Introductory Note

Of late there has been persistent demand from local authorities and various data users for the supply of Primary Census Abstract for Scheduled Castes in Delhi. Data in this regard have been included in Part II-B & District Census Hand Book pertaining to the Union Territory. These reports will be printed in due course, In the mean time to meet the immediate needs, this Paper which presents data for the Delhi Union Territory, Delhi District, Delhi Urban Agglomeration comprising of Delhi Municipal Corporation (Urban), New Delhi Municipal-Committee, Delhi Cantonment and 22 Census Towns; Other Census Towns in the case of urban areas and for Tehsils in the case of rural areas, separately, has been brought out. The Primary Census Abstract gives the distribution of Scheduled Caste population by sex, literacy by sex and workers and non-workers again by sex. The workers are first divided in two categories - viz (i) main workers, and (ii) marginal workers. The main workers are further divided into four broad categories i.e. (i) Cultivators (ii) Agricultural Labourers (iii) Workers in Household Industry and (iv) Other workers. Since there are no Scheduled Tribes recognized as such in the Union Territory of Delhi, Primary Census Abstract for Scheduled Castes has only been given in this paper.

It is hoped that the data contained herein will be found quite useful.
