NOTE

The census enumeration was carried out in full according to plan but the Government of India decided to restrict the tabulation for British India. Consequently the tables in this volume cover less than half the contemplated range and offer in effect only the distribution of the population by community and by province or state, district, tehsil and town.

Opportunity has been taken however to sort wherever possible the 1/50 random sample taken in every area.

2. The slips in which the remaining unsorted information is to be found are stored in each province against a possible reopening of tabulation in happier circumstances.

I—AREA, HOUSES AND POPULATION

1. This table shows for each district its area, the number of towns and villages, the number of occupied houses and the total urban and rural population, male and female in the province. Similar figures are given for 9 states of the Chhattisgarh States Agency and one state of the Bhopal Agency. The remaining 6 states of the Chhattisgarh States Agency which were hitherto included in the C. P. and Berar Census Reports were allotted this time to Bihar for the purpose of enumeration and tabulation and their statistics will appear in the Bihar tables. The difference between some of the areas shown here and those in the corresponding table of 1931 is due to transfers to Orissa and adjustments within the province as well as recalculation of areas as explained in the flyleaf of table II.

2. The area given in this table and Provincial Table I in some cases differ because the figures given in this table were adopted from the district figures given by the Survey of India while in Provincial Table I, the tehsil figures furnished by the Deputy Commissioners were adopted according to the instructions from the Census Commissioner for India.

3. The urban population is 2,189,805. Excluding towns which have less than 5,000 population the urban population is 2,152,406 and the urban/rural ratio 10 : 75.

II—VARIATION IN POPULATION DURING FIFTY YEARS

This table compares the population as ascertained at the census of 1941, of each district in the Central Provinces and Berar and the States of the Chhattisgarh and Bhopal Agencies (nine of Chhattisgarh and one of Bhopal) with that of the 5 previous censuses. The figures of the previous censuses differ from those shown in the previous census reports owing to subsequent transfers of territory from one district or state to another, within and without the province and also to the recalculation of area. The effect of these changes on the population of the districts or states concerned has been calculated and the figures adjusted accordingly.

The following are the districts and states for which transfers of territory have taken place :—

Between 1881 and 1891.—Mandla, Balaghat and Seoni.

Between 1891 and 1901.—Nagpur, Seoni, Hoshangabad, Nimar, Betul, Mandla and Balaghat.

Between 1901 and 1911.—Saugor, Narsingpur, Mandla, Balaghat, Hoshangabad, Nimar, Betul, Chhindwara, Chanda, Drug, Raipur, Bilaspur, Amraoti, Akola, Buldana and Yeotmal.

Between 1911 and 1921.—Damoh, Seoni, Hoshangabad, Chhindwara, Wardha, Nagpur, Bhandara, Balaghat, Raipur, Amraoti, Akola, Buldana, Yeotmal and Kanker State.

Between 1921 and 1931.—Drug, Raipur, Amraoti, Akola, Buldana, and Chhuikhadan State.

Between 1931 and 1941.—Raipur, Bilaspur, Saugor, Damoh, Hoshangabad, Narsinghpur, Chhindwara and Seoni.

An area 1,432 square miles from Raipur district and an area of 80 square miles from Bilaspur district were transferred to the new province of Orissa. The old districts of Damoh, Narsingpur and Seoni were amalgamated with Saugor, Hoshangabad and Chhindwara respectively and the Nerbudda division was abolished thus reducing the number of the administrative divisions from five to four.

The following were the transfers of districts from one administrative division to another due to the abolition of the Nerbudda division.

IV—CITIES CLASSIFIED BY POPULATION WITH VARIATIONS SINCE 1891

The figures of Railway areas not lying within Municipal limits but clearly forming part of the places have been included in those of the two cities. The population of Cantonment and Gun Carriage Factory have also been included in the figures of Jubbulpore city.

As the table is intended to show purely urban populations the figures have not been adjusted so as to allow for changes of areas.
