication includes bus service, rail facility and navigable waterways

Table 41 reveals the distribution of villages by different population ranges and amenities. For the villages falling in the population range of 5,000-9,999 all amenities other than Post office, Telephone, Banking, Agricultural Credit societies are available to all 34 villages while in the highest population range of 10,000 and more, except agricultural credit societies, all other amenities are available to all the 3 villages. In the population range of 1-499, it is seen that facilities of improved drinking water and power supply are available in all 17 villages while facilities of education, medical, post office and telephone are available in 13, 5, 4 and 11 villages

respectively. Facilities of transport communication, agricultural credit societies and approach by pucca road are available in 15, 2 and 12 villages respectively. The highest of 135 villages are having the population in between 1,000-1,999 in which facilities of education, transport communication and power supply are available to all the villages. Only 13 villages avail banking facility. In the population range of 2,000-4,999 there are 134 villages of which only 28 villages avail banking facility while all 134 villages are availing the facilities of education, improved drinking water, transport communication and power supply.

TABLE 42
DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE, 2001

Sl. No.	Name of Taluka/ C.D.Block	Number of Inhabited Villages	Total Area (In Hectares)	Percentage of Cultivable Area to Total Area	Percentage of Irrigated Area to Total Cultivable Area
1	2	3	4	5	6
1	Navsari	65	23,214.4	84.7	75.1
2	Jalalpore	72	47,439.3	58.7	50.1
3	Gandevi	55	26,863.2	64.5	60.5
4	Chikhli	87	57,352.4	84.8	49.5
5	Bansda	95	59,934.0	49.3	16.9
	District Total :	374	214,803.3	66.6	47.7

Note : - Cultivable area = irrigated area + unirrigated area.

Table 42 gives the details about talukawise distribution of villages according to land use. It also gives total area and cultivable area available to the inhabited villages in the district. Cultivable area includes irrigated as well as unirrigated area. There are 374 inhabited villages in the district having a total area of 214,803.3 hectares. Of this, 66.6 per cent is cultivable and 47.7 per cent of this total cultivable area has got the irrigation facilities. Looking to the land use pattern at taluka

level, it is seen that in Navsari and Chikhli talukas the percentages of cultivable area are more or less equal having 84.7 per cent and 84.8 per cent respectively showing the highest percentages of cultivable area as compared to other talukas. The lowest of 49.3 per cent cultivable area is seen in Bansda. It is observed that Navsari has the maximum irrigated area of 75.1 per cent while the lowest of 16.9 per cent is in Bansda.

TABLE 43
PER CAPITA RECEIPT AND EXPENDITURE IN STATUTORY TOWNS

(in Rs)

Sl. No.	Class, Name & Urban Status of the Town	Per Capita Receipt			Per Capita Expenditure					
		Total	Through Taxes	From all other Sources	Total	General Administration	Public health and Conveniences	Public Works	Public Institutions	Other(s)
1	2	3	4	5	6	7	8	9	10	11
1	II Bilimora (M)	359.1	101.6	257.4	310.6	67	50.1	114.3	0	79.1
2	I Navsari (M)	610.3	399.7	210.5	626.7	110.3	208.3	64.2	29.6	214.3
3	II Vijalpor (M)	31	27.7	3.2	25.9	18.9	3	1.7	0	2.3
District Total :		443.3	263.8	179.6	441.9	83.2	134.6	62.4	17.5	144.1

Table 43 shows per capita receipt and expenditure in statutory towns of the district. Receipt includes income from taxes and other sources. Expenditure is a total of expenditures incurred on General Administration, Public /Health and Conveniences, Public works, Public Institutions and Others. The per capita receipt in district is Rs. 443.3

from which the receipt from taxes is Rs. 263.8 and from other sources is Rs.179.6. The per capita expenditure in district is Rs. 441.9. The major portion of expenditure (Rs. 134.6) has been incurred in public health and conveniences. The expenditure on general administration is Rs. 83.2. The receipt is slightly more than the expenditure.

TABLE 44
SCHOOLS/COLLEGES PER 10,000 POPULATIONS IN STATUTORY TOWNS, 2001

Sl. No.	Name and Urban Status of Town	Type of Educational Institution				
		Primary	Junior Secondary / Middle	Secondary / Matriculation	Senior Secondary	College
1	2	3	4	5	6	7
1	Bilimora (M)	6.3	0	1.4	1.4	0.5
2	Navsari (M)	2.4	0	0.7	0.9	0.4
3	Vijalpor (M)	1.7	0	0.4	0.4	0
District Total :		3.1	0	0.8	0.9	0.3.

Note : * In Gujarat State, the levels of education are classified as under
 (i) Primary School (From Std. I to VII passed)
 (ii) Secondary/Matriculation (From Std. VIII to X passed)
 (iii) Higher Secondary (From Std. XI to XII passed). Hence, the middle school is 0.

Table 44 shows the availability of schools/colleges per 10,000 populations in statutory towns. The data reveals that in urban areas of the district, the average number of primary schools per 10,000 population of statutory town is 3.1. In case of secondary/matriculation the average number is only

0.8. Average number of available educational institutes for senior secondary and colleges are 0.9 and 0.3 respectively. The average number of educational institutes is seen to be the highest in Bilimora (M).

TABLE 45

NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS, 2001

Sl. No.	Name and Urban Status of the Town	Number of Beds in Medical Institutions Per 10,000 Population
1	2	3
1	Antaliya (CT)	0
2	Bilimora (M)	107
3	Chikhli (CT)	124
4	Devsar (CT)	0
5	Gandevi (CT)	57
6	Jalalpore (CT)	3
7	Mahuvar (CT)	51
8	Navsari (M)	84
9	Vijalpor (M)	0
District Total :		66

Table 45 gives number of beds in medical institutions per 10,000 populations in each town of the district. On an average there are 66 beds per 10,000 populations in urban areas of the district.

The highest 124 beds are in Chikhli (CT) followed by Bilimora (M) with 107. Out of 9 towns of the district, 3 towns have no facility of beds in medical Institutions.

TABLE 46

PROPORTION OF SLUM POPULATION IN TOWNS, 2001

Sl. No.	Name of the Town	Total Population	Slum Population	Percentage of Slum Population to Total Population
1	2	3	4	5
1	Bilimora	57,564	500	0.9
2	Navsari	162,250	24,926	15.4
District Total:		219,814	25,426	11.6

Table 46 gives the information regarding the proportion of slum population in towns of the district. It reveals that in the district only 2 towns, viz. Bilimora and Navsari have slum population. From

these 2 towns, Bilimora has only 0.9 per cent of the total population as slum population while Navsari has 15.4 per cent slum population.

TABLE 47

MOST IMPORTANT COMMODITY EXPORTED OUT OF AND MANUFACTURED IN TOWNS, 2001

Sl. No.	Name and Urban Status of Town	Most Important Commodity	
		Manufactured	Exported
1	2	3	4
1	Antaliya (CT)	Paddy Vegetables Sugarcane	Velvet Cloth Furniture

District Total:		250,414	182,143	68,271	11,915	7,002	4,913	122,741	110,493	12,248

Source: Census of India 2001, H- series: "Tables on Houses, Household amenities and Assets."

Table 48 gives very valuable information regarding number of households by tenure status and number of rooms occupied in the district. The total number of households in the district are 250,414 having 182,143 households in rural areas and 68,271 in urban areas. Out of total households, number of households belonging to Scheduled Castes and Scheduled Tribes are 11,915 and 122,741 respectively.

Considering tenureship of the dwellings which they occupy, it is observed that out of

the total households of the district 89.1 per cent households are living in their own houses, 9.0 per cent are living in rented houses and rest of 1.9 per cent households are living in other houses. Of these households, households living in one room are 54.9 per cent. Households having two rooms accommodation are 27.1 per cent. Three room accommodations are occupied by 10.7 per cent. More than 3 room accommodations are enjoyed by only 5.3 per cent. There are 4,890 households who have no exclusive room.

TABLE 49

4	Chikhli	26,150 (43.8)	32,459 (54.3)	1,120 (1.9)	24,893 (42.7)	32,300 (55.4)	1,113 (1.9)	1,257 (88.3)	159 (11.2)	7 (0.5)
5	Bansda	7,654 (19.3)	31,071 (78.3)	983 (2.5)	7,654 (19.3)	31,071 (78.3)	983 (2.5)	0 (0.0)	0 (0.0)	0 (0.0)
District Total:		144,246 (57.6)	101,081 (40.4)	5,044 (2.0)	88,541 (48.6)	89,808 (49.3)	3,792 (2.1)	55,705 (81.6)	11,273 (16.5)	1,252 (1.8)

Source: Census of India 2001, H - series : "Tables on Houses, Household Amenities and Asset

Note: Permanent: Permanent houses refers to those houses whose wall & roofs are made of pucca materials i.e., where burnt bricks, G.I. Sheets or other metal sheets, stone, cement concrete is used for wall and tiles, slate, shingle, corrugated iron, zinc or other metal sheets asbestos sheets, bricks, lime and stone and RBC/RCC concrete are used for roof.

