PREFACE

The 1971 census was the first in Manipur after it was divided into five districts by a government order in November, 1969.

The census was conducted under the supervision of Shri H. Ranbir Singh, Director of Census Operations, Manipur. He was recalled by the State government before the tabulations were gone through. He continued to take interest in census work in his capacity as *ex-officio* Director of Census Operations, Manipur, until I took charge of the office in February 1976. Thus although this volume is going to press at a time when I happen to hold charge of the office, the entire credit goes to Shri Ranbir Singh for the successful completion of the work.

For each of the A-series tables and the State primary census abstract (PCA) presented in this volume, there is an explanatory note which will serve as an aid to the table. The concepts and definitions and the salient features of the tables have been discussed in the introduction. A few charts have been included in this publication to facilitate study.

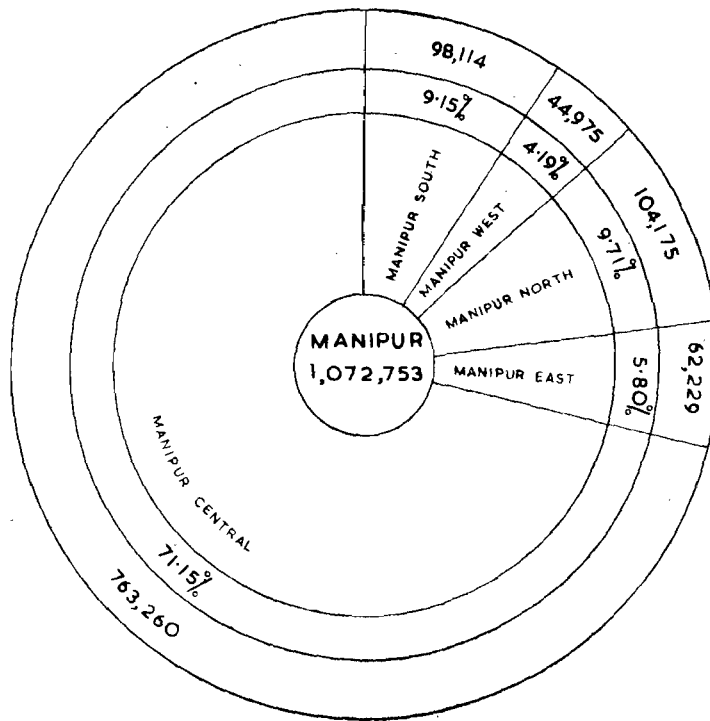

The compilation of this volume is the result of co-ordinated efforts of the tabulation unit of this directorate under the supervision of Shri N. Jogendra Singh, Assistant Director. He was ably assisted by M. Tejkishore Singh, Senior Investigator and Shri S. Birendra Singh, Tabulation Officer. Shri M. Tejkishore Singh prepared the first draft.

We are grateful to Shri R. B. Chari, Registrar General of India, Shri Badri Nath, Deputy Registrar General, and Shri K.K. Chakravorty, Asstt. Registrar General, for their help, guidance and encouragement in our work.

