## P R E F A C E

The present volume contains the tables pertaining to religion and scheduled castes compiled on the basis of the 1971 census data. Tables relating to scheduled castes have been specially compiled and are presented in this publication. It does not include any tables on scheduled tribes as no such tribes have been recognised in the Constitution so far as Jammu and Kashmir State is concerned. The details of each of the tables which have been prepared on full count basis and incorporated in this publication are shown below :—

C-VII	Religion
C-VII (Appendix)	Details of religion shown under other religions and persuasions in main table C-VII Religion.
C-VIII, Part A	Classification by literacy and industrial category of workers and non-workers according to main activity among scheduled castes.
C-VIII, Part A (Appendix)	Scheduled castes classified by literates and illiterates.
<b>Special tables for scheduled castes :</b>	
SC-I, Part A	Industrial classification of persons at work and non-workers by sex for scheduled castes (Rural)
SC-I, Part B	Industrial classification of persons at work and non-workers by sex for scheduled castes (Urban)

SC-II	Age and marital status for scheduled castes.
SC-III, Part A	Education in urban areas only for scheduled castes.
SC-III, Part B	Education in rural areas only for scheduled castes.
SC-IV	Persons not at work classified by sex, type of activity and educational levels for scheduled castes.

For facility of reference, each table is preceded by a fly-leaf in which an attempt has been made to give a gist of the table as also the scheme of its presentation. The source of the data incorporated in compiling these tables is the reply recorded in the individual slip against questions 4, 5, 10, 11, 12, 13 and 16. Instructions issued to enumerating agency for recording the answers against these questions have been reproduced in Annexure-I.

I am thankful to Shri K. K. Chakravorty, Assistant Registrar General, India (C&T) and his staff for taking interest in scrutinising the tables presented in this publication.

In compiling this publication I should like to place on record my high appreciation of the labour put in by Shri G. L. Chehra, Investigator under whose guidance the tables incorporated in this volume were got prepared and checked. The assistance rendered by other members of the staff has been acknowledged separately.

## ANNEXURE I

### **RELEVANT QUESTIONS AND INSTRUCTIONS TO ENUMERATORS**

In order to facilitate correct appraisal of the data appearing in this publication, it is necessary to reproduce here the relevant questions and instructions given to the enumerating agency at the 1971 census operations for recording answers to these questions.

#### **Question 4 - Age :**

Record the age of the person in total years completed last birthday. Very often there is a tendency on the part of the individuals to return 'years running' rather than the 'years completed'. Make sure that only the actual number of years completed is recorded.

In respect of infants who might not have completed one year by the day of enumeration their age in completed years should be invariably shown as 'O' as they have not yet completed one year of age and add 'Infant' in brackets. Make sure that infants even if a day old are invariably enumerated and you should not enter the age in months.

#### **Question 5 - Marital Status :**

In answering this question use the following abbreviations :—

- NM — Never Married
- M — Currently Married
- W — Widowed
- S — Separated or Divorced

For a person who has never married at any time before, write 'NM'. For a person currently married, whether for the first or another time and whose marriage is subsisting at the time of enumeration with the spouse living, write 'M'. Write 'M' also for persons who are recognised by custom or society as married and for the persons in stable *de facto* union. Even if a marriage is disputed in the locality write 'M' if the person concerned says he or she is married or is in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married again, write 'W'. For a person who has been separated from wife or husband

and is living apart with no apparent intention of living together again or who has been, divorced either by a decree of a law court or by an accepted social or religious-custom but who has not re-married, write 'S'. For a prostitute return her marital status as declared by her.

#### **Question 10 - Religion :**

In answering this question use the following abbreviations :—

- H — Hinduism
- I — Islam
- C — Christianity
- S — Sikhism
- B — Budhism
- J — Jainism

For others record the actual religion as returned fully. If a person says that he has no religion it may be recorded accordingly. Do not mistake religion for caste which will not be recorded here.