Semi permanent: Semi-permanent houses refer to those houses made of other types of materials.

Temporary:

Temporary houses refers to those houses having wall and roofs made of Kutchha materials i.e. where grass, leaves, mud, unburnt bricks, wood etc. are used for roofs, reeds, bamboo mud, unburnt bricks are used for the construction of walls,

Percentages are given in brackets.

Table 49 gives percentage distribution of households living in permanent, semi-permanent and temporary houses in the district. As high as 57.6 per cent of households of the district are living in houses made of pucca materials, 40.4 per cent of households are living in semi-permanent nature structures and

houses of 2.0 per cent households are made of kutchha materials. Percentages of households of rural and urban area, living in houses of permanent nature are 48.6 and 81.6 respectively. It is obvious that percentage of households living in temporary houses in rural areas is more than that of urban area.

Source: Census of India 2001, H- series: "Tables on Houses, Household Amenities and Assets."

Note: * Based on the improved drinking water source, drinking water supply has been classified as 'Improved' or otherwise. If the household has access to drinking water supplied from a tap or a hand pump / tube well situated within or outside the premises it is considered as having access to 'Improved drinking water source'. However, the concept of improved drinking water is state specific and this is to be considered accordingly.

@ Bathroom means bathroom within the house.

\$ Toilet means toilet within the house.

Drainage means closed and open drainage.

Percentages are given in brackets.

Table 50 shows number and percentage of households having facilities of Improved Drinking Water, Electricity, Bathroom, Toilet and Drainage in the district. The table reveals that 78.9 per cent households in the district have been provided with drinking water supply either from a tap or a hand pump/tube-well, 86.5 per cent households have the provision of electricity in their houses. The bathroom facility is available to 44.7 per cent

households within their premises. The toilet and drainage facilities are available to only 36.1 and 31.4 per cent households respectively. Considering the availability of these facilities in rural and urban areas the facilities of bathroom and toilet within the premises and drainage in rural area is remarkably lower than the urban area. In urban area 70 percent or more households have these facilities.

TABLE 51
NUMBER AND PERCENTAGE OF HOUSEHOLDS BY TYPE OF FUEL USED FOR COOKING, 2001

Sl.	Name of Taluka	Total/Rural/Urban	Total House holds	Fire wood	Crop residue	Cow dung cake	Electricity	Coal/Lignite (charcoal)	Cooking gas (L.P.G.)	Bio-gas	Kerosene	Others	No cooking

Source: Census of India 2001, H- series: "Tables on Houses, Household Amenities and Assets."

The table 51 gives the percentage distribution of households by type of fuel used for cooking purposes. There are nine type of fuels used for which data is presented in this table. It is observed that fire wood is the dominant fuel used for cooking and it is used by 58.3 per cent of households. 31.7 per cent use cooking gas, kerosene is used by 6.0 per cent and crop residue by 1.9 per cent. The remaining type of fuels are used by less than 3 per cent households. In rural areas of the district, firewood and cooking gas are the main fuels used.

As many as 74.4 per cent households use firewood and 18.9 per cent households use cooking gas as fuel in rural areas while kerosene is used by 2.1 per cent households only. In urban area cooking gas is the prime fuel used by 65.9 per cent households. Next to gas is kerosene (16.1 per cent) followed by fire wood (15.4 per cent). Same situation is seen at taluka level though in Navsari taluka the percentage of households using cooking gas is comparatively higher than the households who use firewood as a fuel.

TABLE – 52

NUMBER OF HOUSEHOLDS AVAILING BANKING SERVICES AND NUMBER OF HOUSEHOLDS HAVING EACH OF THE SPECIFIED ASSET, 2001

Source: Census of India 2001, H- series: "Tables on Houses, Household Amenities and Assets."

Table 52 gives number of households availing banking services and number of households having possession of specified assets such as radio/transistor, telephone, bicycle, scooter and car etc. There are 250,414 households in the district. Out of these households, 40.1 per cent households are availing banking services while 32.3 per cent have radio/transistor. Television is possessed by 33.1 per cent households. Telephone is available in 13.8 per cent households. Bicycle is available to 48.2 per cent households. Scooter/motorcycle/moped and car/jeep/van are used by 24.1 and 3.1 per cent of households respectively. In rural areas 35.1 per cent of households do not have any of the specified assets while in urban areas of the district 22.1 per cent households do not have any of the specified assets.

(viii) Major social & cultural events natural & administrative developments and significant activities during decade.

The present Navsari district is bifurcated from old Valsad district and new Navsari district is created from it by separating 4 talukas. Further Navsari

taluka was bifurcated and new Jalalpore taluka was created. The Navsari district consist of 5 talukas namely Navsari, Jalalpore, Gandevi, Chikhli and Bansda.

(ix) Brief description of places of religious historical or archaeological importance in villages and places of tourist interest in the towns of the district:

Name of Taluka : Navsari
Name of Place :Navsari
Location Code : 42401800

(Dadabhai Navroji)

Navsari is a district headquarters since 2nd October 1997. Prior to it, it was a taluka headquarters of Navsari taluka of then Valsad district. Navsari was known from seventh century. At that time it was referred as Navsarika. Navsari was developed as a port and also it was a business center. When people of Parsi community came to India for the first time they entered through Navsari. Navsari was therefore also called as Parsipuri. The climate of Navsari was like the climate of Sari, the capital of Mazan Daran state of Iran, therefore the Parsies called Navsari as Nao-Sari (New Sari). Navsari is birth place of Dadabhai Navroji and the great industrialist Jamasedji Tata. The important places of Navsari are the grand building of the holy fire of Parsis Atash Baheram, Parsi Agiyaris, Jain temple, Jumma Masjid, Shahi Masjid, temple of Ashapuri Mata, Dudhia Talav and Tower of Silence.

Name of Taluka : Jalalpore
Name of Place : Dandi
Location Code : 01782400

(Kuch Yatra)

The famous *Dandi Kuch Yatra* has made this village famous not only in India but also in the world. On 12th March 1930 Mahatma Gandhiji and his followers started his march from Ahmedabad to Dandi and reached there on 6th April in protest of Salt Law and to break the law. Village Dandi is located on the seashore at a distance of 12 Km. from the district headquarters Navsari and because of Dandi Yatra it has become a historical place. Gujarat Tourism Development Corporation has developed it as a tourist place.

Name of Taluka : Jalalpore
Name of Place : Umbhrat
Location Code : 01778000

(beach of Umbhrat)

It is at a distance of 29 Km. from Navsari, the district headquarters. It is on the seashore and it has a famous beach, which was developed by the Maharaja of Vadodara State. Gujarat Tourism Development Corporation has also developed it.

Name of Taluka : Gandevi
Name of Town : Bilimora
Location Code : 42407000

(Temple of Gangamata)

It is at a distance of 17 km. from the taluka headquarters Gandevi. It is understood that the word Bilimora is made up of two separate words viz. Bili and Mora. These were two villages but later on after the development of these villages it might have become Bilimora. In earlier days a shipping yard was at this place. The temple of Somnath Mahadev of Bilimora is considered as a Somnath of south (like Veraval). Amongst other temples in the town, the temple of Gangamata is considered as a historic temple.

Name of Taluka : Chikhli
Name of Place : Fadvel
Location Code : 01794400

Fadvel is 12 Km away from the taluka headquarters Chikhli. It is a historical place. It is said that in the Asia continent the first ever Tree Growing Co-operative Society was established here. The flower Kevdo are grown here. These flowers are used in performing worship by ladies on the day of Kevda Tij.

(x) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district

The district has historical importance. During freedom movement, Dandi Yatra of this district drew the attention of whole country and world. During Dandi movement in 1930, Mahatma Gandhi halted at night of 3^d April 1930 in Navsari. At the time of 1857 revolt, Navsari district (then Valsad district) was not much affected. But it is said that after escaping from Satara, Taty Tope had come to Navsari and stayed there in the mounts near the Dudh Talav by keeping the name Taheldas. During the freedom movement, in the year 1930 at the time of Dandi kuch yatra and then after Shri Damubhai Ramji, Ghelabhai Desai, Dolatram Desai, Harkishandas Jarivala, Dilkhush Diwanji, Kusumben Dhirubhai Desai, Parvatiben Gopalji Desai, Durlabhji Parargji Desai, Nilkanth Ghelabhai Nayak etc, of the district had taken active part in various programmes given by the leaders of the freedom movement and had gone to jail also. The district has also given two prominent figures to the nation. They are Dadabhai Navroji and Jamsedaji Tata, the pioneer of the Indian Steel Industry.

Dadabhai Navroji (1825-1917)

Dadabhai lost his father when he was just five years old. He was brought up by his mother. He was very bright at his studies. Dadabhai became a professor in the college and then went abroad. He joined in a business venture with some of his friends. The company indulged in the trade of narcotics and other intoxicants. He parted company on this ground, though there was abundant money from it. He was a simple man even in his prime youth.