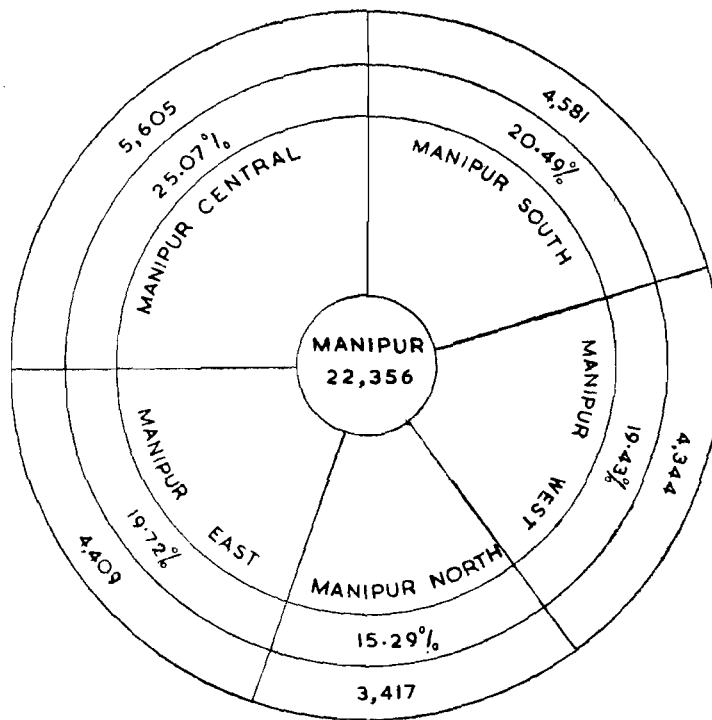

Imphal,
8 April, 1976

A. SEN GUPTA,
Deputy Director (D.P.)

PERCENTAGE OF POPULATION, 1971

PERCENTAGE OF AREA (km²), 1971

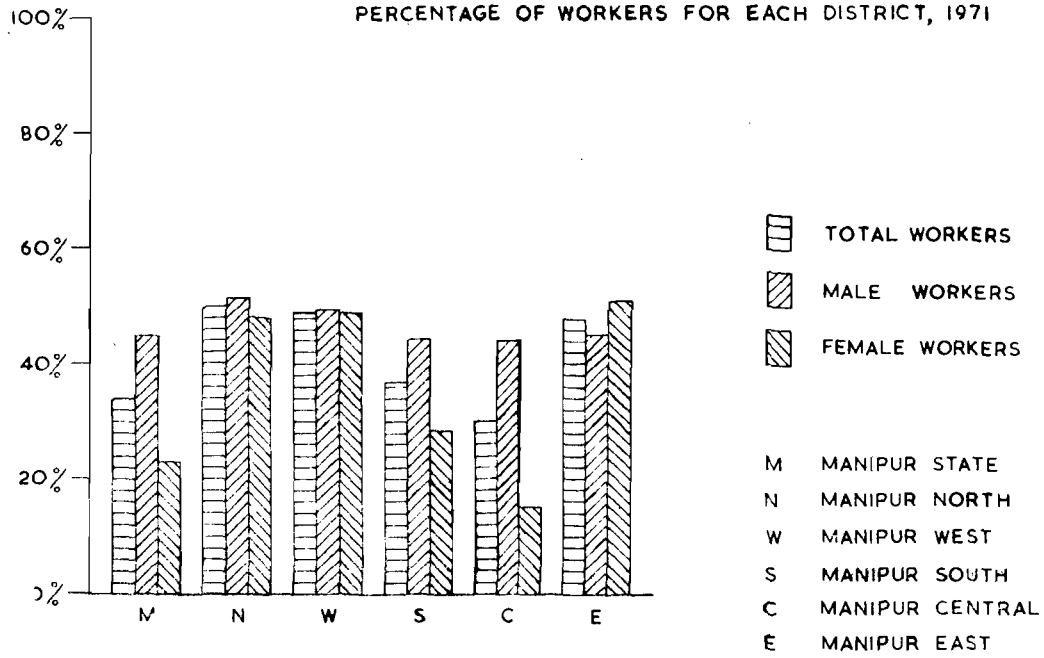

FIGURES AT A GLANCE
CENSUS OF INDIA 1971—MANIPUR

		Total	Rural	Urban
Population	Persons	1,072,753	931,261	141,492

PERCENTAGE OF WORKERS FOR EACH DISTRICT, 1971

MANIPUR

PERCENTAGE OF LITERATES FOR EACH DISTRICT, 1971

INTRODUCTION

In this volume, Part II-A of the 1971 census report of Manipur, are presented the general population tables—A series and the State primary census abstract. Table A-I presents area, houses and population. Table A-II shows the decadal variation of population since 1901. The villages classified by population in different population size groups are shown in Table A-III. In Table A-IV are shown the towns classified by population in 1971 with variation since 1.019. The standard urban area is a new feature in the 1971 census. Table A-V gives its details. The primary census abstract gives the figures upto the district/sub-division level. In addition there are three appendices to Table A-I, one appendix to Table A-II, one to Table A-III, one appendix to Table A-IV. There is also an explanatory note to Appendix I, Appendix I List A and Alphabetical list of towns and one Appendix for Table A-V. An explanatory note has been added as Fly-leaf to each table to explain further details.

