INTRODUCTORY NOTE

INTRODUCTORY NOTE

Religion is an important and perhaps the basic cultural characteristic of the population. In a secular state like India several religions have thrived and every decennial Census provides an interesting picture of the religious persuasions of the people. Data on religion yielded by the Census are of great interest to the public as well as the scholar. At Census enumeration a variety of answers might have been provided to the question on religion, some spurious and some being merely sects of a major religion. The Census enumerator had instructions to record the religion as actually returned by a respondent. For the sake of convenience of recording the answers as well as of subsequent tabulation, abbreviations were prescribed for major religions as 'H' for Hinduism, 'I' for Islam, 'C' for Christianity, 'S' for Sikhism, 'B' for Buddhism and 'J' for Jainism and in respect of others the actual religion as returned was recorded. Where a person said that he had no religion it was recorded accordingly.

In the main Census Table on Religion which will be produced as Table C-VII according to the 1971 Census Tabulation programme, the data on every single religion and faith is proposed to be provided in the All India as well as the State level publications and included in the relevant tables volumes of the 1971 Census. In the present paper the data on major religious communities returned at the 1971 Census are being made available for immediate use without having to wait for the final publication of the detailed tables along with other Census tables which will take considerable time for finalisation.

A Summary :

The following are the main religious communities that accounted for at least a million population in the country as a whole. These are arranged in the order of numerical strength at all-India level.

Religious Community	Persons	Males	Females	Sex Ratio (Females per 1000 males)
Hindus	453,292,086	234,837,669	218,454,417	930
Muslims	61,417,934	31,961,789	29,456,145	922
Christians	14,223,382	7,161,792	7,061,590	986
Sikhs	10,378,797	5,583,846	4,794,951	859
Buddhists	3,812,325	1,942,757	1,869,568	962
Jains	2,604,646	1,342,870	1,261,776	940

In all the tables relating to religion, the data on the main religions will be presented in the above order for the sake of convenience, even if within particular States/Union Territories the order of numerical strength of religions may not be the same as at all-India level.

The percentage of population accounted for by each of these major religious communities and the rate of decadal growth during 1961-71 are given below:

Religious Community	Percentage to total population	Decadal Growth Rate (percentage), 1961-71
Hindus	82.72	23.69
Muslims	11.21	30.85
Christians	2.60	32.60
Sikhs	1.89	32.28
Buddhists	0.70	17.20
Jains	0.47	28.48

The pattern of distribution of the population of these major religious communities between Rural and Urban areas is as follows:

Religious Community	Rural	Percentage to total Rural Population	Urban	Percentage to total Urban Population
Hindus	370,110,765	84.34	83,181,321	76.25
Muslims	43,732,953	9.96	17,684,981	16.21
Christians	10,666,676	2.43	3,556,706	3.26
Sikhs	8,402,738	1.91	1,976,059	1.81
Buddhists	2,849,277	0.65	963,048	0.88
Jains	1,046,406	0.24	1,558,240	1.43

The main Table on religion released through this Paper (see Section V) would give the distribution of population of each major religious community for All India and every State/Union Territory, District and City in the country.

For the convenience of the reader, under Section III of this book, the following four tabular statements are given:

Statement I	Distribution of population by religion, 1961 and 1971
Statement I(a)	Percentage distribution of population by religion, 1971
Statement II	Percentage growth rate of population by religion, 1961-71
Statement III	Percentage distribution of population of each major religious community among States and Union Territories, 1971

A brief discussion on the distribution pattern and the growth rate of each religious community will be found in Section IV. The maps given at the beginning of this book under Section I illustrate the pattern of distribution of the religious communities as well as their growth rates.

In the Annexure which forms the last section of this book i.e. Section VI the growth rate and the proportion of population of each major religious community, districtwise are given which will be very useful for an analytical study.

Acknowledgements :

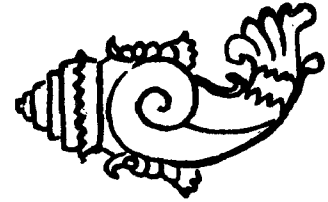

It is gratifying that we are able to release this data on religion so early and this has been possible because of the speed and assiduousness with which the data were processed and compiled by the Directors of Census Operations of the States and Union Territories and the promptness with which these data were scrutinised by the staff of my own office under the leadership of the Central Tabulation Officer, Shri K.K. Chakravorty for being presented in this paper. I wish to particularly acknowledge the invaluable services of Shri O.P. Sharma of my Personal Section who not only showed extraordinary dedication in designing and thoroughly scrutinising Statements and Tables but who helped me by drawing on his own personal knowledge of some local areas of Uttar Pradesh and thus discovering and setting right some serious errors in posting of data by the concerned State Tabulation office. He and his colleagues Sarvashri V.P. Kataria, D.N. Dixit, N.S. Bhatnagar, Smt. Tripta Sarin, Sarvashri Ganesh Dass and R.D. Ajbani were of immense help in the prompt and careful scrutiny of the tables as well as printed proofs. Shri V.P. Rastogi, Investigator in the Census Division, and his colleagues Sarvashri A.L. Sahni, S.S. Bhardwaj, N.L. Savita, R.K. Sapra and Jagdish Chander undertook the work of scrutiny, compilation, tabulation of the main tables and had to work almost on a war footing under the supervision of Shri G. P. Sharma, Research Officer. I wish to acknowledge their dedicated services. Sarvashri B.K. Madan and Brahm Dutt were also of great help in typing out the manuscripts.