He was restless with the thought of British slavery on India. He started giving the true picture of the atrocities and exploitation the people of India had to suffer at the hands of British. He wrote number of articles and delivered speeches in foreign countries so that they could know about the plight of the people in India. The British were so impressed with him that they elected him to the Parliament as their representative. The National Assembly was founded in India towards the end of the nineteenth century. Dadabhai became its president thrice. Dadabhai declared in the Congress convention of 1906 that the people of India did not long for anyone's obligation. They demanded justice and their right for freedom. The people of India affectionately called him 'Dada of India' (grandfather of India).

(xi) Scope of Village Directory & Town Directory

As mentioned earlier, the District Census Handbook is brought out in two parts-Part A and Part B. Part A covers the non-census data of village directory and town directory whereas part B covers the primary census abstract data of 2001 Census. The scope of village directory and town directory is discussed below.

Scope of Village Directory

For the census work, the villages in the district have been arranged taluka wise and within the taluka they are shown location code wise. Each village is assigned a location code number for the purpose of identification. In 2001 Census, all the villages have been given unique 8-digit code number,

which will remain constant across the census, and shall make it easy to do comparative study. Eight digit code's last two digits are especially provided to take into account exigencies arising due to jurisdictional changes of villages by partition, amalgamation etc. This time it has been kept '00'. Prior to the village directory information, a map and alphabetical list of villages for each taluka is given in Part A. Village directory contains the non-census data of each village. It gives the village wise basic information relating to infrastructure and amenities available in the sphere of education, medical, drinking water, power supply, post and telegraph, communications, approach road to village and distribution of land use area. In addition, it contains information about total area of each village, total population and number of households and the nearest town and its distance from the village. The information on number of households and total population has been included with a view to examine the co-relation of amenities with the number of households and population they serve. If an amenity is not in existence in the referent village, the distance in broad ranges from the nearest place along with name, where the amenity is available is given. The broad range are (0-5 kms), (5-10 kms.) and (10+ kms.). Some additional information has been added viz.(1) Number of Banks, (2) Credit Societies, (3) recreational and cultural facilities, (4) Receipt of Newspaper / Magazine, (5) Income & Expenditure of the village and (6) Name of the three most important commodities imported, manufactured/produced & exported. One information has been deleted this time, i.e., Market & Hat facility.

The village directory also carries the following appendices.

- Appendix-I It gives the taluka wise abstract of educational, medical and other amenities available in the villages of the district.
- Appendix-I-A Indicates number of villages Taluka wise having one or more primary schools.
- Appendix-I-B Indicates number of villages Taluka wise having primary, middle and secondary schools.

- Appendix-I-C Shows number of villages Taluka wise with different sources of drinking water facilities.
- Appendix-II Indicates the list of villages with 5,000 and above population which do not have one or more important amenities.
- Appendix-II-A Indicates list of Census Towns which do not have one or more amenities.
- Appendix-III It gives the land utilization data in respect of Census Towns/non-municipal Towns.
- Appendix-IV Taluka wise list of inhabited villages where no amenity other than drinking water facility is available.
- Appendix-V Summary showing number of villages not having Scheduled Castes population.
- Appendix-VI Summary showing number of villages not having Scheduled Tribes population.
- Appendix- VIIA, VII-B The appendix shows the list of villages according to proportion of the Scheduled castes and Scheduled Tribes to the total population by ranges.
- Appendix-VIII Indicates Taluka wise number of villages under each Gram Panchayat.
- Appendix-IX Shows number of different types of girls school in a village.

Scope of Town Directory

Town Directory covers the non-census data for each town. It presents important and useful information like civic and other amenities available in all the towns of the district. The information in town directory is covered in following seven statements, viz. statements I to VII.

ANALYTICAL NOTE

Statement-I Town wise class, name, civic administrative status of the town, its area, growth rates, density and sex ratio.

Statement-II Physical aspects of each town.

Statement-III Income and expenditure of each town.

Statement-IV Civic and other amenities in respect of each town.

Statement-V Availability of medical, educational, recreational and cultural facilities in each town.

Statement-VI Trade, commerce, industry and banking activities in each town.

Statement-VII Civic and other amenities in slum areas of each town.

In all the statements except VII, the towns are arranged in the alphabetical order within the district. The details of these statements are given in the analytical portion of the town directory. In addition to the above statements, an appendix showing the towns with their outgrowths with population , is also given after the town directory statements.

Blank

PART – A
VILLAGE AND TOWN
DIRECTORY

SECTION - I VILLAGE DIRECTORY

SECTION – I Village Directory

(A) NOTE EXPLAINING THE ABBREVIATIONS USED IN THE VILLAGE DIRECTORY

The “Village Directory” is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply, availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village have not been given in the Village Directory but shown along with the urban component. The villages which are considered as a Census Town, the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of UA the amenities data are shown in the Village Directory for that particular village.

The ‘uninhabited’ villages (villages with no population) have been indicated as such after furnishing details in columns 1 to 3 i.e., Serial number, Name of village & location code number and area of the village against column no. 4 to 18. The land use data for such villages are shown in col. 19 to 23.

The Village Directory format has 23 columns and the details given under each column are for the village are as follows:-

Column 1 : Serial Number

Self explanatory. All the villages within the CD Block are presented serially in the ascending order of their location code number.

Column 2 : Name and Location Code Number of village.

The name and location code number of the village are shown against these columns. This also includes the forest and uninhabited villages.

Column 3 : Area of the village

The area of the villages in hectares are given. Wherever the area figure was not furnished by the concerned department the column is left blank.

Column 4 : Total population

The total population of the village as per 2001 Census is given against this column.

Column 5 : Number of households

The number of households as per 2001 Census is given in this column.

Amenities :

In column 6 to 23, availability in respect of different amenities such as education, medical, drinking water, post, telegraph, banks, credit societies, communication, power, approach road etc. in each village has been depicted with appropriate codes against the column concerned. Wherever the amenities are not available in the village, a dash (-) is shown in the column and next to it in brackets the distance in broad ranges viz. < 5 kms., 5-10 kms. and 10+ kms of the nearest place where the facility is available is given. Column wise details are given below :

Column 6 : Educational

Classes upto class VII included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class VII.

Classes from VIII to X included in Higher secondary school. Classes XI and XII are included in senior secondary school.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M*
(iii)	Higher Secondary School	S
(iv)	Senior Secondary School	PUC

(v)	College	C	(i)	Tap Water	T
(vi)	Industrial School	I	(ii)	Well Water	W
(vii)	Training School	Tr	(iii)	Tank Water	TK
(viii)	Adult literacy class/centre	AC	(iv)	Tubewell Water	TW
(ix)	Others (specify) e.g. Sanskrit Pathshala, Senior basic school, Navodaya Vidyalaya, Makhtab, etc.	O	(v)	Handpump	HP
			(vi)	River Water	R
			(vii)	Canal	C
			(viii)	Lake	L
			(ix)	Spring	S
			(x)	Others	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Note : * - There is no Middle school in the Gujarat State.

Column 7 : Medical

Availability of medical facility within the village is indicated by following codes :

(i)	Allopathic Hospital	H
	Ayurvedic Hospital	HA
	Unani Hospital	HU
	Homeopathic Hospital	H Hom
(ii)	Allopathic Dispensary	D
	Ayurvedic Dispensary	DA
	Unani Dispensary	DU
	Homeopathic Dispensary	D Hom
(iii)	Maternity & Child Welfare	MCW
(iv)	Maternity Home	MH
(v)	Child Welfare Centre	CWC
(vi)	Health Centre	HC
(vii)	Primary Health Centre	PHC
(viii)	Primary Health Sub-Centre	PHS
(ix)	Family Welfare Centre	FWC
(x)	T.B. Clinic	TB
(xi)	Nursing Home	NH
(xii)	Registered Private Medical Practitioner	RMP
(xiii)	Subsidised Medical Practitioner	SMP
(xiv)	Community Health Worker	CHW
(xv)	Others	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviations, e.g. H(3), D(4), etc.