2. Changes in Area

From 1901 onward there had been no change in the area of the state being 8,628 sq. miles. Prior to November 1969, Manipur was a single district territory. In 1969 the state had only 10 sub-divisions. They were (1) Imphal West, (2) Imphal East, (3) Bishenpur, (4) Thoubal, (5) Mao & Sadar Hills, (6) Tamenglong, (7) Jiribam, (8) Churachandpur, (9) Tengnoupal and (10) Ukhrul. According to the district re-organisation of the state in 1969, under the Manipur government order 20/39/69-D, dated 12 November, 1969, the former sub-divisions have been regrouped into 25 sub-divisions and the entire territory has been divided into five districts as under :—

Sl. No.	District	Area (km ²)	Hq.
1.	Manipur North	3,417.0	Karong
2.	Manipur West	4,344.0	Tamenglong
3.	Manipur South	4,581.0	Churachandpur
4.	Manipur Central	5,605.0	Imphal
5.	Manipur East	4,409.0	Ukhrul

The erstwhile sub-divisions of Mao & Sadar Hills, Tamenglong and Ukhrul have been upgraded as North district, West district and East district respectively. The Central district has been formed of the former sub-divisions of Imphal West, Imphal East, Bishenpur, Thoubal, Tengnoupal and the villages lying at the plain area of Jiribam sub-division. Churachandpur sub-division and 15 hill villages of Jiribam sub-division have formed the South district. These 15 hill villages of Jiribam sub-division have been transferred to Tipaimukh sub-division of the South district under Manipur government orders.

A tabular statement hereunder gives a detailed picture of the constituent sub-divisions of each district.

Constituent sub-divisions of each district of the State of Manipur. (Area figure supplied by the Director of Settlement and Land Records, Manipur)

Name of district	Name of sub-divisions	Name of Head-quarters	Area in (km ²)	Population (1971 Census)
1	2	3	4	5
Manipur North	(1) Mao West	Kangpokpi	1,258.0	30,442
	(2) Mao East	Tadubi	1,118.0	35,424
	(3) Sadar Hills	Saikul	1,041.0	38,309
Manipur West	(1) Tamenglong (North)	Tamei	1,078.0	7,732
	(2) Tamenglong (West)	Tousem	1,078.0	8,888
	(3) Tamenglong	Tamenglong	874.0	14,028
	(4) Nungba	Nungba	1,314.0	14,327
Manipur South	(1) Tipaimukh	Hmongzungkai	804.0	15,214
	(2) Thanlon	Thanlon	1,291.0	12,889
	(3) Churachandpur North (Henglep)	Henglep	717.0	12,114
	(4) Churachandpur	Churachandpur	668.0	46,417
	(5) Thinghat	Thinghat	1,101.0	11,480

1	2	3	4	5
Manipur Central	(1) Imphal East	Imphal	429.0	169,937
	(2) Imphal West	Imphal	479.0	241,155
	(3) Bishenpur	Bishenpur	530.0	108,306
	(4) Thoubal	Thoubal	405.0	181,771
	(5) Tengnoupal	Tengnoupal	970.0	17,389
	(6) Chandel	Chandel	1,019.0	10,407
	(7) Chakpikarong	Chakpikarong	1,386.0	10,927
	(8) Jiribam	Jiribam	387.0	23,368
Manipur East	(1) Ukhrul North	Chingai	847.0	10,381
	(2) Ukhrul Central	Ukhrul	1,235.0	31,740
	(3) Phungyar Phaisat	Phungyar	692.0	8,177
	(4) Kamjong (Chassad)	Kamjong (Chassad)	1,036.0	7,151
	(5) Ukhrul South	Kasom Khullen	599.0	4,780

3. Change in number of towns

In 1961 Imphal municipality was the only town in Manipur. There has been no change in the area of this town. This town has been upgraded to the status of a city in 1971 as the criterion for treating a town as city *i.e.* "a town which has a population of one lakh and over should be treated as a city" has been fulfilled.