The maps going into this Paper have been prepared in the Map Division of my office under the able guidance of Dr. B.K. Roy. The Census Commission is grateful to the Survey of India for the promptness shown in certifying the maps.

The end product i.e., this printed Paper, is the result of the pains taken by Shri N. Das Gupta, Manager, Government of India Press, Faridabad and his colleagues Sarvashri S. Jayaraman and S.K. Bardhan. I wish to thank them all. In my own office, Sarvashri A.N. Kapoor and O. P. Gupta were of great help in seeing through the printing.

Section IV

NOTE ON INDIVIDUAL RELIGIONS

NOTE ON INDIVIDUAL RELIGIONS

HINDUS

Hindus accounting for 82.72 per cent of the total population obviously form the predominant proportion of India's population. The sex ratio among the Hindus is 930 females per 1000 males. 84.34 per cent of the rural population and 76.25 per cent of the urban population of the country constitute Hindus.

As Statements I and I(a) given earlier would reveal, the proportion of Hindus exceeds 80 per cent of the population in all the States and Union Territories except the following: West Bengal (78.11 per cent), Chandigarh (71.68), Assam (71.04), Goa, Daman and Diu (64.18), Andaman and Nicobar Islands (60.92), Kerala (59.41), Manipur (58.97), Punjab (37.54), Jammu and Kashmir (30.42), Arunachal Pradesh (21.99), Meghalaya (18.50), Nagaland (11.43), and Laccadive, Minicoy and Amindivi Islands (4.86).

Distribution pattern of Hindus in the Districts :

If we considered the district level picture, out of 356 districts, in 256 districts the proportion of Hindus exceeds 80 per cent of the total population and in 62 it is between 50 and 80 per cent and in the remaining 38 districts less than 50 per cent. Map 1 showing the distribution of Hindus indicates a fairly distinct pattern of areas where Hindus form an overwhelmingly large proportion and the areas where they form a minority. While almost the entire country with the exception of the extreme North-North Western corner and the North Eastern corner and a few patches in the South Western corner shows that Hindus form over 80 per cent of the population, there is a distinct contiguous stretch of the country constituted of almost the entire Orissa State, three adjoining districts of Andhra Pradesh and a large adjoining tract covering half of Madhya Pradesh where the population is almost entirely (95 per cent or more) made up of Hindus. There is another distinct but small stretch of 6 North Western districts of Uttar Pradesh and 5 adjoining districts of Himachal Pradesh which are also overwhelmingly Hindu in its population composition. The following are the districts in which 95 per cent or more of the population is made up of Hindus :

Districts in which less than 50 per cent of the population is Hindu :

The areas in which Hindus form less than 50 per cent of the population are localisable in three distinct patches viz. (i) the extreme North-North Western tip of the country covering 7 districts of Jammu and Kashmir and 9 districts of Punjab (ii) the extreme North Eastern Region covering Arunachal Pradesh, Nagaland, parts of Manipur, Mizoram and Meghalaya and (iii) a small patch of 3 districts in Kerala and the Laccadive, Minicoy and Amindivi Islands. In these areas the predominant religions are Islam in Jammu and Kashmir, Sikhism in Punjab, Tribal faiths in Arunachal Pradesh, Christianity in Nagaland, parts of Manipur, Mizoram and Meghalaya, Christianity or Islam in parts of Kerala and Laccadive, Minicoy and Amindivi Islands. The districts in which Hindus form less than 50 per cent of the population are listed below :

Statement III given earlier under the previous section of this book indicated the distribution percentage of population of each religious community among different States. Uttar Pradesh accounts for 16.32 per cent of the total Hindu Population of the country, Bihar 10.38 per cent, Maharashtra 9.11 per cent, Madhya Pradesh 8.61 per cent, Andhra Pradesh 8.41 per cent, Tamil Nadu 8.09 per cent, West Bengal 7.64 per cent, Mysore 5.59 per cent, Gujarat 5.26 per cent, Rajasthan 5.09 per cent and the rest distributed among the remaining States and Union Territories. The proportion generally conforms to the distribution pattern of the total population except in States where the predominant religion is other than Hindu as in Jammu and Kashmir or Punjab.