Column 8 : Drinking Water

The type of the drinking water supply sources available within the village are indicated by codes as follows :

Column 9 : Post, Telegraph and Telephone

It is indicated by codes as shown below whether within the village exists the following amenities:

(i)	Post Office	PO
(ii)	Telegraph Office	TO
(iii)	Post & Telegraph Office	PTO
(iv)	Telephone Connection	PH

Column 10 : Commercial and Co-operative Banks

If the village is served by any banking service, commercial bank, co-operative bank etc. the same is indicated in codes mentioned below along with the number of banks in brackets. If not available the distance of nearest place where the facility exist is given:

(i)	Commercial Bank	CM
(ii)	Co-operative Bank	CP

Column 11 : Credit Societies

If the village enjoys the services of Credit Societies i.e. Agricultural Credit Societies, Non Agricultural Credit Society or Other Credit Societies, the same is indicated in codes mentioned below along with the number of such societies in brackets. In case the facility is not available within the village the distance of the nearest place where such facility exist is given :

(i)	Agricultural Credit Society	ACS
(ii)	Non- Agricultural Credit Society	NCS
(iii)	Other Credit Society	OCS

Column 12 : Recreational and cultural facilities

If facilities such as Cinema/Video hall, Sports Club, Stadium/Auditorium is available in the village, the same is recorded in these columns. If not available the particulars of the nearest place with the facility is recorded. The information is indicated in codes mentioned below along with the number of such facilities in brackets:

(i)	Cinema / Video Hall	CV
(ii)	Sports Club	SP
(iii)	Stadium / Auditorium	ST

Column 13 : Communications

If the village is served by any mode of public / private transport like Bus, Railway station or Navigable water ways they are to be mentioned as follows:

(i)	Bus	BS
(ii)	Railway Station	RS
(iii)	Navigable Waterway	NW

Column 14 : Approach to village

Approach to village refers to the state of road leading to village. The approach to the village is indicated in following codes :

(i)	Paved Road	PR
(ii)	Mud road	MR
(iii)	Foot path	FP
(iv)	Navigable River	NR
(v)	Navigable Canal	NC
(vi)	Navigable waterways other than River, Canal	NW

Column 15 : Nearest Town and distance

The distance is given in kilometers in brackets against the name of the town nearest to the village.

Column 16 : Power supply

Availability of Power Supply in the village, whatever may be the form of its use is given by using following codes :

(i)	Electricity for domestic use	ED
(ii)	Electricity for agricultural use	EAG
(iii)	Electricity for other purposes	EO
(iv)	Electricity for all purposes	EA

Column 17 : News Paper / Magazine

If village receives any News Paper/Magazines the same is noted in this column using following codes :

(i)	News Paper	N
(ii)	Magazine	M

Column 18 : Most important commodities manufactured

The name of three most important commodities manufactured in the village is recorded against this column.

Column 19 to 23 : Land use i.e. area under different types of land use

Land use data maintained by the State/ UT Govts. are furnished against these columns. The data concerning area under Forest, Irrigated land (by source), Unirrigated land, Cultivable waste and Area not available for cultivation in the village are shown against these columns. The area figures are given in hectare(s) up to one decimal. Desh '-' is recorded wherever the information is not made available by the concerned department. The codes used for different types of irrigation facilities available in the village are indicated below:

(i)	Government Canal	GC
(ii)	Private Canal	PC
(iii)	Well (without electricity)	W
(iv)	Well (with electricity)	WE
(v)	Tubewell(without electricity)	TW
(vi)	Tubewell(with electricity)	TWE
(vii)	Tank	TK
(viii)	River	R
(ix)	Lake	L
(x)	Waterfall	WF
(xi)	Others	O
(xii)	Total	T

The village directory also carries the following appendices.

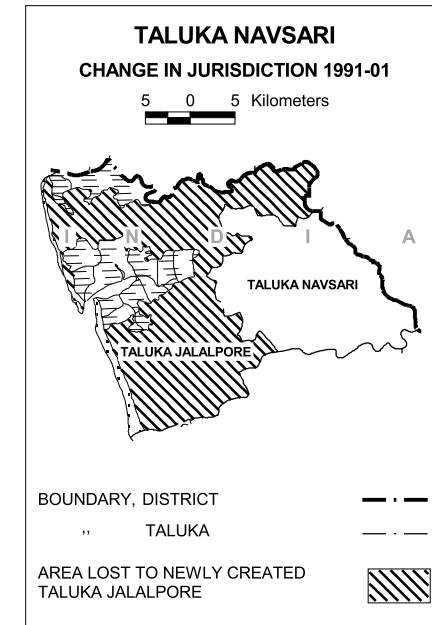

- Appendix - I** It gives the taluka wise abstract of educational, medical and other amenities available in the villages of the district.
- Appendix - I-A** Indicates number of villages Taluka wise having primary, middle and secondary schools.
- Appendix - I-B** Indicates number of villages Taluka wise having primary, middle and secondary schools.
- Appendix - I-C** Shows number of villages Taluka wise with different sources of drinking water facilities.
- Appendix - II** Indicates the list of villages with 5,000 and above population which do not have one or more important amenities.
- Appendix - II-A** Indicates list of Census Towns which do not have one or more amenities.
- Appendix - III** It gives the land utilization data in respect of Census Towns/nonmunicipal Towns.

(b) List of Villages merged in Towns and Outgrowths at 2001 Census :

APPENDIX IX - VILLAGE DIRECTORY**NUMBER OF GIRLS SCHOOLS IN THE VILLAGES**

Sl. No.	Name of Taluka	Location Code Number	Name of Village	Number of Girls School			
				Primary School	Middle* School	Matriculation/ Secondary School	Higher Secondary/ PUC/ Intermediate/ Junior College
1	2	3	4	5	6	7	8

There is no village in the district having girls school

Note : * In Gujarat State the levels of education are classified as under

- (i) Primary School (From Std. I to VII passed)
- (ii) Secondary/Matriculation (From Std. VIII to X passed)
- (iii) Higher Secondary (From Std. XI to XII passed). Hence details under column 6 are not shown.

SECTION – II – TOWN DIRECTORY

Town Directory

(a) NOTE EXPLAINING THE ABBREVIATIONS USED IN THE TOWN DIRECTORY

Town Directory statements (I to VII)	(XV) Township	TS
Statement I : Status and Growth History	(XVI) Town Panchayat	TP
Column (2) : Class, name and civic administration status of town :	(XVII) Nagar Panchayat	NP
	(XVIII) Town Committee/Town Area	TC
	(XIX) Small Town Committee	ST
	(XX) Estate office	EO
	(XXI) Gram Panchayat	GP
	(XXII) Census Town	CT

Class has been introduced to facilitate analysis of town directory data at the state and all India levels. It is presented according to 2001 Census Population of the town as follows :

Population	Class
100,000 and above	I
50,000 - 99,999	II
20,000 - 49,999	III
10,000 - 19,999	IV
5,000 - 9,999	V
Below 5,000	VI

Town with a population of one hundred thousand (1,00,000) and above is treated as a city.

The civic administration status of the towns is indicated within bracket against the name of the town. The following abbreviations are used to denote civic status of town.

(I) Municipal Corporation	M. Corp.
(II) Municipal Committee	MC
(III) Municipal Council	M CI
(IV) City Municipal Council	CMC
(V) Town Municipal Council	TMC
(VI) Municipal Board	MB
(VII) Municipality	M
(VIII) Cantonment Board/Cantonment	CB
(IX) Notified Area	NA
(X) Notified Town	NT
(XI) Notified Area Committee/ Notified Area Council	NAC
(XII) Notified Town Area	NTA
(XIII) Industrial Notified Area	INA
(XIV) Industrial Township	ITS

Others columns need no comments.

Statement II - Physical Aspects and Location of towns, 1999.

Column 3 to 5 : Physical Aspects

In this columns the Rainfall and Maximum & Minimum Temperature of the town is recorded.

Column 6, 7 and 8 :

Name of the State headquarters, District headquarters and Sub-Divisional headquarters with distance from the referent town in kilometers, is to be recorded respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Column 9 & 10 :

Name of the nearest city with one lakh and more and five lakhs and more population are recorded.

Column 11, 12 and 13 :

If referent town enjoys the facility of railway station, bus route facility or navigable river/canal. Its name is to be mentioned. If not available, then the name of nearest place with distance, where such facility exists is to be mentioned.

Statement III : Municipal Finance 1998 – 1999

Item-wise amount of receipt and expenditure in thousand rupees, relating to municipal finance of the town for the year 1998-99 is to be recorded.

Statement IV : Civic and Other amenities, 1999**Column (1 to 5) : Self explanatory.****Column (6) : Road length (in kms.)**

Information about kutchra / pucca road is to be recorded separately for the roads within the limits of the referent town.

- | | | |
|------|--------------|----|
| (i) | Pucca Road | PR |
| (ii) | Kutchra Road | KR |

Column (7) : System of Sewerage

Generally, by sewerage system is implied the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastes are called separate sewers, those that carry storm water from roofs, streets and other surface are known as storm water drains, while those carrying both sewage and storm water are called combined sewers.

The codes used for different types of drainage system are as follows :

- | | | |
|-------|---------------------|-----|
| (i) | Sewer | S |
| (ii) | Open Surface Drains | OSD |
| (iii) | Box Surface Drains | BSD |
| (iv) | Sylk Drains | SD |
| (v) | Cesspool method | CP |
| (vi) | Pit System | Pt |
| (vii) | Others | O |

Column 8 to 11 : Number of latrines

Number of various types of latrines both Public and Private are given in these columns.