In the 1971 census seven more towns have been added. Seven sub-divisional marketing centres have been declared as small towns. Government orders declaring the following small towns are given below :—

Small towns	Manipur government orders
(1) Lamlai	164/13/64-L(NA) of 2-2-65
(2) Thoubal	184/3/68-LSG(NA) of 10-1-69
(3) Kakching	152/2/60-L(NA) of 4-3-64
(4) Nambol	184/2/68-LSG(NA) of 22-8-68
(5) Bishenpur	184/1/68-LSG(NA) of 13-9-68
(6) Moirang	164/9/63-L(MUC) of 5-3-64
(7) Churachandpur	164/2/66-LSG(NA) of 26-3-68

The constituent villages and area of each village for the seven towns are shown below:—

Towns	Constituent villages	Area (km ²)
(1) Lamlai	(1) Lamlai	2.83
	(2) Challou	1.03
	(3) Napet	0.81
(2) Thoubal	(1) Thoubal Wangmataba	0.17
	(2) Thoubal Khetri Leikai	0.33
	(3) Thoubal Achouba	0.85
	(4) Part of Thoubal Athokpam	0.38
	(5) Part of Thoubal Nongangkhong	1.11
(3) Kakching	(1) Kakching Khullen Part I	0.85
	(2) Kakching Khullen Part II	0.43
	(3) Kakching Khullen Part III	0.13
	(4) Kakching Wairi Part I	0.40
(4) Nambol	(1) Nambol Makha	1.26
	(2) Nambol Awang	0.42
	(3) Part of Kha Jiri	N.A.
	(4) Part of Awang Jiri	N.A.
	(5) Phoijing	N.A.
	(6) Laitonjam	N.A.
	(7) Part of Khongkham	N.A.
	(8) Part of Maibam	N.A.
(5) Bishenpur	(1) Part of Bishenpur Kha	N.A.
	(2) Part of Bishenpur Awang	N.A.
(6) Moirang	(1) Part of Moirang Part I	N.A.
	(2) Moirang Part II	2.80
(7) Churachandpur	(1) Churachandpur H.Q.	0.35
	(2) Churachandpur Hill Town	0.32
	(3) Hengtam Lamka (Upper Lamka)	0.14
	(4) Bijang Loubuk (Lower Lamka)	0.29
	(5) Rengkai	0.41

N.A. stands for not available.

4. Changes in number of villages

In the words of Shri R.K. Birendra Singh, M.C.S., former Superintendent of census operations—"It appears that there has been no authoritative definition of a village. There is however one definition by convention; it is a **mauza** or area declared as a village at the time of settlement or by any competent authority. The most striking features of a village have been its stability in spite of rapid changes in the towns and the dependence of its people on agriculture as their means of livelihood". In the plain sub-divisions of the Central district, revenue villages are taken into account, but in the hill sub-divisions areas declared as village at the time of settlement is treated as a census village. Many villages which existed in 1961 have disappeared and many new villages have sprung up in 1971. There are 1949 inhabited and 44 uninhabited villages in 1971 as compared to 1866 inhabited and 42 uninhabited in 1961.

Among the 1949 inhabited villages, there are 8 villages with population of 5,000 or more in 1971 as against 2 only in 1961. These villages are found situated in the central district which seems to have the greater facilities of human habitation.

5. Literacy

As per the 1971 census, a person who can both read and write with understanding in any language has been taken as literate. A person who can merely read but cannot write is not treated a literate. Of the total population of 10,72,753 in Manipur, 32.91 p.c. is literate. If the children of age group 0-4 are excluded, the effective literacy rate comes to 38.47 p.c. The rate in the urban areas is 61.31 p.c. which is almost double of that in the rural areas which is 34.94 p.c.

6. House and households

A "census house" is a building or part of a building having a separate main entrance from the road or common yard or stair-case etc., used or recognised as a separate unit. It may be inhabited or vacant. It may be used for a residential or non-residential purpose or both. In the 1971 census 487 persons are found to be "houseless" i.e. without any house. The number was only 21 in the 1961 census.

A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so.

Total households in this state is 182,593 with average size of household as 6 members. The size of household in the urban area is 6.3, a bit higher than in rural area being 5.8.

7. Workers and Non-workers

A "worker" is a person whose main activity is participation in any economically productive work by his physical and mental activity. Work involves not only actual work but effective supervision and direction of work. Workers by different categories of workers and non-workers are furnished hereunder.