Growth Rate of Hindu population :

It will be observed from Statement I under Section III that the proportion of Hindus which was 83.51 per cent of the total population in 1961 has gone down very slightly to 82.72 per cent in 1971 while other religious communities except Buddhists have improved their position though marginally. However the decline in the proportion of Hindus was not as large as in the previous decade 1951-61 when it fell from 84.98 per cent to 83.51 per cent. In the following States and Union Territories, however, the proportion of Hindus to total population in 1971 registered an increase over that of 1961 :

State/Union Territory	Percentage of Hindus to total population	
	1961	1971
1. Assam	69.75	71.04
2. Gujarat	88.96	89.28
3. Haryana	88.91	89.23
4. Himachal Pradesh	95.94	96.08
5. Jammu and Kashmir	28.45	30.42
6. Meghalaya	18.26	18.50
7. Nagaland	9.39	11.43
* Tripura	76.01	89.55
9. Andaman and Nicobar Islands	51.58	60.92
10. Goa, Daman and Diu	61.34	64.18
11. Laccadive, Minicoy and Amindivi Islands	1.09	4.86
12. Pondicherry	84.32	84.97

But in the following States and Union Territories there has been a substantial fall of over 1.50 points in the proportion of Hindus to total population between 1961 and 1971.

State/Union Territory	Percentage of Hindus to total population	
	1961	1971
1. Punjab	42.25	37.54
2. Manipur	61.68	58.97
3. Chandigarh	73.50	71.68
4. Dadra and Nagar Haveli	97.61	95.83

The decadal growth rate of Hindus conforms generally to the over-all growth rate of total population for the obvious reason that they form the overwhelming majority of the population. The growth rate of the total population of India in 1961-71 was 24.80 per cent and the Hindus increased by 23.69 per cent. Statement II under Section III may be referred to. In the following States and Union Territories there is a fairly wide disparity between the growth rate of total population and that of the Hindu population.

State/Union Territory	Percentage Growth Rate, 1961-71	
	Total population	Hindus
1. Jammu and Kashmir	29.65	38.60
2. Nagaland	39.88	70.23
3. Punjab	21.70	8.13
4. Tripura	36.28	60.56
5. Andaman and Nicobar Islands	81.17	113.95
6. Goa, Daman and Diu	36.88	43.21
7. Laccadive, Minicoy and Amindivi Islands	31.95	487.45

Migration could be the largest contributing factor to the differential growth rates noticed.

MUSLIMS

General

Muslims accounting for 11.21 per cent of the population of the country come next only to Hindus (82.72 per cent) in numerical strength. In absolute numbers the Muslims total 61,417,934 made up of 31,961,789 males and 29,456,145 females. The sex ratio among the Muslims is 922 females per 1000 males as against the country's average sex ratio of 930. The proportion of Muslims in urban population (16.21 per cent) is higher than in the rural population (9.97 per cent). In the following States and Union Territories, however, the proportion of Muslims in rural population is higher than in the urban population : Assam, Haryana, Jammu and Kashmir, Manipur, Tripura, West Bengal and Chandigarh. The following statement gives a comparative picture of the distribution pattern of Muslims in the States and Union Territories of India.

Proportion of Muslims in the population of States :

The States and Union Territories in which the population is predominantly Muslim are Laccadive, Minicoy and Amindivi Islands in which the population is almost entirely Muslim (94.37 per cent) and Jammu and Kashmir in which the Muslims form 65.85 per cent of the population. The States in which the proportion of Muslims exceeds the national average of 11.21 per cent are Assam (24.03 per cent), West Bengal (20.46), Kerala (19.50), Uttar Pradesh (15.48) and Bihar (13.48). The States and Union Territories in which Muslims form 5 per cent or more but less than the National average of 11.21 per cent are Mysore (10.63 per cent), Andaman and Nicobar Islands (10.12), Gujarat (8.42), Maharashtra (8.40), Andhra Pradesh (8.09), Rajasthan (6.90), Tripura (6.68), Manipur

(6.61), Delhi (6.47), Pondicherry (6.18) and Tamil Nadu (5.11).

The States and Union Territories with the largest proportion of their population constituting Muslims need not necessarily account for the largest number of Muslims in the country. Statement III given earlier under Section III indicating the percentage distribution of each major religious community among the States and Union Territories may be referred to. Uttar Pradesh accounts for the largest percentage (22.27 per cent) of the Muslim Population in the country, followed by West Bengal (14.76 per cent), Bihar (12.36) and then Maharashtra (6.89), Kerala (6.78), Assam (5.85), Andhra Pradesh (5.73) and Mysore (5.07), Jammu and Kashmir accounts for only 4.95 per cent of the Muslim population of the country. The other

States and Union Territories individually account for a very small proportion of the Muslim population of the country.

Distribution pattern of Muslims in the Districts :

If we considered the population composition of districts a fairly distinct pattern emerges. Map No. 2 may be referred to. Almost all the districts of Jammu and Kashmir excepting Jammu and Kathua, a belt of about 11 districts in Uttar Pradesh a string of six districts of West Bengal, one district of Bihar and four districts of Assam, the northern districts of Kerala and Laccadive, Minicoy and Amindivi Islands are the areas apart from one district (Jaisalmer) in Rajasthan and one district (Hyderabad) in Andhra Pradesh where a substantial proportion (exceeding 20 per cent) of the population are Muslims.