#### **Question 11 - Scheduled Caste or Scheduled Tribe :**

You have been furnished with a list of scheduled castes and scheduled tribes notified for your State. Ascertain if the person enumerated belongs to a scheduled caste or scheduled tribe and if he does, then record the name of the scheduled caste or scheduled tribe which should find place in the list furnished to you. The answer should be recorded against the correct rectangle provided for the purpose against this question. For a person who is not a member of any scheduled caste or scheduled tribe write 'X' in both the rectangles.

If the person belonging to a scheduled caste or scheduled tribe returns his caste or tribe by synonym or generic name of a caste or a tribe it should be entered only if it finds a place in the list furnished to you. Do not write the names of scheduled castes in general terms as 'Harijan' or 'Achhut'. You should ascertain the name of the caste when it is returned and write it in the rectangle provided for recording the name. Similarly, do not write the names of scheduled tribes in general term as 'Adivasi'. You should ascertain the name of the tribe when it is returned and write

it in the rectangle with broken lines provided for recording the same. If a person is negligent and insists on calling himself merely 'Harijan' or 'Achhut' or 'Adivasi' as the case may be, tell him that this description is not adequate for census purposes and persuade him to give out the actual name of the caste or tribe. You should make all efforts to ascertain the correct name of the scheduled caste or scheduled tribe as found in the notified list. If the person merely claims to be a scheduled caste or scheduled tribe but says that he does not belong to any of the notified communities applicable to the area, he will not be entered as a scheduled caste or scheduled tribe.

Scheduled castes can belong only to the Hindu or Sikh religions. If a person belongs to scheduled caste, there will be either 'H' or 'S' in the answer to question 10. Scheduled tribes may belong to any religion.

#### **Question 12 - Literacy (L or O) :**

*Definition of a literate :* A person who can both read and write with understanding in any language is to be taken as literate. A person who can merely read but cannot write is not a literate.

It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard.

For a person who is literate i.e., who can both read and write, record 'L' in the triangle against question 12. If a person claims to be literate in some other language with which the enumerator is not acquainted, the respondent's word has to be taken as correct. Other members of the household may also be able to testify to the literacy of the person enumerated.

For a person who is illiterate i.e. who can neither read nor write or can merely read but cannot write, in any language, write 'O' in the triangle against question 12. All children of the age of 4 years or less should be treated as illiterate even if the child is going to a school and may have picked up reading and writing a few odd words.

#### **Question 13 - Educational Level :**

This question will be asked of those for whom 'L' has been recorded against question 12. For

a person who is still studying in a particular class, the highest educational level attained by him will be one that he has actually passed and not the one in which he is studying. For example, a person studying in 1st year B.A. should be recorded as only 'PUC' or 'Higher Secondary', as the case may be. Similarly, a person studying, say, in the 4th year of 'MBBS' should not be noted as 'MBBS' but as 3rd year 'MBBS' which is the highest level he has actually attained. If you are not sure whether a person has passed Primary, Middle, Higher Secondary or other definite levels, you may record the actual standard passed such as say IIIrd standard, VIIth standard, 1st year B.Com. etc.

The highest educational level attained by the person enumerated should be recorded. When a person holds both general and technical qualifications both of which are of equivalent level such as say B.Sc. (Zoology) and M.B.B.S. or B.A. (Maths) and B.E. (Bachelor in Engineering), the technical qualification should be given preference in recording the highest educational level attained. Where the general educational level is higher than the technical educational level or where it is not possible to decide which of the two levels is relatively higher, the highest level of education as returned by the person concerned should be recorded.

In recording the highest educational level of a graduate or a post-graduate subject of specialisation such as (B.Sc.) (Maths), M.A. (Economics), M.Sc. (Botany), B.Sc. (Agriculture), etc. should be noted. You should not use abbreviations which are not in common use. In such cases, the degree or diploma should be spelt out fully.