Total population	Total workers	Cultivators	Agricultural labourers	Livestock, forestry, fishing, hunting, and plantations orchards and allied activity	Mining and quarrying	Manufacturing processing, servicing and repairs		Construction	Trade and Commerce	Transport, Storage and Communications	Other services	Non-workers
						(a) Household Industry	(b) Other than household industry					
1	2	3	4	5	6	7	8	9	10	11	12	13
1,072,753	370,863	248,480	13,525	2,326	90	34,623	6,111	4,627	13,149	4,044	43,888	701,890

8. Standard Urban area

The essential features of a SUA are (i) it should have a core town normally with a minimum population size of 50,000, (ii) the contiguous areas made up of other urban as well as rural administrative units should have close mutual socio-economic links with the core town and (iii) the probability is that this entire area will get fully urbanised within a period of two and three decades.

There is only one standard urban area in Manipur-Imphal SUA. It contains the area of Imphal municipality and 85 surrounding villages.

A-I AREA, HOUSES AND POPULATION

Fly-leaf

Table A-I is the basic population table. It relates to areas, population and houses, villages, towns, number of occupied residential houses, households and population with its break-up. This table has been presented in two parts *i.e.* Union and State. While the Union Table presents the data for the State and districts, the State table furnishes the figures for the sub-divisions and towns in each district.

The districts and sub-divisions in this table have been arranged in order of their location codes allotted for census purposes. In preparing the location code numbers, the district codes numbers were allotted starting from the northern part of the State and proceeded anti-clockwise arriving at the eastern portion of the State as (1) Manipur North, (2) Manipur West, (3) Manipur South, (4) Manipur Central and (5) Manipur East. In the State table the district figures are presented followed by the constituent sub-division and towns of the district concerned. Table A-I is supplemented by three Appendix Tables which furnish additional data.

APPENDIX I

The Appendix shows the 1961 territorial units constituting the present set-up of the State.

APPENDIX II

This Appendix shows the number of villages with a population of 5,000 and over.

APPENDIX III

Households and population of 'Houseless and Institutional population' for each district of the State are presented in this appendix.

UNION TABLE A-I AREA, HOUSES AND POPULATION

NOTE 1 : The total area figures given in column 3 against State and district represent 'Geographical area' figures supplied by the Surveyor General. The urban area figures are based on the area figures of individual towns supplied by local bodies. The rural area for a district has been arrived at by subtracting the urban areas from the 'Geographical area' supplied by the Surveyor General.

2 : The density figures of 'Urban areas' of Sub-division/District/State have been worked out using the area figures corrected upto two places of decimal obtained by adding the areas of towns in the respective units and not using the area figures given in the table. For 'Total' and 'Rural' the density is worked out on area figures corrected upto one place of decimal.

3 : Towns treated as such for the first time in 1971 Census have been printed in italic).

4 : The following abbreviations have been used for the status of Town.

M—Municipality.

NAC—Notified Area Committee.

NA—Not available.

A-II DECADAL VARIATION IN POPULATION SINCE 1901

Fly-leaf

This table furnishes the inter-decade variations of population for the period from 1901 to 1971, alongwith the percentage of such variations. Prior to 1951 Census no data were compiled for the Sub-divisions and villages. The Census of 1951 and 1961 furnish the population figures for the villages. As such it has been possible to recast the population of 1951 and 1961 units which have constituted the present districts and show the inter-decade variation of population for the districts for the period 1951 to 1961.

APPENDIX

This Appendix will show the population in 1961 for the places which have undergone jurisdictional changes in 1971. Government order under which the present districts were formed have also been shown as foot note.

A-II DECADAL VARIATION IN POPULATION SINCE 1901

State/District	Year	Persons	Decade variation	Percentage decade variation	Males	Females

(e) Manipur East	4,409.0	62,229	4,744.0*	48,590	48,590	..

NOTE:—*Includes the area of 15 villages forming hill portion of Jiribam Sub-division transferred to Manipur South District for which details are not available.