Districts whose population is predominantly Muslim (exceeding 50 per cent) :

In the following districts Muslims constitute more than 50 per cent of the population. Baramula (95.92 per cent), Anantnag (94.83), Srinagar (91.37), Punch (88.86), Doda (63.59), Rajauri (60.98) all in Jammu and Kashmir and in Laccadive, Minicoy and Amindivi Islands (94.37) and Malappuram district (63.93) of Kerala and Murshidabad (56.34) of West Bengal.

Districts in which 20-50 per cent of the population are Muslims :

The districts in which Muslims form more than 20 per cent but less than 50 per cent of their respective populations are given in the next column.

Areas where Muslims constitute less than 2.5 per cent of the population :

A study of Map 2 would also show that the areas where the Muslims form a small proportion of say less than 2.5 per cent of the population, can be identified in three distinct regions viz. (1) the area comprising almost entire Orissa State with the exception of Cuttack and Balasore districts, the North Eastern coastal districts of Andhra Pradesh, the eastern half of Madhya Pradesh and a couple of adjoining districts (Bhandara and Chandrapur) of Maharashtra (2) North Western districts of Uttar Pradesh, almost the entire Himachal Pradesh, Punjab and Haryana and (3) the North Eastern region covering Arunachal Pradesh, Nagaland, Manipur, Mizoram and Meghalaya. The first region is overwhelmingly Hindu in the composition of its population. So also is the second region except Punjab which is dominated by the followers of Sikhism. In the third region Christianity or Tribal faiths form the most predominant group.

The distribution of the 356 districts according to the

different ranges of proportion of Muslim population is as follows :

Percentage of Muslim population to total population, 1971	Number of districts
Upto 2.50	81
2.51—5.00	51
5.01—10.00	102
10.01—20.00	83
20.01—50.00	30
50.01 and above	9

Growth Rate of Muslim population :

Statement I under Section III shows that the proportion of Muslim population to total population has slightly increased from 10.70 per cent in 1961 to 11.21 per cent in 1971 an increase of 0.51 points. During the previous decade 1951-61 the increase was from 9.91 to 10.70 per cent i.e. 0.79 points.

In the following States and Union Territories the

gain recorded by the Muslims in their proportion to total population exceeds 0.50 points,

State/Union Territory	Percentage of Muslims to total population		Number of points increased
	1961	1971	
1. Kerala	17.91	19.50	1.59
2. Goa, Daman and Diu ..	2.33	3.76	1.43
3. Bihar	12.45	13.48	1.03
4. Uttar Pradesh	14.63	15.48	0.85
5. Mysore	9.87	10.63	0.76
6. Maharashtra	7.67	8.40	0.73
7. Delhi	5.85	6.47	0.62
8. Andhra Pradesh	7.55	8.09	0.54

In the following States and Union Territories the proportion of Muslims to total population has decreased between 1961 and 1971 though in absolute numbers there was no fall in the Muslim population in any of the units except Tripura.

State/Union Territory	Percentage of Muslims to total population		Number of points decreased
	1961	1971	
1. Tripura	20.14	6.68	-13.46
2. L. M. & A. Islands ..	98.68	94.37	-4.31
3. Jammu and Kashmir ..	68.30	65.85	-2.45
4. A. & N. Islands ..	11.64	10.12	-1.52
5. Assam	24.70	24.03	-0.67
6. Meghalaya	2.99	2.60	-0.39
7. Pondicherry	6.36	6.18	-0.18
8. Gujarat	8.46	8.42	-0.04

It must however be remembered that the decrease in proportion does not mean decrease in numbers. The greater growth rate of other religious communities either natural or due to immigration will have the effect of depressing the proportion of population accounted for by another community even if the growth rate as such of the population of that community may be high.

Statement II under Section III has already provided the growth rate of population by religion. The overall growth rate of Muslim population in the country during 1961-71 has been 30.85 per cent as against the general growth rate of 24.80 per cent of the total population. The States and Union Territories in which the growth rate of Muslim population is higher than

the all-India average growth rate of this community are as follows :

State /Union Territory	Percentage increase of Muslim population, 1961-71	Percentage increase of total population, 1961-71
	All-India	30.85
1. Nagaland	232.88	39.88
2. Chandigarh	153.58	114.59
3. Goa, Daman & Diu	120.89	36.88
4. Delhi	69.20	52.93
5. Dadra and Nagar Haveli ..	67.04	27.96
6. A. & N. Islands	57.54	81.17
7. Orissa	51.64	25.05
8. Manipur	46.06	37.53
9. Haryana	39.69	32.23
10. Maharashtra	39.50	27.45
11. Madhya Pradesh	37.80	28.67
12. Kerala	37.49	26.29
13. Rajasthan	35.27	27.83
14. Tamil Nadu	34.83	22.30
15. Mysore	33.71	24.22
16. Himachal Pradesh	32.51	23.04
17. Bihar	31.26	21.31
18. Assam	31.05	34.71

Though in some areas as Nagaland, Chandigarh, Goa, Daman and Diu etc. the growth rate is shown as very high, the absolute numbers involved are small and small additions by migration tend to exaggerate the growth rate. Another point that emerges is that the percentage of growth of Muslim population has been higher than the general population in almost all the above States and Union Territories except Assam and Andaman and Nicobar Islands.

