P R E F A C E

The Census of 1981 was taken in the State of Tripura during February-March 1981 with its reference date and time as at the sunrise of 1st March, 1981. Besides statistics on demographic particulars, data on distribution of population on the basis of social, cultural and economic aspects have also been collected in the census 1981 as was done in the earlier censuses. The statistics for religion of the population are one of these collected features in the 1981 Census.

To disseminate the data collected in the census to the data users and scholars, an elaborate tabulation plan has been formulated for publication of a number of volumes on different aspects. That might, of course, take sometime to finalise tabulation and printing.

In the present volume the data of religion in regard to our State of Tripura has been presented in the main table HH-15 which gives the household population by religion of head of household at Development Block/Town level, while the appendices and annexure incorporated in the present volume would give some more details about other religions and sects/belief/persuasion on religion clubbed with some other main religion etc. in regard to such household population. The purpose of the report would be deemed to be a success if the report could provide the ground materials for the data users and scholars.

The Census 1981 and its subsequent tabulation were conducted under the esteemed leadership of Shri S.R.Chakraborty, IAS, Director of Census Operations, Tripura and overall guidance from Shri P. Padmanabha, IAS, the then Registrar General and Census Commissioner for India. I am thankful to them.

Shri D.K. Choudhuri, Assistant Director of Census Operations, Shri Samiran Chakraborty, Investigator and the team of official under their supervision and guidance have done the job of preparing the tables. Their work is praise-worthy and I am thankful to them. I am thankful to Shri S.Das Choudhury, Sr.Stenographer and Shri S.R. Bhattacharjee, U.D.Clerk who have done a good job in typing out the report.

I must record my profound gratitude to Shri V.S.Verma, IAS, Registrar General, India for his valuable guidance and constant encouragement in publishing the volume. I am grateful to Shri V.P. Pandey, Joint Registrar General, India, Shri N.Rama Rao, Assistant Registrar General, India, Shri Madan Singh, Sr.Research Officer and other concerned officers of the office of the Registrar General, India for their valuable instructions and guidelines towards publishing this volume.

INTRODUCTORY NOTE

Religion is an important and perhaps the basic cultural characteristic of the population. In a secular State like India several religions have thrived and every decennial census provides an interesting picture of the religious persuasions of the people. The data on religion yielded by the census are of great interest to the public as well as to the scholars. At the census enumeration a variety of answers might have been provided to the questions on religion, some spurious and some merely sects to a major religion. A census enumerator had instructions to record the religion as actually returned by a respondent.

In the 1981 Census, question on religion was included in the Individual Slip filled-in for every person and the Household Schedule filled-in for a household. In question No.8 of the Individual Slip, the religion of the person enumerated was recorded, as returned. In question No.2 of Part I of the Household Schedule the religion of the head of the household as returned was filled-in.

A household is defined for the purpose of census as a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so. There could be a household of persons related by blood or a household of unrelated persons, or a mix of both. Examples of unrelated households are boarding houses, messes, hostels, residential hotels, rescue homes, jails, ashrams etc. These are called Institutional Households. In the case of Institutional Households, the information on religion of the head of the household was not collected in the Household Schedule. However, the information on religion of each inmate of the Institutional Household was collected in the Individual Slip filled-in by the enumerator for every person in the Institutional Household.

The head of the household for census purposes is the person on whom the chief responsibility for the maintenance of the household falls.

In the present paper, the data on main religious communities as returned in question 2 of the Household Schedule of the 1981 Census are being made available. In respect of the inmates of the institutional households, however, the data have been abstracted from the relevant individual slip as the household schedule does not provide data on religion in respect of the institutional households. In the present paper, the data on religion are presented for State/District/Development Block/City/Town.

Contd...../

Thus the data presented in this paper are based on (1) information on the religion of the head of the household in respect of normal households and the households of houseless population i.e. all households barring institutional households (2) information on the religion of each individual returned for question 8 of the Individual Slip in respect of individuals in the institutional households.

The instructions to enumerators for filling up Question 2 on religion of the head of the household in the Household Schedule are given below :-

"You have to record the religion of the head of the household as given by him against this question. While writing the religion, you have to write the abbreviations as follows on the line against this question and not in any dotted boxes provided at the end of the dotted line against this question :-

- For Buddhists - Write B
- For Christians. - Write C
- For Hindus - Write H
- For Jains - Write J
- For Muslims - Write M
- For Sikhs - Write S

For 'Others' record actual religion as returned fully. If a person says that he has no religion, it may be recorded accordingly. If a person refuses to state his religion you may write 'religion not stated'. You should not enter into any argument with the household for filling up this question. You are bound to record faithfully whatever religion is returned by the head of the household. For Institutional Households, put 'X' against this question."

