## INTRODUCTORY NOTE TO PART C

Each District Census Handbook contains a general account of the district and its people, census tables and statistics on the area, houses, population, general amenities available in villages and towns and the distribution of population by industrial categories of workers and non-workers for each village, town and lower units. Each District Census Handbook is published in three parts as given below:

*Part A*—Town and Village Directory.

*Part B*—Town and Village Primary Census Abstract

*Part C*—Present volume

Parts A and B relating to each districts were published together in one volume immediately after the 1971 census as soon as the data became available. Part C was originally intended to include Administrative Statistics such as land-use and cropping pattern, livestock and poultries, details of police force, jails, local bodies, educational institutions, medical institutions etc. But since these data have already been published by the Directorate of Economics and Statistics, it was decided to drop the Administrative Statistics and the report thereon from Part C of the District Census Handbbok and instead publish the Part C volume with the census tables pertaining to the district. Accordingly the Part C volume is now published showing all the important census tables.

Note:— 1. This table includes area, houses and population of forest areas also.

2. Towns treated as such for the first time in 1961 census which continue as towns in 1971 census are shown with asterisk (\*) on their left.
3. The following abbreviations have been used for the status of a town.  
M—Municipal. NM—Non-Municipal. Cantt.—Cantonment.
4. The area figures given in col. 3 for the districts represent provisional 'Geographical area' figures supplied by the Surveyor General, India. Figures for urban areas are those supplied by the local bodies. Area figures for rural areas are derived by subtracting the urban area figures from the total area of the district. The total area figures of taluks will not tally with the district figures because the former represent 'land use area' and are derived from the figures supplied by the Director of Survey and Land Records. The area figures for Highland, Midland and Lowland are compiled by the census office.
5. The density figures per km 2 shown under column 4 for urban area of district/taluk are worked out using the area figures corrected upto 2 places of decimals obtained by adding the area of individual town in the respective unit and not by using the area figures given in the table. For 'total' and 'rural' the density is worked out on area figures corrected upto one place of decimal.

Note : (i) Towns treated as such for the first time in 1961 census are shown with asterisk (\*) on their left.

† It is only in 1961 that Cannanore Municipality and Cantonment have been treated as separate towns. In the previous censuses these formed one town only though the cantonment was separated from the municipal limits as early as 1st January 1938. Hence from 1901 to 1951 the figures have been shown against the municipality.

§ The present Kanhangad town was known as Hosdurg town in 1951 census.

@ Baliapatam town of 1961 was renamed as Valapattanam in 1971 census.

(ii) The following abbreviations are used in column 5 for denoting status of a town.

MC—Municipality including cantonment. M—Municipal town. NM—Non-municipal. Cantt.—Cantonment.

(iii) The total for any class in any past census has been worked out as the total of towns of that particular class in that particular census. They include towns which might have been individually withdrawn from urban status in preceding or succeeding censuses. Except in case where several towns merged into one in which the class totals have been changed having regard to the computed population of the unit and not the individual towns.

(iv) Trichambaram town of 1961 has been merged with Taliparamba town of 1971 census.

Note:— 1. Figures of unspecified marital status are included in 'Total'.

2. All durations include 'Period not stated' also and as such will not tally with the total of figures under less than 1 year, 1-9 years and 10 years and above. Separate figures for the duration of period not stated are not given in this table.
3. In the case of urban areas the figures of 'unclassifiable last place of residence' are included in 'Total' as well as in section 'B. Outside India' whereas in the case of rural areas the figures of 'unclassifiable last place of residence' are included in 'Total' only.
4. NM stands for Never Married.  
M stands for Married.  
W&D stands for Widowed & Divorced.
5. ANS stands for 'Age not stated'