Column 12 : Method of disposal of night soil

The various prevalent method of disposal of night soil are given below with codes :

Head Loads	HL
Basket	B
Wheel Barrows	WB
Septic Tank	ST
Pit System	Pt
Sewerage	S
Others	O

Column 13 and 14 : Water supply

Source and capacity of storage system. The following codes are used in these columns:

Column 13:

- | | | |
|-------|-----------------|----|
| (i) | Tap water | T |
| (ii) | Tube-well water | TW |
| (iii) | Tank Water | TK |
| (iv) | Well water | W |

Column 14:

- | | | |
|--------|----------------------------|-----|
| (v) | Over Head Tank | OHT |
| (vi) | Service Reservoir | SR |
| (vii) | River Infiltration Gallery | RIG |
| (viii) | Bore Well Pumping System | BWP |
| (ix) | Pressure Tank | PT |

The information on major source of water supply are given in column 13 and the storage capacity against each in kilo-litres (in bracket) are presented in column 14.

Column 15 : Fire Fighting Service

In case the fire fighting service is available in the referent town 'yes' is recorded. If the facility is not available within the town. The name of the nearest place having this facility with its distance from the referent town has been recorded.

Column 16 to 20 : Electrification (Number of connections)

Different types of electric connections have been shown in these columns, i.e. Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement V : Medical, Educational, Recreational and Cultural Facilities, 1999**Column 1 to 3 : Self explanatory.****Column 4 & 5 :**

The data covers all such medical institutions run by or aided by Government/Semi Government/ Local bodies and Charitable institutions or Social agencies like the Missionaries. Where the family planning centres are attached to hospitals or maternity and child welfare centres or Primary Health Centres, may be treated as independent units and counted separately using following codes :

(i)	Hospital	H
(ii)	Dispensary	D
(iii)	Health Centre	HC
(iv)	Family Welfare Centre	FWC
(v)	T.B. Clinic	TB
(vi)	Nursing Home	NH
(vii)	Others	O

In case of more than one institutions of any type, it is indicated within brackets the number of such institution (s) e.g. D(3), NH(8), etc. The institutions have further been distinguished by providing additional codes within the bracket as given below :

Ayurvedic	A
Unani	U
Homoeopathic	Hom

Column 6 to 9 :

The codes used for these columns are as follows :

(i)	Arts only	A
(ii)	Science only	S
(iii)	Commerce only	C
(iv)	Arts & Science only	AS
(v)	Arts & Commerce only	AC
(vi)	Combined for all categories-Arts, Science and Commerce	ASC
(vii)	Law	L
(viii)	University	U
(ix)	Others	O

Column 10 : Recognized shorthand, typewriting and vocational training institutes

"Recognised" should mean recognised by some statutory authority, like education department, commerce department, labour department etc. of the government or semi government or autonomous bodies, public sector undertakings etc.

The following codes are used :

(i)	Vocational Training Institute	VT
(ii)	Shorthand	SH
(iii)	Typewriting	Type
(iv)	Shorthand & Typewriting	SH Type
(v)	Others	O

The vocational institutions like - Applied Art/ Painting college, Pharmacy college, B. Ed. College, Teacher's Training Institute, Music / Dance School, Nursing School etc. are covered under 'Others'.

Column 11 to 14 :

Classes upto class VII included in Primary School. This will include nursery school, kindergarten school. Pre-basic school, pre-primary school, junior basic school upto class VII.

Classes from VIII to X included in Higher secondary school. Classes XI and XII are included in senior secondary school.

Accordingly any of the following types of institutions if exists within the village is shown as per codes given below :

(i)	Primary School	P
(ii)	Middle School	M*
(iii)	Secondary School	S
(iv)	Senior Secondary School	PUC
(v)	College	C
(vi)	Industrial School	I
(vii)	Training School	Tr
(viii)	Adult literacy class/centre	AC
(ix)	Others (specify) e.g. SanskritPathshala, Senior basic school, Navodaya Vidyalaya, Makhtab,etc.	O

More than one institution of a type in the village is indicated by the number within brackets against the abbreviation, e.g. P(3), M(4), etc.

Note : * There is no Middle school in the Gujarat State.

Column 15 : Adult literacy class/centres

This column has been introduced keeping in view the Minimum Needs Programme of the Planning Commission. There are number of Adult Education Centres which are included in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometres from the town where the facility is available is mentioned.

Column 16 : Working Women's hostels with number of seats

The number of working women's hostel if available in the referent town is mentioned with number of seats. If the facility is not available in the town the name of nearest place with distance where the facility is available is recorded.

Column 17 to 19 : Recreational and Cultural Facilities

Stadium, Cinema, Auditorium/Drama/Community Hall are covered under recreational & cultural facilities. The particulars of permanent recreational facilities are considered for these columns.

Column 20 : Public Libraries, Reading Rooms

Number of public libraries and reading rooms available in the referent town are recorded in codes as follows :

- | | | |
|------|----------------|----|
| (i) | Public Library | PL |
| (ii) | Reading room | RR |

Statement VI : Trade, Commerce, Industry and Banking, 1999

Column 3 to 8 : Name of three most important commodities exported and names of three most important commodities manufactured in the town are recorded.

Column 9 : Number of Banks

Number of Banks available in the referent town both Commercial and Co-operative banks are recorded against this column.

Column 10 & 11 : Number of Agricultural Credit Societies and Non Agricultural Credit Societies

The total number of Agricultural Credit Societies and Non Agricultural Credit Societies in the referent town are recorded against these columns.

Statement VII : Civic and other Amenities in Slums, 1999

This is the statement on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like Municipality, Municipal Corporation, Town area committee etc.

Part – B
PRIMARY CENSUS ABSTRACT

Primary Census Abstract

Brief note on Primary Census Abstract :

The first census of the third millennium and twenty first century the Census of India, 2001 was the 14th continuous and uninterrupted Indian census since 1872. Thus, 2001 Census will provide data on population and its characteristics marking transition from one century and millennium to another.

The gigantic operation of Population Enumeration (considered by many to be the single largest and complex peace time administrative exercise in the world) was made possible due to the door to door universal canvassing of the Household Schedule by about 2 million enumerators and supervisors covering 593 districts, 5,463 sub-district, 5,161 towns and 638,588 villages. The comprehensive Household Schedule which replaced the individual slip had three parts and two sides A and B. Part I contained the Location Particulars; Part II related to the Individual Particulars and Part III contained questions for Household engaged in cultivation/Plantation. The part II of the Household Schedule had 39 columns and 23 questions all of which were universally canvassed and no sampling was resorted to during enumeration.

Data Processing

A quantum leap was made in the technology front while processing the Census 2001 data both for Houselisting and Population Enumeration. The Census schedules for both the phases were scanned through high speed scanners in fifteen data centers across the country and hand-written data from the schedules were converted into digitized form through Intelligent Character Reading (ICR) software for creation of ASCII records for further processing. The designing and formatting of the Household Schedule had to be done very carefully using specialized software so as to ensure uniformity, which was an essential pre-requisite for scanning. The selection of appropriate state-of-art technology in data processing has made it possible to produce all the Houselisting as well as Population Enumeration tables on full count basis for the first

time in the history of Census. For Census 2001, about 202 million schedules consisting of about 1,028 million records were scanned and processed within a span of only 10 months starting October, 2002.

Task Force on Quality Assurance

After the data is processed, it is expedient on the part of the data producing agency to satisfy itself about its quality before putting the same in public domain. This has to be done mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception has to be brought into play to understand both the existing and the new emerging trends of population distribution and characteristics. The other very important aspect of the data quality is to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, specially for small area population statistics.

A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2001 Population Enumeration results and finally clear them for use. The responsibility of the final clearance of data was with the Task Force on Quality Assurance (TFQA), headed by the Registrar General and Census Commissioner, India. The other members of the TFQA were the Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The Directors and their senior officers were required to make detailed presentations of data for their own

state both in respect to the quality and the coverage and only after the full possible cleared.

There has been a major departure in Census 2001 from the past in respect of the procedure followed for finalization of the Scheduled Castes and the Scheduled Tribes population. In the earlier censuses, the total Scheduled Castes and Scheduled Tribes populations were finalized at the time of the manual compilation of the Primary Census Abstracts (PCA) at the Regional Tabulation Offices which were specially set up for this purpose. The individual Scheduled Castes and the Scheduled Tribes population for each state was finalized much later based on manual coding done by the coders. In 2001 Census, each individual Scheduled Caste and the Scheduled Tribe have been coded directly on the computers by the Data Entry Operators through a process known as Computer Assisted Coding (CAC) and taken up along with the processing of PCA data. The CAC process involves pulling down, from the relevant dictionary of the Scheduled Castes and the Scheduled Tribes, on the computer screen and coding from the dictionary by referring to the image of the specific individual entry in the Household Schedule appearing on the screen. The CAC of the response on Religion wherever required, was also undertaken along with the processing of PCA. This is because the Scheduled Castes status had to be determined in relation to the religion of the individual. Two Special Task Forces, one on Religion and the other on Scheduled Castes/Scheduled Tribes were constituted for scrutiny and appropriate classification of these responses.