Whenever you come across graduates or post-graduates as also those with a technical diploma or degree, you will have to issue him a "Degree-holder and Technical Personnel Card" and ask the person concerned to fill it. You should note the location code on the card while issuing it. Put a tick () after noting the educational level against question 13 immediately after you issue a card. When you collect it after some time but before you complete the enumeration of your area, cross the tick and put a circle as ().

#### **Question 16 - Main Activity :**

Every person will be asked what his main activity is, that is, how he engages himself mostly.

For the purpose of this question, all persons will get themselves divided into two broad streams of main activity namely, (1) as workers and (2) as non-workers according as the type of main activity that the person returns himself as engaged in mostly.

*'Worker' defined:* A 'worker' is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but effective supervision and direction of work.

*Reference period:* The reference period is one week prior to the date of enumeration in the case of regular work in trade, profession, service or business. If a person had participated in any such regular work on any one of the days during this reference period and this has been returned as his main activity, the person will be categorised accordingly. A person who normally works but had been absent from work during this reference period on account of illness or travel, holiday, temporary breakdown, strike etc., the person should be treated as engaged in regular work in which he would have otherwise been employed but for his temporary absence. Persons under training such as apprentices with or without stipends or wages should be considered as economically active and recorded as working. A person who has merely been offered work but has not actually joined it, is not to be treated as engaged in work.

There are certain types of works which are not carried on throughout the year such as cultivation, livestock keeping, plantation work, some types of household industry, etc. A person's main activity should be ascertained with reference to such work in the last one year even if he was not economically active in the week prior to enumeration. It is likely that even when a person is engaged in some other work during the period of one week prior to the date of enumeration, the main activity of the person may be cultivation, agricultural labour or some other work attended to normally by him in the course of the year. Care must be taken to see that the main activity is properly ascertained in such cases. For example, a person's main activity may be agricultural labour and in the week prior to enumeration he may be engaged as a sugarcane factory labourer or as a road cooly. He should be categorised for his main activity as agricultural labourer only

as returned by him as he engages himself mostly in that work and the other work should be treated as his subsidiary work.

A man or woman who is engaged primarily in household duties such as cooking for own household or performing one's own household duties or a boy or a girl who is primarily a student attending institution, even if such a person helps in the family economic activity but not as a full time worker should not be treated as a worker for the main activity. On the other hand, if a person is primarily engaged in some economic activity but at the same time does also attend to some household chores or attends a night school etc., he or she should be treated 'basically as a worker for the main activity and categorised accordingly.

A person who merely receives an income such as a rent receiver or a pensioner who does not have to work for receiving the income, will not be treated as economically active unless the person is also engaged in some economic activity and if that activity is returned as the main activity of the individual.

**Question 16 (a) Broad Category (i) Worker (C, AL, HHI, OW) (ii) Non-Worker (H, ST, R, D, B, I, O).**

The main activity returned by the person will entitle him to be categorised either as a worker in 16(a) (i) or as a non-worker under 16(a) (ii).

**Question 16(a) (i) Worker (C, AL, HHI, OW)**

Where the main activity of a person qualifies him to be treated as a worker he should be further categorised according to the type of work and one of the appropriate abbreviations indicated against this question should be entered in the box provided for the purpose. If the person is not engaged in any economic activity an 'X' should be noted in the box. The abbreviations to be used for workers are explained below :—

**C : Cultivator**

For a person who returns his main activity as working as a cultivator, the abbreviation 'C' should be used.

*Definition of cultivator:* For purposes of the census a person is working as Cultivator if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the

owner or lessee of land held from Govt. or as a tenant of land held from private persons or institutions for payment of money, kind or share.

Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops and does not include fruit growing, vegetable-growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plantations.

A person who merely owns land but has given out land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as working as cultivator. Similarly, a person working in another person's land for wages in cash, kind or share (agricultural labourer) will not be treated as cultivator in this question.