In the following States and Union Territories the growth rate of Muslim population has been less than the all-India average growth rate of Muslims :

State/Union Territory	Percentage Growth Rate, 1961-71	
	Muslim population	Total population
All-India	30.85	24.80
1. Meghalaya	14.46	31.50
2. Pondicherry	24.17	27.81
3. Jammu and Kashmir	25.00	29.65
4. L. M. & A. Islands	26.19	31.95
5. Uttar Pradesh	26.77	19.79
6. Punjab	28.52	21.70
7. Gujarat	28.88	29.39
8. Andhra Pradesh	29.66	20.90
9. West Bengal	29.76	26.87

Within the State itself the growth rate of Muslim population has been higher than the growth rate of general population except in Meghalaya, Pondicherry, Jammu and Kashmir, L.M. & A. Islands and Gujarat.

The only State which shows an absolute fall in Muslim population is Tripura which records a decrease of 54.80 per cent. It is well known that prior to 1961 there was considerable illegal immigration of Muslim population from the then East Pakistan into Tripura. The subsequent return of these illegal migrants is obviously reflected in the fall in Muslim population of Tripura now recorded.

At the district level, their distribution according to different growth rate ranges of Muslim population is as follows :

Growth Rate (Percentage)	Number of districts
50.01 and above	49
30.01—50.00	155
20.01—30.00	101
20.00 and below	31
Negative	15

(In the Annexure at the end of this book is given a list of all the districts and the growth rate and proportion of each religious community districtwise)

CHRISTIANS

General

The third major religious community in the order of numerical strength of the population in the country as a whole are the Christians. The 1971 Census has recorded their total number to be 14,223,382. They however constitute only 2.60 per cent of the total population of the country. The sex ratio among the Christian population is 986 females per 1000 males. They form 2.43 per cent of the rural population and 3.26 per cent of the urban population.

Christianity appears most widespread in the Southern and North-Eastern region of the country. Statement III given earlier would show that Kerala accounts for 31.60 per cent of the Christians in the country, Tamil Nadu 16.65 per cent and Andhra Pradesh 12.82 per cent. Thus between these three Southern States more than 60 per cent of the entire country's Christian population is accounted for. Among the rest, Maharashtra has 5.04 per cent of the total Christian population. The other States and Union Territories account for only a small proportion of the Christian population. But in the North Eastern States like Nagaland and Meghalaya the composition of the population is predominantly Christian.

States and Union Territories in which 20 per cent or more of the population is Christian :

The only State in which Christians constitute more than 50 per cent of the population is Nagaland in which

66.76 per cent of the population are Christians. The other States and Union Territories in which 20 per cent or more of the population are Christians are: Meghalaya (46.98 per cent), Goa, Daman and Diu (31.77), Andaman and Nicobar Islands (26.35), Manipur (26.03) and Kerala (21.05).

States and Union Territories in which 2.51 to 10.00 per cent of the population is Christian :

The States and Union Territories in which the proportion of the Christian population exceeds the all-India average of 2.60 per cent but is below 10 per cent are given below. There are no States or Union Territories in which proportion of Christians falls in the range of 10—20 per cent. Pondicherry (8.76 per cent), Tamil Nadu (5.75), Assam (4.46), Andhra Pradesh (4.19). In the rest of the States and Union Territories the proportion is less than the national average. Christians form less than 1 per cent in the following States and Union Territories: Chandigarh (0.97 per cent), Arunachal Pradesh (0.79), Laccadive, Minicoy and Amindivi Islands (0.75), Madhya Pradesh (0.69), West Bengal (0.57), Gujarat (0.41), Jammu and Kashmir (0.16), Uttar Pradesh (0.15), Rajasthan (0.12), Haryana (0.10) and Himachal Pradesh (0.10).

Districts whose population is predominantly Christian :

In the following districts all of which are in the North-Eastern region, more than 50 per cent of the population are Christians,

STATEMENT VII (a)

DISTRICTS IN WHICH MORE THAN 50 PER CENT OF THE POPULATION IS CHRISTIAN

District	State/Union Territory	Christian population per cent of total population

The other districts in which a substantial proportion of more than 10 per cent of the population are Christians are :

18. Krishna	Andhra Pradesh	10.85
19. Raigarh	Madhya Pradesh	10.34
20. Karaikal	Pondicherry	10.28

The distribution of the 356 districts according to the different ranges of proportion of Christians in the total population is as follows :

Percentage of Christian population to total population, 1971	Number of districts
Upto 0.50	207
0.51—2.00	68
2.01—10.00	52
10.01—50.00	20
50.01 and above	9

Growth Rate of Christian population :

Though the Christians form only 2.60 per cent of the total population of the country, they have improved their position from 2.44 per cent ten years ago in 1961. The proportions have registered a marked increase in the following States :

State	Christian population per cent of total population	
	1961	1971
1. Manipur	19.49	26.03
2. Meghalaya	35.21	46.98
3. Nagaland	52.98	66.76

In Goa, Daman and Diu the proportion fell considerably from 36.26 to 31.77 per cent.