The main task of the Special Task Force on Religion was to appropriately merge or group the new responses encountered and code it into the appropriate religious community based on available literature and local knowledge. The Special Task Force on Scheduled Castes and Scheduled Tribes examined the different Scheduled Castes and Scheduled Tribes entries encountered and classified these into appropriate category of the Scheduled Castes or the Scheduled Tribes principally based on the Presidential Notification and the available literature. Thus a very systematic and scientific

mechanism was operationalised to firm up the individual religion and the individual Scheduled Castes/Tribes returns. The Scheduled Castes and the Scheduled Tribes population in 2001 Census, is thus being finalized by aggregating the population data for individual Scheduled Castes and the Scheduled Tribes at appropriate geographical levels.

The entire work relating to the data validation and scrutiny was completed by all the States/Union Territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

Primary Census Abstract

The Primary Census Abstract which is yet another important publication of 2001 Census gives basic information on Area, Total Household, Total population, Scheduled Castes, Scheduled Tribes population, Population in the age group 0-6, Literates, Main workers and Marginal workers classified by the four broad industrial categories, namely (i) Cultivators, (ii) Agricultural labourers (iii) Household Industry Workers and (iv) Other workers and also Non-workers. The characteristics of the Total population includes Scheduled Castes, Scheduled Tribes, Institutional and Houseless population and are presented by sex and rural-urban residence. This data is presented at different levels, namely India, State/Union Territories, Districts and Cities, Urban Agglomerations (Population 1,00,000 and above) in three different tables. In addition, the Appendix of said publication provides Houseless and Institutional Households and their population by residence and sex for 2001 for India, State and Union territory.

Apart from the India and State/Union Territory volumes for Primary Census Abstract, the District Census Handbook contains District Primary Census Abstract, Appendix to District Primary Census Abstract, Primary Census Abstract for Scheduled Castes, Primary Census Abstract for Scheduled

Tribes, Village Primary Census Abstract and Urban Primary Census Abstract of the concerned district in the State.

It was for the first time at the 1981 Census that the Primary Census Abstract (PCA) was brought out for the Scheduled Castes and the Scheduled Tribes separately on the pattern of General Primary Census Abstract. This practice was continued in 1991 also. In the 1961 and 1971 Censuses, such data were made available in Table C-VIII-Social and Cultural table and to some extent in the series 'Special Tables for Scheduled Castes/Scheduled Tribes'.

The format of Primary Census Abstract has been restructured slightly in the 2001 Census as compared to that of 1991 Census. The nine-fold industrial classification of main workers given in the Primary Census Abstract of 1991 Census has been discontinued and its place, four-fold industrial classification of both 'main workers' and 'marginal workers' are included. In 1981 census only main workers were presented in to four categories. One of the novel features of the primary census abstract of 1991 census was the presentation of data of the population of age group 0-6 is continued in 2001 Census also. This will help the data users in better analysis and understanding of this literacy data.

Level of presentation in District Census Handbooks:

The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts are as under:

The PCA Data for villages was presented CD Block wise for the first time in 1991 Census. This practice is continued in 2001 Census also. The data for each CD Block is presented both for rural and urban areas separately. All the villages within the CD Block constitute the rural portion and the Census Towns and Outgrowths are shown under the urban portion of the CD Block. In case a CD Block is spread over two or more districts, than

portion which falls within the district is presented, the data pertaining to remaining portion of the CD Block is presented in the concerned District Census Handbook. The data in the Urban Primary Census Abstract for each town as well as for town with outgrowths in the district are presented. The data for all the wards and the outgrowths of the town(s) are also presented separately below the concerned town(s).

The District Primary Census Abstract is presented in 59 columns. The Primary Census Abstract for Scheduled Castes and Primary Census Abstract for Scheduled Tribes are presented in 52 columns. The Village Primary Census Abstract and Urban Primary Census Abstract are presented in 58 columns.

The concepts and definitions used in the column heading are explained under the sub heading 'Census Concepts' in the Analytical Note. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. The explanation regarding area figures presented at various level in the Primary Census Abstracts are as follows:

Area Figures

The area figures supplied by local revenue authorities of the district in respect of Tehsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the CD Block is the total of the village areas coming under each CD Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level. The total area figures of all the tahsils/CD Blocks within the district may not tally with area figures of the district because former represents land use area only. Similarly, the total of all the villages may not tally with the entire rural of Police Station/Tahsil. The difference may be due to the fact that while the area covered by hills, forests and rivers etc,

have been accounted in the Tahsils and P.S. level the same may not be covered under the area of the villages. Apart from this it may also differ due to varying methods of computation adopted at different levels.

An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

The following Abbreviations have been used in the Primary Census Abstract for facility of presentations:

1	Municipal Corporation/ Corporation	M. Corp.
2	Municipality	M
3	Municipal Council	MCI
4	Cantonment Board/Cantonment CB	

5	Notified Area/Notified Area Committee/Notified Committee	NAC
6	Industrial Notified Area	INA
7	Gram Panchayat/ Village Panchayat	VP
8	Nagar Panchayat/ Town Panchayat	NP
9	Census Town	CT
10	Total	T
11	Rural	R
12	Urban	U

The following conversion factor has been used for converting areas into hectares and hectares into km²

$$\text{Acres} \times 0.40467 = \text{hectares}$$

$$100 \text{ Hectares} = 1 \text{ Km}^2$$

Note: *These figures represent 'Geographical area' figures supplied by the Surveyor General. Figures for urban area are those supplied by the local Bodies. Area figures for rural are derived by subtracting the urban area from the total area of the District. The total of the area figures of talukas will not tally with the district figures because the former represents 'Land Use Area' and are derived from the figures supplied by the Director of Land Records.

Source: Village Directory 2001 (As on 31st March, 1999)

Note: {Represents Group Gram Panchayat.

Note: *The present Navsari district is bifurcated from Valsad district and is created by separating four talukas vide the Government Notification No.GHM-97-83-M-PFR-1097-L dated 24th September, 1997. Thus Navsari district came into existence with four talukas namely Navsari, Gandevi, Chikhli and Bansda. Again Navsari taluka was bifurcated and Jalalpore taluka was created

vide Government Notification No. GM-97-123-M-PFR-2897-2597-L dated 15-10-97. The data of 1991 census of undivided Valsad have been discussed in Annexure II and III. The details of 2001 census data of Navsari district have been discussed in Annexure IV, VI, VII and VIII, while Annexure V provides the recast data of 1991 census and separate data of 2001 census.

ANNEXURE – II

FERTILITY AND MORTALITY-1991 CENSUS

Fertility Level :

Population is a dynamic variable and keeps on changing. Increase due to birth and decrease due to death affect the population size of an area. Thus the birth and death are the two most important vital events. Natural increase is the excess of population by births over decrease of population by deaths at a given point of time. The births have direct correlation with the fertility.

The data on fertility levels and trends as revealed by the fertility indices of the 1991 Census like Crude Birth Rate (CBR), Age Specific Fertility Rate (ASFR) and Total Fertility Rate (TFR) are presented and analyzed below. The Definitions and concepts of fertility indices frequently used have already been explained in Analytical Note.

Death Rate :

Death process in demographical terminology is called as mortality. The rate at which death events occur reveal about the standard of living and state of health. Statistical data on causes of death help us in controlling the spread of diseases and suggests new curative methods to medical authorities.

Child Mortality :

Information about questions on children ever born and children surviving canvassed for all ever married women was tabulated by age of the mother. From this estimate of child mortality have been worked out by using Brass technique.

As per above table there were 3.5 children 45-49 with 3.3 surviving children per woman in born per ever married woman in the age group of Navsari district.

ANNEXURE – IV

PERCENTAGE DISTRIBUTION OF MIGRANTS BY PLACE OF BIRTH/ PLACE OF LAST RESIDENCE, 1991 CENSUS

Migration

Migration is a factor in changing the size and structure of the population. The migration process affects the areas to which migrants have moved and areas which they have left. Migration is a form of geographical mobility between one geographical unit to another, involving a change of residence from the place of origin/birth to the place of destination or place of new settlement from the last residence. A person is considered as a migrant by place of birth if the place in which he is enumerated during the Census is other than the place of birth. Similarly a person is considered as a migrant by place of last residence if the place in which he is enumerated during the Census is other than his place of immediate last residence.

Internal and International Migration

The migration movements are of four types –

1. Migration within the district of enumeration (intra-district migration)
2. Migration from one district to another but within the State
3. Migration from one state to another state of the country (inter-state migration) and
4. Migration from one country to another country.

The first three together constitute internal migration while the last type of movement is called international migration.

Migration by place of birth :

The absolute number and percentage distribution of migrants by place of birth to total population in Navsari district and in the State at 1991 Census were as following.