A - Summary

The following are the main religious communities in the State as a whole. These are arranged in alphabetical order at State level :

Religious Community	Persons	Males	Females	Sex ratio (Females per 1000 males)
1	2	3	4	5
Buddhists	54,806	28,307	26,499	936
Christians	24,872	12,950	11,922	921
Hindus	18,34,218	9,41,722	8,92,496	948
Jains	297	196	111	597
Muslims	1,38,529	71,428	67,101	939
Sikhs	285	223	62	278

The percentage of the population accounted for by each of these major religious communities in 1981 Census and the rate of decadal growth of population during 1971-81 are given below at State level :-

Religious communities	Percentage to total population	Decadal growth rate	
		Percentage 1971-81	
1	2	3	
Buddhists	2.67	+	29.61
Christians	1.21	+	58.29
Hindus	89.34	+	31.61
Jains	0.02	-	20.80
Muslims	6.75	+	33.25
Sikhs	0.01	-	10.38

The pattern of distribution of the population of these major religious communities between rural and urban areas is as follows :-

Religious communities	Rural population	Percentage to rural population	Urban population	Percentage to urban population
1	2	3	4	5
Buddhists	54476	2.98	330	0.15
Christians	24358	1.33	514	0.23
Hindus	1616165	88.44	218053	96.67
Jains	101	0.01	196	0.09
Muslims	132169	7.23	6360	2.82
Sikhs	188	0.01	97	0.04

For the convenience of the reader Statement-I showing the growth of six major religions, 'Other religions and persuasions and 'Religion not stated' during 1971-81 is also given on the following page at State and District level. After this Statement - II - Household population in States/UT's by religion of head of household is given just to acquaint the reader with an overall position of six major religions in each State/UT of India according to 1981 Census.

It may be pointed out that the 1971 religion data was based on Individual slip, whereas this paper is based on the religion of the head of the household as given in the Household Schedule 1981 Census. This point should be borne in mind while comparing the data.

NOTE TO TABLE HH - 15

This table corresponds to table C-VII-Religion of 1981 and 1971. The only difference is that the figures for religion for 1961 and 1971 are based on the religion of the individual whereas the figures presented in this table give the household population classified by religion of the head of household in respect of all households except institutional households. In the case of institutional households, the information on the religion of each individual was abstracted from the Individual Slip. This table is followed by three appendices and an annexure.

The table gives data for persons, males and females separately for each of the six major religious communities viz., Buddhists, Christians, Hindus, Jains, Muslims and Sikhs by total, rural and urban for the State/District/Development Block/City/Town. The number of households are also given. The religions in the table have been arranged in alphabetical order and the data presented include all population - those living in normal households and institutional household and the houseless population.

The figures of other religions have been grouped together in the column 'Other Religions and Persuasions'. Details of other religions and persuasions, the strength of which at the State level is 100 and above each but the Appendix 'A' is not prepared as there is no other religion and persuasion having population of 100 or more at the State level. In the case of remaining faiths, the strength of which is less than 100 at State level, their details are given at State/District level in Appendix 'B'. Appendix 'C' and Appendix 'D' showing urban agglomeration extending over more than one district and urban agglomeration extending over more than one tehsil have not been prepared as there is no urban agglomeration in Tripura. The annexure which is followed by this table gives the details of sect, belief or religion clubbed with another religion which is shown at the head of the table in block letters.

NOTE ON APPENDICES AND ANNEXURE TO TABLE HH-15

The main table HH-15-Household population by religion of head of household - gives the distribution of population by six major religious communities (Buddhists, Christians, Hindus, Jains, Muslims and Sikhs) and the combined figures for 'Other religions and persuasions' and 'Religion not stated'. Appendix - A to table HH-15 gives the details of the religions shown under 'Other religions and persuasions' having a strength of 100 and above each at State level. This appendix has not been prepared as there is no such case in ~~other~~ Tripura. The remaining ~~religions~~ religions and persuasions the strength of each of which is less than 100 at the State level are given in Appendix-B. The data presented in this appendix are for the concerned districts.

The appendices are followed by an Annexure giving the details of sect, belief and religion clubbed with another religion which is shown at the head of the table in block letters.