In the matter of over-all decadal growth rate between 1961-71 Christians have recorded a fairly high growth rate of 32.60 per cent as against the average growth rate of 24.80 per cent of the general population. Statement II may be referred to. The States and Union Territories in which the growth rate exceeded 50 per cent are :

State/Union Territory	Percentage decadal Growth Rate of Christians, 1961-71
1. L. M. & A. Islands	326.79
2. Chandigarh	188.81
3. Jammu and Kashmir	152.18
4. Dadra and Nagar Haveli	140.05
5. Orissa	88.48
6. Manipur	83.66
7. Nagaland	76.29
8. Meghalaya	75.43
9. A. & N. Islands	68.82
10. Tripura	56.52
11. Madhya Pradesh	51.91

However in most of the above areas as Statement I would show the total numbers involved were small and minor changes in numbers lead to high variations. Even in other States and Union Territories also the rate of growth of Christian population has been substantially higher than the growth rate of the general population. Only in the States of Gujarat, Himachal Pradesh, Kerala, Punjab, West Bengal, A. & N. Islands, Delhi, Goa, Daman and Diu and Pondicherry have the growth rates of the Christian population been less than that of the general population. By and large Christians seem to have gained considerably in their strength during 1961-71. The distribution pattern of districts in different growth rate ranges of Christians is as follows :

Growth Rate (Percentage)	Number of districts
100.01 and above	71
30.01—100.00	133
Upto 30.00	96
Negative	51

SIKHS

Sikhs numbering 10,378,797 form 1.89 per cent of the total population of the country. The sex ratio among them is 859 females per 1000 males. They form 1.91 per cent of the rural population and 1.81 per cent of the urban population.

Distribution pattern of Sikhs among States :

Quite obviously the greatest concentration of the Sikhs is in the Punjab. As Statement III had shown, 78.62 per cent of the total Sikh population of the country were in the Punjab. The other States accounting for at least 1 per cent of the total Sikh population were the adjoining Haryana (6.08 per cent), Uttar Pradesh (3.56), Rajasthan (3.29), Delhi (2.81) and Jammu and Kashmir (1.02).

In so far as the proportion of the Sikhs in the population of individual States is concerned, in Punjab 60.22 per cent of the population is made up of Sikhs. In Chandigarh they account for 25.45 per cent of the population. In no other State or Union Territory do they constitute even 10 per cent of the population. Delhi (7.16 per cent), Haryana (6.29), Jammu and Kashmir (2.29), Rajasthan (1.33), Himachal Pradesh (1.30), are the only other areas where at least 1 per cent of the population is made up of Sikhs. In the rest of the States and Union Territories they form an extremely small proportion.

Going down to the level of the districts, there are only 19 districts listed below which lie concentrated in Punjab and the nearby States with a sizeable population of Sikhs.

In the rest of the districts of the country the Sikh population forms a small proportion. The distribution pattern of districts is as follows :

Percentage of Sikh population to total population, 1971	Number of districts
25.01 and above	12
5.01—25.00	7
1.01—5.00	21
Upto 1.00	280
Nil or Negligible	36

Growth Rate of Sikh population :

The proportion of Sikhs in the total population has gone up from 1.79 per cent in 1961 to 1.89 per cent in 1971. A substantial increase is registered in Punjab from 55.48 in 1961 to 60.22 per cent in 1971, and in Chandigarh from 23.63 in 1961 to 25.45 in 1971 and in Jammu and Kashmir where it went up from 1.77 to 2.29 in the same period. In Delhi, Haryana and Himachal Pradesh however the proportion fell as follows :

State/Union Territory	Percentage of Sikhs to total population	
	1961	1971
1. Delhi	7.67	7.16
2. Haryana	6.81	6.29
3. Himachal Pradesh	1.93	1.30

The over-all growth rate recorded by the Sikhs during 1961-71 was 32.28 per cent which is much higher than the rate of increase (24.80 per cent) of the general population of the country. Though Statement II would indicate varying rates of growth of Sikh population in different parts of the country, they are largely not very meaningful on account of the small number of Sikhs in most regions. The only States and Union Territories worth considering are Punjab, Haryana, Himachal Pradesh, Jammu and Kashmir, Rajasthan, Uttar Pradesh, Delhi and Chandigarh. The growth rates of Sikh population recorded in these areas are as follows :

State/Union Territory	Percentage Growth Rate, 1961-71	
	Sikhs	Total population
1. Chandigarh	131.18	114.59
2. Jammu and Kashmir	67.87	29.65
3. Delhi	42.77	52.93
4. Punjab	32.08	21.70
5. Uttar Pradesh	30.29	19.79
6. Rajasthan	24.43	27.83
7. Haryana	22.04	32.23
8. Himachal Pradesh	—17.05	23.04

In Rajasthan, Haryana and Delhi the growth rate of Sikhs has been less than that of the general population. In Himachal Pradesh there has been an absolute fall in the Sikh population, which is obviously the outcome of the transfer of Simla to Himachal Pradesh from Punjab when the trifurcation of Punjab took place.