PERCENTAGE DISTRIBUTION OF MIGRANTS BY PLACE OF BIRTH-2001 CENSUS

Migration By Place of Birth	Gujarat			Navsari (Valsad)		
	Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7
Total Migrants	18,810,592	6,472,393	12,338,199	497,137	162,713	334,424
(A) Migrants born in Gujarat	16,207,961	4,984,992	11,222,969	420,008	120,445	299,563
(I) Migrants born elsewhere in district of enumeration	10,706,177 (56.9)	2,867,391 (44.3)	7,838,786 (63.5)	293,574 (59.1)	70,017 (43.0)	223,557 (66.8)
(II) Migrants born in other district of the State	5,501,784 (29.2)	2,117,601 (32.7)	3,384,183 (27.4)	126,434 (25.4)	50,428 (31.0)	76,006 (22.7)
(B) Migrants born in other States of India	2,520,676 (13.4)	1,443,465 (22.3)	1,077,211 (8.7)	75,419 (15.2)	41,439 (25.5)	33,980 (10.2)
(C) Migrants born in other countries	81,955 (0.4)	43,936 (0.7)	38,019 (0.3)	1,710 (0.3)	829 (0.5)	881 (0.3)
(D) Unspecified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)

Source: Gujarat State-D-Series Tables-2001

As per 2001 census there were 18,810,592 migrants in Gujarat whose place of birth was different than the place of enumeration. Out of such migrants in 2001 census, 56.9 per cent were born elsewhere in the district of enumeration, 29.2 per cent were born in other districts of the state, 13.4 per cent were born in other states of India and 0.4 per cent were born in other countries. There were no migrants under the category of "Unclassified".

In Navsari District, as per 2001 census, from 497,137 migrated persons, 59.1 per cent are born elsewhere in the district, 25.4 per cent are born in other districts of the state, 15.2 per cent are born in other state of India and only 0.3 per cent is born in other countries. Under the category of 'Unclassified', not a single person is reported.

INTER STATE IN-MIGRANTS TO GUJARAT STATE AS PER 2001 CENSUS BY PLACE OF BIRTH

Place of Birth	Gujarat		Navsari (Valsad)	
	Migrants	Percentage to Total Migrants	Migrants	Percentage to Total Migrants
1	2	3	4	5
Total Migrants	2,520,676	100.0	75,419	100.0
Madhya Pradesh	159,055	6.3	3,213	4.3
Maharashtra	734,945	29.2	41,368	54.9
Rajasthan	471,109	18.7	7,946	10.5
Uttar Pradesh	520,094	20.6	13,126	17.4
Other States	635,473	25.2	9,766	12.9

Source: Gujarat State-D-Series Tables-2001

The above statements show migration in Gujarat and in Navsari district from other states as per 2001 censuses. It can be seen that as per 2001 census there were 2,520,676 persons in the state who were born in other states of India. Out of such persons 29.2 per cent were born in Maharashtra, whereas the proportion of inter state migrants born in Uttar Pradesh, Rajasthan and Madhya Pradesh was 20.6, 18.7 and 6.3 per cent respectively. The remaining 25.2 per cent were born in other states of India.

The above statements reveal that as per 2001 census, there are 75,419 migrants in the district of Navsari from other state of India.

DISTRIBUTION OF MIGRANTS BY PLACE OF LAST RESIDENCE IN GUJARAT - 2001 CENSUS

Place of Last Residence	Gujarat			Navsari (Valsad)		
	Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7
Total Migrants	19,221,602	6,694,122	12,527,480	505,975	167,427	338,548
	(100.0)	(100.0)	(100.0)	(100.0)	(100.0)	(100.0)
Last residence elsewhere in the district of enumeration	12,248,452 (63.7)	3,506,051 (52.4)	8,742,401 (69.8)	334,858 (66.2)	87,680 (52.4)	247,178 (73.0)
Last residence in other districts of the State	4,731,665 (24.6)	1,892,862 (28.3)	2,838,803 (22.7)	106,876 (21.1)	44,705 (26.7)	62,171 (18.4)
Last residence in other States of India	2,182,741 (11.4)	1,262,884 (18.9)	919,857 (7.3)	62,615 (12.4)	34,216 (20.4)	28,399 (8.4)
Last residence in other countries	58,744 (0.3)	32,325 (0.5)	26,419 (0.2)	1,626 (0.3)	826 (0.5)	800 (0.2)
Unclassified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)

Source: Gujarat State-D-Series Tables-2001

There were 19,221,602 migrants by place of last residence in Gujarat according to 2001 census. The proportion of male and female migrants whose place of last residence was elsewhere within the district of enumeration was 52.4 per cent and 69.8 per cent respectively in 2001. The reason for higher proportion of female migration is marriage. In Gujarat as per 2001 census, out of total migrants, 63.7 per cent of migrants were residing elsewhere in the district of enumeration, 24.6 per cent were those whose last residence was in other districts of the state while last residence of 11.4 per cent migrants was in other states of India and only 0.3 per cent were such whose last residence was in other countries. There were no migrants in the category titled "Unclassified".

Considering state wise distribution of these migrants, 54.9 per cent are from Maharashtra as per 2001 census. As per 2001 census, 17.4 per cent are from Uttar Pradesh, 10.5 per cent from Rajasthan and 4.3 per cent from Madhya Pradesh. Remaining 12.9 per cent migrants are from other State of India.

Migration by place of last residence:

Distribution of migrants by place of last residence in Gujarat and Navsari as per 2001 Census and percentage distribution of in-migrants from other States to Gujarat by place of last residence are presented below.

In Navsari District, there are 505,975 migrants, whose place of last residence was other than the place of enumeration as per 2001 census. Out of these migrants, 66.2 per cent migrants are from places else where in the district, 21.1 per cent are from other districts of the state, 12.4 per cent migrants have migrated to the district from other state of India and remaining 0.3 per cent from other countries.

Migration by reason:

The following statement gives distribution of migrants by reasons of migration from other States of India.

MIGRATION FROM OTHER STATES OF INDIA BY PLACE OF LAST RESIDENCE IN GUJARAT 2001

States	Total Migrants	Reasons						
		Work/ Employment	Business	Education	Marriage	Moved after birth	Moved with household	Other
1	2	3	4	5	6	7	8	9
Total	2,182,741	660,767	204,905	12,624	370,546	134,751	577,599	221,549
		(30.3)	(9.4)	(0.6)	(17.0)	(6.2)	(26.5)	(10.2)
1. Madhya Pradesh	131,745	29,363	11,867	794	27,722	7,221	40,843	13,935
		(22.3)	(9.0)	(0.6)	(21.0)	(5.5)	(31.0)	(10.6)
2. Maharashtra	655,080	139,701	42,719	2,932	142,939	62,145	191,630	73,014
		(21.3)	(6.5)	(0.4)	(21.8)	(9.5)	(29.3)	(11.1)
3. Rajasthan	391,649	80,234	59,938	1,555	82,251	23,145	103,923	40,603
		(20.5)	(15.3)	(0.4)	(21.0)	(5.9)	(26.5)	(10.4)
4. Uttar Pradesh	447,325	179,313	47,179	1,712	53,419	17,296	106,884	41,522
		(40.1)	(10.5)	(0.4)	(11.9)	(3.9)	(23.9)	(9.3)
5. Other States of India	556,942	232,156	43,202	5,631	64,215	24,944	134,319	52,475
		(41.7)	(7.8)	(1.0)	(11.5)	(4.5)	(24.1)	(9.4)

Source: Gujarat State-D-Series Tables-2001

It can be seen from the data given above that the main reason for the migration was "Work/employment". As much as 30.3 per cent of migrants moved due to work or employment as per 2001 census, this was followed by 26.5 per cent of migration which was due to the reason of "Moved with household". In 2001, the proportion

of migration due to marriage was 17.0 per cent. The reason for 9.4 per cent of migration was Business, and 6.2 per cent of migration was due to the reason titled "Moved after birth" and only 0.6 per cent of migration was for Education. The remaining 10.2 per cent of migration was due to other reasons.

ANNEXURE – V**BRIEF ACCOUNT OF MAIN RELIGIONS IN THE DISTRICT AS PER 1991 AND 2001 CENSUSES**

Religion is the basic cultural characteristics of the population. In secular country like India several religions have thrived and every decennial Census provides an interesting picture of the religious persuasions of the people. The data on religion yielded by the Census are of immense use for the Anthropologists, Sociologists, Demographers, Administrators, Planners and also for laymen.

The six main religions are i) Hindu, ii) Muslim, iii) Christian, iv) Sikh, v) Buddhist, and vi) Jain were recorded. In respect of 'Others', the actual religion returned was recorded. If a person said that he has no religion, it was recorded accordingly and if any person refused to state his religion it was recorded as 'religion not stated'.

DISTRIBUTION OF RELIGION AND TALUKAWISE POPULATION, 1991 CENSUS**(Recast data)**

Source: Gujarat State-C-Series Tables-2001

The statement above gives the details of distribution of population for Gujarat state and Navsari district by six major religions as per 2001 census.

It is revealed from the above tables that in Gujarat State, the percentages of Hindus as per 2001 census and 1991 census are almost same at 89.1 per cent and 89.5 per cent respectively. Population of Muslim religion is 9.1 per cent as per 2001 census, while in 1991 census, there percentages were 8.7. Jain religion is reported by 1.0 per cent of the population as per 2001 census; while in 1991 census it was 1.2 per cent. Under the religions of Christian and Sikh for both the censuses of 2001 and 1991, the percentages are

more or less same. In case of Buddhist, other religions and religion not stated percentages are very negligible for both these censuses.