#### **AL : Agricultural Labourer**

A person who returns his main activity as engaged as agricultural labourer, the abbreviation 'AL' should be used in the box.

*Definition of an agricultural labourer :* A person who works in another person's land for wages in money, kind or share should be regarded as an agricultural labourer. He has no risk in the cultivation but he merely works in another person's land for wages. The labourer could have no right of lease or contract on land on which he works.

#### **H. H. I. : Household Industry**

For a person who returns his main activity as engaged in some production, processing, servicing or repair of articles of goods such as, say, handloom weaving, dyeing, carpentry, bidi rolling, pottery manufacturer, bicycle repairing, blacksmithy, tailoring etc., it has to be ascertained if it is a household industry, and if so, it should be indicated by the abbreviation 'HHI' in the box.

*Definition of a household industry :* A household industry is defined as an industry conducted by the Head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and only within the premises of the house where the household lives in urban areas. The industry should not be run on the scale of a registered factory. The main criterion of a household industry is the participation of one or more

member of a household and this criterion should apply to urban areas too.

A household industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. It does not include professions such as a pleader or doctor or barber, musician, dancer, waterman, *dhoobi*, astrologer, etc., or merely trade or business, even if such professions, trade or services are run at home by members of household.

#### **OW : Other Workers**

If a person gives his main activity as engaged in any other work which is not cultivation, agricultural labour or household industry, this may be indicated by merely noting 'OW' in the box. The type of workers that may come under the 'Other Workers' category are factory workers, those working in trade or transport, all Government servants, municipal employees, teachers, mining workers, political or social workers, building labourers etc. etc. In effect, all types of economic activity not covered by cultivation, agricultural labour or household industry will come under this residual category. Workers engaged in plantation or forestry should not be treated as cultivators or agricultural labourers but as 'Other Workers'.

#### **Question 16 (a) (ii) Non-Worker (H, ST, R, D, B, I, O).**

While question 16 (a) (i) helps to broadly categorise all those who have returned some work as their main activity, 16 (a) (ii) will help to categorise those whose main activity is not engaged in any economically productive work, but are basically non-workers. These have been categorised under the following seven broad heads :—

#### **H : Household Duties**

This covers all those persons basically engaged in unpaid home duties doing no other work or even if such a person may also be participating in some other work, it is not to the same extent as a whole-time worker and if the person has returned his or her main activity as attending to household duties. The main activity of such a person should be entered as 'H'. If a person whose main activity is attending to household duties, also engages oneself in some other economic activity such as, helping in family cultivation or preparing cowdung cakes at odd times for sale etc.,

that economic activity will be covered as secondary work under question 17.

#### **ST : Student**

This refers to those whose main activity is returned as a student. This will cover all full-time students or children attending school. Even if such persons participated in some work but not to the same extent as a full-time worker, by merely helping casually as an unpaid family worker in family cultivation, household industry, trade or business, they should be treated primarily as students, if that is their main activity. 'ST' should be entered in the box. The other economic activity, if any, that such persons attend to will be reflected under question 17 as secondary work.

#### **R : Retired, rentier and persons of independent means**

A person who has retired from service and is doing no other work, i.e. not employed again in some full-time work or does not engage himself in some other work as cultivation, in business, trade, etc., or a person who is a rentier or living on agricultural or non-agricultural royalty, rent or dividend, or any other person of independent means for securing which he does not have to work, will come under this category. 'R' should be noted in the box for a person coming under this category.

#### **D: Dependents and infants**

This category will include all dependents such as infants or children not attending school or a person permanently disabled from work because of illness or old age. If a girl or an old woman attends to household duties she should be categorised under 'H' for her main activity rather than 'D'.

Dependents will include all non-workers even if ablebodied who have no other activity coming under any of the categories of non-workers and who are not seeking any work either but are purely dependent.