The distribution pattern of districts according to different growth rate ranges are as follows :

Growth Rate (Percentage)	Number of districts
100.01 and above	108
30.01—100.00	103
Upto 30.00	59
Negative	78

(No Sikhs reported in 3 districts both at 1961 as well as 1971 Censuses)

Note: Districts showing very high growth rates may be having a very small number of Sikhs.

BUDDHISTS

The total population of Buddhists recorded in 1971 was 3,812,325 and they constitute 0.70 per cent of the total population of the country. The sex ratio among them is 962 females per 1000 males. They form 0.65 per cent of the rural population and 0.88 per cent of the urban population.

Distribution pattern of Buddhists among States :

Taking the country as a whole the largest number of Buddhists is to be found in Maharashtra. In fact that State accounts for as much as 85.62 per cent of the total Buddhist population of the country. It is well known that the neo-Buddhist movement during the decade 1951-61 saw a large scale adoption of Buddhism particularly by the Scheduled Castes population in Maharashtra. The Buddhist population which was only 2,487 in 1951 in Maharashtra shot up phenomenally to 2,789,501 in 1961. Though this tempo was not maintained in 1961-71, Maharashtra still accounts for the largest proportion (85.62 per cent) of the Buddhists in the country and none of the remaining States individually accounts for even 5 per cent of the total Buddhist population. The other States and Union Territories accounting for about 1 per cent or more of the total Buddhist population of the country are West Bengal (3.19 per cent), Madhya Pradesh (2.15), Arunachal Pradesh (1.61), Jammu and Kashmir (1.52), Assam (1.19), Tripura (1.11), Uttar Pradesh (1.04) and Himachal Pradesh (0.94). Statement III may be referred to.

Though Maharashtra has over 85 per cent of the total Buddhist population of the country, Buddhists constitute only 6.47 per cent of the total population of the State. In Arunachal Pradesh the Buddhists account for 13.13 per cent of the total population of the territory. The only other States and Union Territories in which the proportion of Buddhists to total population exceeds the National average of 0.70 per cent are : Tripura (2.72), Jammu and Kashmir (1.26) and Himachal Pradesh (1.04).

Distribution pattern of Buddhists in the Districts :

Taking individual districts, there are two districts viz. Lahul and Spiti (61.53 per cent) in Himachal Pradesh and Ladakh (51.82) in Jammu and Kashmir in which the Buddhists constitute more than half of

the total population of the respective districts. The other district in which a substantial proportion of 37.98 per cent of the population is made of Buddhists is Kameng in Arunachal Pradesh. These three districts are well known seats of Buddhism in the country. There are altogether 25 districts in the entire country, in which Buddhists constitute 5 per cent or more of the population. These districts are given in the following statement :

STATEMENT IX DISTRICTS IN WHICH 5 PER CENT OR MORE OF THE POPULATION ARE BUDDHISTS

Growth Rate of Buddhist population :

The proportion of Buddhists to total population fell from 0.73 per cent in 1961 to 0.70 in 1971. Over-all growth rate of Buddhist population in the country during the decade is only 17.20 per cent which is much less than the general growth rate of 24.80 per cent. In the previous decade (1951-61) the Buddhists recorded a phenomenal growth rate of 2267.01 per cent. The large scale adoption of Buddhism by Scheduled Castes during that decade, under a neo-Buddhist movement appears to have contributed to this extraordinary growth rate. During the decade 1961-71 this tempo was obviously not kept up. In fact the growth rate recorded appears to be less than even the natural growth rate. It is possible that certain converts from Scheduled Castes to Buddhism preferred to return their religion as "Hindu" finding that as Buddhists they were not entitled to certain concessions available to Scheduled Castes ?

In the statement below are given the States each of which account for about 1 per cent or more of the total Buddhist population of the country and the growth rate of Buddhists recorded.