In Navsari district 92.4 per cent have reported Hindu as their religion as per 2001 census. Muslim religion is reported by 5.7 per cent and 1.1 per cent are of Jain religion, under the remaining categories of religion, negligible percentages are seen. Similarly as per 1991 census also Hindu, Muslim and Jain were the main religions in Navsari districts. In the district 92.7 per cent were Hindus, 5.6 per cent were Muslims and 1.0 per cent were Jains and remaining 0.7 per cent, were classified under Christian, Sikh, Buddhist other religion and religion not stated.

ANNEXURE-VI

MARITAL STATUS OF POPULATION AS PER 1991 AND 2001 CENSUSES

The details of sex-wise marital status for Gujarat State and Navsari District as per 2001

Census are given below:-

MARITAL STATUS BY SEX-2001 CENSUS

Sl. No.	Marital Status	Gujarat			Navsari (Valsad)		
		Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7	8
1	Never married	24,132,905 (47.6)	13,647,899 (51.7)	10,485,006 (43.2)	560,644 (45.6)	315,113 (50.1)	245,531 (40.9)
2	Married	24,222,087 (47.8)	12,141,819 (46.0)	12,080,268 (49.7)	597,474 (48.6)	298,610 (47.5)	298,864 (49.8)

4	Divorced/Separated	204,347 (0.4)	98,594 (0.4)	105,753 (0.4)	8,644 (0.7)	3,102 (0.5)	5,542 (0.9)
5	Unclassified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)
	Total	50,671,017 (100.0)	26,385,577 (100.0)	24,285,440 (100.0)	1,229,463 (100.0)	628,988 (100.0)	600,475 (100.0)

Source: Gujarat State -C - Series Tables-2001

The above statements show marital status by sex in state as well as in the district. As per 2001 census, there are 47.8 per cent married and 47.6 per cent are never married in Gujarat state. Widowed are 4.2 per cent and Divorced / separated are only 0.4 per cent. Under the

category of 'Unclassified', not a single person is recorded.

In Navsari district 45.6 per cent are never married person as per 2001 census, census. The percentage of married, widowed and divorced / separated are 48.6, 5.1 and 0.7 respectively as per 2001 census.

DISTRIBUTION OF RURAL URBAN POPULATION BY MARITAL STATUS-2001

Sl. No.	Marital Status	Gujarat			Navsari (Valsad)		
		Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7	8
1	Never married	24,132,905 (47.6)	15,144,193 (47.7)	8,988,712 (47.5)	560,644 (45.6)	404,487 (45.3)	156,157 (46.4)
2	Married	24,222,087 (47.8)	15,058,801 (47.4)	9,163,286 (48.4)	597,474 (48.6)	435,384 (48.8)	162,090 (48.2)
3	Widowed	2,111,678 (4.2)	1,403,972 (4.4)	707,706 (3.7)	62,701 (5.1)	46,796 (5.2)	15,905 (4.7)
4	Divorced/Separated	204,347 (0.4)	133,801 (0.4)	70,546 (0.4)	8,644 (0.7)	6,443 (0.7)	2,201 (0.7)
5	Unclassified	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)	0 (0.0)
Total		50,671,017 (100.0)	31,740,767 (100.0)	18,930,250 (100.0)	1,229,463 (100.0)	893,110 (100.0)	336,353 (100.0)

Source: Gujarat State-C- Series Tables-2001

It can be seen that proportion of never married persons was 47.6 per cent in the state as compared to 45.6 per cent recorded in the district as per 2001 census. In rural areas the proportion of never married persons was 47.7 per cent in state and 45.3 per cent in the district. In urban areas the proportion of never married persons was at 47.5 per cent in state and 46.4 per cent in the district. As per 2001 census the proportion of married persons, in rural areas, was 47.4 per cent in Gujarat and 48.8 per cent in Navsari. In

2001 census, in urban areas the proportion of married persons was 48.4 per cent in Gujarat and 48.2 per cent in Navsari. The proportion of widowed was 4.4 per cent in rural areas of the state and 5.2 per cent in the district. The same for urban areas was 3.7 per cent in the state and 4.7 per cent in the district. The proportion of divorced/separated was 0.4 per cent in the state and 0.7 per cent in the district. There was no population reported under the category titled "Unclassified".

ANNEXURE – VII

AGE, SEX AND EDUCATION IN THE DISTRICT AT THE 2001 CENSUS

Literacy has occupied an important position in Indian Census in one form or the other from the very beginning. The definition of literates as adopted is “A person who can both read and write with understanding in any language is to be taken as literate”. A person who can merely read but can not write was not treated as literate. It is not necessary that a person who was literate should have received any formal education or should have

passed any minimum educational standard. All children below the age 7 are treated as illiterate. While processing the literacy data population of age group 0-6 is excluded.

The following statement gives the distribution of literates and illiterates by broad age groups and sex in the district as well as the State at the time of 2001 Census:-

LITERACY BY AGE -GROUP AND BY SEX-2001

Age Group	Particular	Gujarat			Navsari (Valsad)		
		Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7	8
7-14	Population	9,091,764	4,814,440	4,277,324	202,453	105,307	97,146
	Literates	7,599,713	4,206,428	3,393,285	183,377	96,027	87,350
	Literacy rate	(83.6)	(87.4)	(79.3)	(90.6)	(91.2)	(89.9)
15-29	Population	14,247,890	7,477,081	6,770,809	340,227	178,197	162,030
	Literates	11,060,357	6,435,890	4,624,467	291,913	159,704	132,209
	Literacy rate	(77.6)	(86.1)	(68.3)	(85.8)	(89.6)	(81.6)
30-44	Population	10,629,518	5,514,675	5,114,843	282,798	142,844	139,954
	Literates	6,709,301	4,203,305	2,505,996	197,117	111,462	85,655
	Literacy rate	(63.1)	(76.2)	(49.0)	(69.7)	(78.0)	(61.2)
45-59	Population	5,623,141	2,924,019	2,699,122	156,062	79,754	76,308
	Literates	3,056,151	2,050,778	1,005,373	95,703	58,160	37,543
	Literacy rate	(54.3)	(70.1)	(37.2)	(61.3)	(72.9)	(49.2)
60+	Population	3,499,063	1,628,474	1,870,589	98,123	44,616	53,507
	Literates	1,381,194	923,513	457,681	50,716	30,523	20,193
	Literacy rate	(39.5)	(56.7)	(24.5)	(51.7)	(68.4)	(37.7)
Age not stated	Population	47,237	26,740	20,497	517	330	187
	Literates	21,034	13,359	7,675	320	232	88
	Literacy rate	(44.5)	(50.0)	(37.4)	(61.9)	(70.3)	(47.1)

Source: All India -C- Series Tables-2001

It can be seen from the above table that as per 2001 census, in Gujarat State, the highest literacy rate of 83.6 per cent is registered in age group of 7-14 years, followed by 77.6 per cent in age group 15-29 years. In age groups of 30-44, 45-59 and 60+ there percentages are 63.1, 54.3 and 39.5 respectively. Also in the age group 'age not stated' 44.5 per cent population is reported. Thus it can be seen that in the lower age group,

proportion of literate was higher than that in higher age groups. Considering district level study, it can be seen that the same trend of state level is observed in the district. The literacy rates in terms of per cent in the age group of 7-14, 15-29, 30-44, 45-59 and 60+ are 90.6, 85.8, 69.7, 61.3 and 51.7 respectively as per 2001 census. Also state, district study shows that literacy rates at district level in each and every age group is higher than that of state.

LITERACY BY EDUCATION LEVEL-2001 CENSUS

Sl. No	Education level	Gujarat			Navsari (Valsad)		
		Persons	Males	Females	Persons	Males	Females
1	2	3	4	5	6	7	8

Source: All India -C- Series Tables-2001

The above statement shows number and percentage of literates in nine different education levels.

In the state, as per 2001 census, there were 286,886(1.0 per cent) literates who have no formal education, while in Navsari 5,025 (0.6 per cent) literates have no formal education. As per 2001 census, 27.1 per cent literates have below primary level of education in the state, the same proportion was also recorded for primary level of education. In Navsari as per 2001 census, 24.3 per cent have below primary level of education and 25.0 per cent have primary level of education, while 8.1 per cent

literates in the state and 8.9 per cent literates in Navsari have attained higher secondary level of education. The proportion of literates having graduate and above level of education was 6.3 per cent in the state and also in Navsari district . The proportion of literates having technical diploma or certificate not equal to degree is 1.4 per cent in the state and 2.0 per cent in the district. There were 17, 477 (0.1 per cent) persons in the state having non technical diploma the same is recorded at 701 (0.1 per cent) persons in the district. In 2001 there were 11,118 literates in Gujarat and 348 literates in the district in the category titled "Unclassified".