1. The area figures under column 2 are those supplied by the Surveyor General, India, while those in column 4 are supplied by the State Surveyor.
2. Manipur State has been divided into 5 districts viz, Manipur North, Manipur West, Manipur South, Manipur Central and Manipur East in the inter-censal period *vide* Manipur Government Notification No. 196-E-164 of 12-11-69 forming the Sub-divisions as shown under:
 - (a) Manipur North District is formed out of Mao and Sadar Sub-divisions having an area of 2,543.0 Km² and a population of 34,231 and 37,808 respectively.
 - (b) Manipur West District is formed out of Tamerglong Sub-division having an area of 4,590.0 Km² and a population of 36,518.
 - (c) Manipur South District is formed out of Churachandpur Sub-division having an area of 4,501.0 Km² and a population of 62,418 and 15 hill villages having a population of 2,686 transferred from Jiribam Sub-division of Manipur Central District forming hill area of Tipaimukh Sub-division.
 - (d) Manipur Central District is formed out of (i) Imphal West Sub-division including parts of Imphal West portion of Imphal Municipality having an area of 417.0 Km² and a population of 178,235; (ii) Imphal East Sub-division including parts of Imphal East portion of Imphal Municipality having an area of 339.0 Km² and a population of 122,655; (iii) Bishanpur Sub-division having an area of 508.0 km² and a population of 78,853; (iv) Thoubal Sub-division having an area of 518.0 Km² and a population of 134,924; (v) Jiribam Sub-division excluding the area of 15 hill villages transferred to Manipur South District having an area of 684.0 Km² and a population of 15,440 and lastly (vi) Tengnoupal Sub-division having an area of 3502.0 Km² and a population of 27,679.
 - (e) Manipur East District is formed out of Ukhrul Sub-division having an area of 4745.0 Km² and a population of 48,590.

A-III VILLAGES CLASSIFIED BY POPULATION

Fly-leaf

This table corresponds to table A-III of 1961 Census and it shows the number of villages classified by the population size ranges of (i) less than 2,000 persons, (ii) 2,000—9,999 persons, and (iii) 10,000 and above. The first two groups are further subdivided into sub-groups as shown under each group.

	Less than 2,000			2,000—9,999	
Less than 200 persons	200—499 persons	500—999 persons	1,000—1,999 persons	2,000—4,999 persons	5,000—9,999 persons

The presentation of this table has been made in two parts. The first part is the Union Table which deals with State and district level while the second part gives the data down to the subdivision level.

APPENDIX

This Appendix shows the distribution of inhabited villages into 4 population ranges and the population in each range classified by districts.

* As separate population of three villages namely :-

(i) Tonsen in Thoubal Sub-division the population of which has been counted with Nungoo Part II,

(ii) Korang and

(iii) Tuitong in Chakpikarons Sub-division the population of which has been counted with Samtal, both in Manipur Central district, is not available, these villages have been excluded from range classification. However, the village with which the population of Tonsen, Korang and Tuitong is enumerated, are included in the range classification.

A-IV TOWNS CLASSIFIED BY POPULATION IN 1971 WITH VARIATION SINCE 1901

Fly-leaf

This table which corresponds to Table A-IV of 1951 and 1961 censuses, gives the variation in urban population separated by males and females, decade variation and percentage decade variation for each town during the last seventy years. The status and area figures are, however, confined to 1951, 1961 and 1971 censuses only.

The towns have been arranged in order of population size and are divided into six groups as follows :

Class I	100,000 & above
Class II	50,000 to 99,999
Class III	20,000 to 49,999
Class IV	10,000 to 19,999
Class V	5,000 to 9,999
Class VI	Less than 5,000

Imphal was the only town in Manipur till 1961 and it was all along treated as class II town except in 1951. In 1951 the area of Imphal was reduced to only 5.18 km², resulting to a considerable reduction in the total population of the town and it became a class VI town. In 1971 census, however, Imphal acquired the status of class I town.

In 1971, the concept of urban agglomeration with a stricter and more uniform definition was introduced in place of the town group concept of 1961 census. An urban agglomeration was formed by taking into account a continuous urban spread constituting a town and its adjoining urban out-growths, or two or more physically contiguous towns together with continuous well recognised urban out-growths if any, of such towns. This kind of urban growth has not been experienced in this state.