#### **B : Beggars, vagrants etc.**

This will cover beggars, vagrants or such cases as independent women without indication of source of income and those of unspecified sources of subsistence and who are not engaged in any economically productive work.

#### **I : Inmates of penal, mental and charitable institutions**

This will cover convicts in jails or inmates of a penal, mental or charitable institutions, even if such persons are compelled to do some work such as, carpentry, carpet weaving, vegetable growing etc., in such institutions. An under-trial prisoner in a jail should not, however, be brought under this category but has to be indicated according to the main activity he was engaged in before he was apprehended. Inmates of such institutions will be noted as 'I'.

#### **O : Other non-workers**

This will include all non-workers who may not come under any of the six categories above but are seeking work, they should be noted as 'O' in the box. A boy or girl who has completed education or has stopped studying and is seeking work, will come under this category. If a person is merely spending his time at home as a dependent and is not doing any work and is not seeking any work will come under 'D' rather than 'O'. A person irrespective of age and whether educated or not, if he reports that he is not engaged in any other activity but is seeking work will come under this category.

#### **Question 16 (b) to 16 (f) :**

These sub-parts of question 16 will have to be filled only to describe the details of the household industry or other work indicated against question 16 (a) (i). If the main activity has been shown as 'C' or 'AL' against 16 (a) (i), there is no need to give the details of the cultivation or agricultural labour in these sub-sections. Similarly, if the main activity of an individual has been returned as a non-worker against 16 (a) (ii), sub-sections (b) to (f) will not apply and a 'X' may be put right across all these questions.

#### **Question 16 (b) : Place of work (Name of village/town)**

Ascertain from each person who is already taken as a worker other than in cultivation or agricultural labour i.e. question 16 (a) (i) has been answered as IHII or OW, the village or town where he or she works. If the place of work is the same as the village or town of enumeration write 'PL'. In all other cases you should write the name of the place fully. If a person has no fixed place of work such as, say,

a travelling vendor of vegetables or a pedlar or a rickshaw puller who may go from one village or town to another, note 'No fixed place of work'. If he works in one particular town or village that should be noted.

#### **Question 16 (c) : Name of Establishment**

Record here the exact name of the factory, firm, workshop, business house, company, shop, office, etc., and in respect of public offices you should clearly indicate whether they are Central or State Government or Local Body offices etc. If the establishment does not have any definite name such as, say, in the case of a household industry like hand pounding of rice, gur making, bee keeping, handloom weaving, potter's house, blacksmithy etc., note 'No particular name'.

#### **Question 16 (d) : Nature of Industry, Trade, Profession or Service**

The answer to this question will have to be adequately precise to enable proper classification of the sector of economy in which the person is working. The sector of economy in which a person works may relate to (i) Plantation, Forestry, Fishing, Livestock etc., (ii) Mining and/or Quarrying (iii) Manufacturing (iv) Construction (v) Electricity, Gas or Water Supply (vi) Transport and Communications (vii) Trade and Commerce (viii) Professions and Services. Full details of the type of industry, trade-profession or service in which the person is engaged will have to be recorded here.

#### **Question 16 (e) : Description of Work**

Under this question, the description of the actual work that the person enumerated is doing is to be recorded irrespective of which type of industry, trade, profession or service he may be working and which is already recorded under question 16 (d). His actual work should also be given in sufficient detail. If for example a person is merely recorded as say, clerk with no other

details, it will be impossible to properly categorise him as to the type of work he does. He may be a clerk attending to correspondence or book keeping or accounting. Similarly, if a person were merely to be recorded as a mechanic, it will not help to determine what type of mechanic-electrical mechanic, or a motor mechanic or a locomotive mechanic etc., he is. The description of the actual work done by a person should be ascertained in adequate detail and recorded against this question.

For those in Military service it is enough if it is merely noted as 'in the service of the Central Government.' Other details need not be given.