This table has been supplemented by an appendix. This appendix shows the new towns added in 1971 with area and population of each town. This appendix is further supplemented by a small table namely 'List A' which shows the towns having less than 5,000 persons.

An Explanatory Note to Appendix furnishes information on constituent villages of the new towns with population of each village in 1961 census. An alphabetical list of towns indicating the class/serial no. of each town follows these tables.

A-IV TOWNS CLASSIFIED BY POPULATION IN 1971 WITH VARIATION SINCE 1901

		5. Phojing	7	271
		6. Laitonjam	8	516
		7. Part of Khongkham	12	N.A.
		8. Part of Maibam	15	N.A.
Manipur Central	Lamlai	1. Lamlai	18	1,028
		2. Challou	19	495
		3. Napet	20	228

N.A. Stands for 'not available'.

A-IV TOWNS CLASSIFIED BY POPULATION IN 1971 WITH VARIATION SINCE 1901

APPENDIX I

List A

List with a population of under 5,000 treated as towns for the first time in 1971

Town	District	Area in Km ² in 1971	Popula- tion in 1971
1	2	3	4
Bishenpur	Central District	6.18	4,234
Nambol	Central District	6.22	3,296
Lamlai	Central District	4.67	2,219

ALPHABETICAL LIST OF TOWNS

Sl. No.	Town	State	District	Class/SI. No. of A-IV	Page No.
1	2	3	4	5	6
1.	Bishenpur	Manipur	Central	VI/1	20
2.	Churachandpur	Manipur	South	V/1	20
3.	Imphal . . .	Manipur	Central	I/1	20
4.	Kakching . . .	Manipur	Central	V/2	20
5.	Lamlai	Manipur	Central	VI/3	20
6.	Moirang	Manipur	Central	V/3	20
7.	Nambol	Manipur	Central	VI/2	20
8.	Thoubal	Manipur	Central	V/4	20

A-V STANDARD URBAN AREAS

Fly-leaf

This table has been newly introduced in the 1971 Census and it represents specially contiguous territory of urban-rural settlements. The data of the urbanisable areas in the next twenty years or so outside the jurisdiction of the existing towns are presented in the table. Basic data like area, civic status, area, density, occupied residential houses, houseless and institutional population are presented in this table.

APPENDIX

This appendix furnishes the Supplementary data included in the Primary Census Abstract of the urban and rural components of the 'Standard Urban Area'. The constituent villages of the rural components are shown with their location codes.

A-V STANDARD URBAN AREAS

State/District	Standard Urban Areas and Component Units	Civic Status	Area in Km ²	Population per Km ²	Number of residential houses occupied	Houseless Population			Institutional Population			Total Population (including Institutional and houseless population)	Population during 1951-71

NOTES:

- (1) The population of 1951 of Imphal has been adjusted to the 1971 area of the units.
- (2) The population of Keirang (Meitei) in 1961, included that of Kairang (Pangal) which is outside the standard urban Area and for which no separate figure is available. Since the area has been excluded from the S.U.A., adjustment has been made by the application of the growth rate formula. The population according to 1961 Census was 1,343.
- (3) The population of Lamdeng part II was not available for 1951 and 1961 since was treated as one unit. Hence adjusted population is given.
- (4) The whole of Bijoygovinda and Sagolband were treated as rural during 1951 census. However, in 1961, and in 1971 certain parts of areas were treated as urban. Since the corresponding population in 1951, is not known, break up has been made by the growth rate formula : $P_n = P_0(1+r)^n$. The Urban components have been included in (1) above.
- (5) The figures within the brackets indicate the Location code numbers of the villages.
N.A. stands for "Not available"

PRIMARY CENSUS ABSTRACT

Fly-leaf

This table is presented in two parts. The first part is the Union Primary Census Abstract which furnishes information upto district level whereas the second part i.e. the State Primary Census Abstract gives similar information down to the Sub-division/Town level.

The Tables furnish area in square Kms., number of occupied residential houses, households, total population by each sex, population of Scheduled Castes and Scheduled Tribes. The table further furnishes the number of literate and educated persons, the working population classified into 9 broad industrial categories and non-workers as a separate category.

The Primary Census Abstract summarises the important demographic information and is the basis for subsequent detailed Census tabulation.