#### **Question 16 (f) : Class of Worker**

For a person who is ;

- i) an Employer, that is, who hires one or more persons in his work described in question 16 (e), write.....ER
- ii) an Employee, that is, who does his work described in question 16 (e) under others for wages or salary in cash or kind, write.....EE
- iii) a Single Worker, that is, who is doing his work described in question 16 (e) without employing others except casually, and without the help of other members of the family except casually and a participant in work as members of co-operatives, write.....SW
- iv) a Family Worker, that is, who is doing his work described in question 16 (e) in a family enterprise alongwith other members of the family without wages or salary in cash or kind, write.....FW

For a person for whom an 'X' is put in question 16 (d) and 16 (e) put an 'X' in this question also.

**SOCIAL AND CULTURAL TABLES (C VII & C VIII)**

**TABLE C-VII**  
**RELIGION**

## **RELIGION**

### **(Fly-leaf to Table C - VII)**

A question on religion has always been asked at every census. The actual questions are reproduced below for all censuses since 1872 :—

1872	... Religion
1881	... Religion (caste if Hindu, Sect, if other religion)
1891	... Religion (Sect of religion)
1901	... Religion

1921	... Religion
1931	... Religion and Sect
1941	... Religion
1951	... Religion
1961	... Religion
1971	... Religion

Table C - VII is an important table giving the religion-wise population of the State down to tehsil/town level for all areas and separately for rural and urban areas. The table corresponds to Table C - VII of 1961 census.

The instructions to enumerators at the 1971 census were to use abbreviations in recording the names of six major religions, namely, Hindus, Muslims, Christians, Sikhs, Buddhists and Jains and to record the names of other religions in full. Separate figures have been given in the table for each of the major religious community. Others have been shown collectively under "Other religions and persuasions". The details of combined figures under this head are, however, shown in the Appendix to Table C-VII.

## **CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS ACCORDING TO MAIN ACTIVITY AMONG SCHEDULED CASTES**

**( Fly-leaf to Table C-VIII, Part A )**

At the 1971 Census, the following castes were recognized as scheduled castes in Jammu & Kashmir State in terms of Article 341 of the constitution of India :

1. Barwala
2. Basith
3. Batwal
4. Chamar or Ramdasia
5. Chura
6. Dhyar
7. Doom or Mahasha
8. Gardi
9. Jolaha
10. Megh or Kabirpanthi
11. Ratal
12. Saryara
13. Watal

Table C-VIII has two parts—Part A dealing with scheduled castes and Part B dealing with scheduled tribes. Since there are no scheduled tribes in Jammu & Kashmir State, only Part A of the table has been prepared and published.

The table presents the primary statistics of total scheduled castes in the State, its provinces, districts, tehsils and towns separately for all areas, rural areas and urban areas. It further gives the sex-wise number of scheduled castes (cols. 3-5), their distribution by literacy (Cols. 6-9),

the number of scheduled caste workers and their classification (cols. 10-31), listed below and the number of non-workers (cols. 32-33).

- I. Cultivators ;
- II. Agricultural labourers ;
- III. Livestock, forestry, fishing, hunting and plantations, orchards and allied activities ;
- IV. Mining and quarrying ;
- V. Manufacturing, processing, servicing and repairs :
  - (a) Household industry ;
  - (b) Other than household industry ;
- VI. Construction ;
- VII. Trade and commerce ;
- VIII. Transport, storage and communications ;
- IX. Other services.

Data giving the classification of scheduled castes, separately for each caste by illiterates, literate and educated persons down to tehsil/town level has been presented in the Appendix to table C-VIII, Part A.

The table which corresponds to table C-VIII, Part A of 1961 census incorporates useful data which will help in understanding the extent of spread of literacy and diversification of economic pursuits among scheduled castes.

## SPECIAL TABLES FOR SCHEDULED CASTES

**SC-I, PART A  
INDUSTRIAL CLASSIFICATION OF PERSONS AT WORK &  
NON-WORKERS BY SEX FOR SCHEDULED CASTES (RURAL)**

**INDUSTRIAL CLASSIFICATION OF PERSONS AT WORK & NON-WORKERS  
BY SEX FOR SCHEDULED CASTES (RURAL)**

**(Fly-leaf to Table SC-I, Part A)**

This is the basic economic table about scheduled castes comparable to Table SCT-I, Part A of 1961 census. It presents in a summarised form the Primary Census Abstract of each individual scheduled caste.

The table relates to rural areas only and classifies the scheduled caste population by each caste into two broad classes of 'workers' and 'non-workers' and further gives their break-up by sex upto district level. Workers have been further classified into the following 9 industrial categories :—

- I. Cultivators ;
- II. Agricultural labourers ;
- III. Livestock, forestry, fishing, hunting and plantations, orchards and allied activities ;

- IV. Mining and quarrying ;
- V. Manufacturing, processing, servicing and repairs :—
  - (a) Household industry ;
  - (b) Other than household industry ;
- VI. Construction ;
- VII. Trade and commerce ;
- VIII. Transport, storage & communications ; and
- IX. Other services.

This table is very important because not only the strength of each scheduled caste is given but the distribution of working population among different sectors of economy is also available.

**AGE AND MARITAL STATUS FOR SCHEDULED CASTES**

**AGE AND MARITAL STATUS FOR SCHEDULED CASTES**  
**(Fly—leaf to Table SC-II)**

Table SC-II gives the sex-wise number of all scheduled castes and individual castes classified by marital status for all ages and separately for broad age-groups, viz, 0-14, 15-44 and 45+. Data is presented for the State, its provinces and districts and corresponds to Table SCT-II of 1961.

The table incorporates important demographic data relating to age and marital status of scheduled castes. It is also possible to know

from this table and Table C-II Age and Marital Status for the total population, to be printed in Part II-C (ii), the proportion of each of the scheduled castes in different marital status to the total population in the corresponding age-groups and marital status.

The table is also of considerable sociological interest as it enables us to see how far the custom of child marriage is prevalent among scheduled castes.

1. Literate (without educational level) ;
2. Primary or junior basic ;

3. Matriculation or higher secondary ;
4. Non-technical diploma not equal to degree ;
5. Technical diploma not equal to degree ;
6. University degree, or post-graduate degree other than technical degree ;
7. Technical degree or diploma equal to degree or post-graduate degree.

**PERSONS NOT AT WORK CLASSIFIED BY SEX, TYPE OF ACTIVITY AND  
EDUCATIONAL LEVELS FOR SCHEDULED CASTES**

**(Fly-leaf to Table SC-IV)**

Table SC-IV gives sex-wise data about non-working scheduled caste population of the State, its provinces and districts, separately for all areas, rural areas, and urban areas. The figures have been presented for seven categories of non-workers, the last category 'others' largely comprising the unemployed persons. These categories of non-workers have further been cross-classified by the following educational levels :—

1. Literate (without educational level) ;
2. Primary or Junior basic ;
3. Matriculation and above but below graduate ;
4. Graduate and above.

The cross tabulation of various categories of non-workers by broad educational levels brings to surface the peculiarities of this segment of population in a wider and broader perspective. The table presents the data in respect of children attending school ; housewives and other members of household engaged in household duties and not

classified as economically active ; the sector of population earning without doing any work like beggars and vagrants, inmates of penal, mental and charitable institutions and others.

A detailed description of non-workers will be found in 'Instruction to Enumerators' given in Annexure—I appearing at the beginning of this Report. However, for facility of easy reference various types of non-workers are listed below :—

- i) Students ;
- ii) Household duties ;
- iii) Dependents and infants ;
- iv) Retired, rentier and persons of independent means ;
- v) Beggars, vagrants etc. ;
- vi) Inmates of Penal, mental and charitable institutions ;
- vii) Others.