State/Union Territory	Total population of Buddhists, 1971	Percentage Growth Rate, 1961-71	
		Total Population	Buddhists
1	2	3	4
1. Maharashtra ..	3,264,223	27.45	17.02
2. West Bengal ..	121,504	26.87	8.24
3. Madhya Pradesh	81,823	28.67	-27.82
4. Arunachal Pradesh	61,400	38.91	N.A.
5. Jammu and Kashmir	57,956	29.65	19.84
6. Assam	45,212	34.71	27.35
7. Tripura	42,285	36.28	25.42
8. Uttar Pradesh ..	39,639	19.79	207.45
9. Himachal Pradesh	35,937	23.04	98.67

It will at once be observed that except in Uttar Pradesh and Himachal Pradesh the growth rate recorded of Buddhists in other States is poor, well below the growth rate of the general population. Madhya Pradesh shows even a fall. As already stated one wonders if the neo-Buddhist converts from Scheduled Castes in the previous decade had declared their religion as Hindu in view of the apprehension that they might lose some of the concessions of Scheduled Castes. The religion figures of 1961 for Arunachal Pradesh are not available for comparison.

In other States and Union Territories the growth rate of Buddhist shows a varying pattern but mostly on the high side, as for example Dadra and Nagar Haveli (+3550 per cent), Orissa (+1764) Chandigarh (+1433). All these do not merit detailed discussion as the total numbers involved are so small that even small additions make for disproportionately high percentage.

The distribution pattern of districts according to growth rate ranges of Buddhists is as follows :

Growth Rate (Percentage)	Number of districts
100.01 and above	159
30.01—100.00	49
Upto 30.00	40
Negative	94

(No Buddhists reported in 9 districts both in 1961 as well as 1971 Censuses.)

JAINS

The total number of Jains recorded at the 1971 Census is 2,604,646 forming 0.47 per cent of the total population of the country. The sex ratio among them is 940 females per 1000 males. They constitute 0.24 per cent of the rural and 1.43 per cent of the urban population. The Jains are essentially urban dwellers.

This is the only religious community whose total numbers (1,558,240) in urban areas exceeds their number (1,046,406) in rural areas.

Distribution pattern of Jains among States and Districts :

The Jains are spread largely in the Western region of the country. Maharashtra accounts for 27.02 per cent of the total population of Jains, Rajasthan 19.72 per cent and Gujarat 17.34 per cent and Madhya Pradesh 13.25 per cent. Mysore State also has 8.40 per cent of the Jain population of the country. The other States and Union Territories accounting for about 1 per cent or more of the total population of Jains are Uttar Pradesh (4.79 per cent), Delhi (1.94), Tamil Nadu (1.58), West Bengal (1.24), Haryana (1.20) and Bihar (0.97).

However even in the above States Jains form a very small proportion of the total population of the respective States. The States and Union Territories in which 1 per cent or more of the population is made up of Jains are : Rajasthan (1.99 per cent), Gujarat (1.69), Maharashtra (1.40) and Delhi (1.24).

Even if one went down to the level of Districts, there is not a single district in the country in which the Jains form even 10 per cent of the population. Only in two districts viz. Kutch (6.72 per cent) in Gujarat and Jalor (5.20) in Rajasthan does the proportion exceed 5 per cent. There are all told 29 districts in the country in which at least 2 per cent of the population is made up of Jains. These are listed below :

Growth Rate of Jain population :

The Jains have improved their position but only very slightly from a proportion of 0.46 per cent of the total population in 1961 to 0.47 per cent in 1971. The over-all growth rate recorded by the Jain population during the decade 1961-71 is 28.48 per cent which is more than the general growth rate of 24.80 per cent.

Confining ourselves to States and Union Territories in each of which there are atleast 20,000 Jains, the

rates of growth recorded in each of such units are given below :

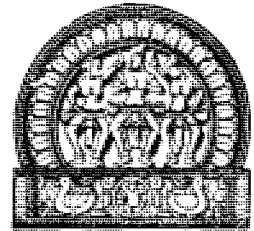

State/Union Territory	Population of Jains	Percentage Growth Rate, 1961-71	
		Total population	Jains
1	2	3	4
1. Maharashtra	703,664	27.45	44.88

11. Bihar	25,185	21.31	43.11
12. Punjab	21,383	21.70	-0.58

The poor growth rates observed in Gujarat, Uttar Pradesh, West Bengal, Haryana and Punjab may be due to the migration of the Jains to other areas.

Going down to the district level of the 351 districts in the country the distribution of the districts in different growth rate ranges are as follows :

Growth Rate (Percentage)	Number of districts
100.01 and above	65
30.01—100.00	118
Upto 30.00	101
Negative	60

(No Jains reported in 7 districts both in 1961 as well as 1971 Censuses).

RELIGION TABLES

RELIGION TABLES

Fly-leaf

The Tables that follow give the distribution of population by six main religious communities *viz.*, Hindus, Muslims, Christians, Sikhs, Buddhists and Jains. They also give combined figures for 'Other Religions and Persuasions', the details of which will be given after they are fully compiled in the Supplement to Table C-VII to be published in due course as part of one of the main Census Table Volumes, *viz.*, Part II-C (i) of the 1971 Census Series. However, in the Appendix to the Union Table C-VII—Religion, of the present Paper, the particulars of Zoroastrians that are readily available at this stage

are given. The last column, *viz.*, 'Religion not stated' gives figures for such of the persons who did not return any religion.

The Union Table presented in this Paper gives figures for the Country, States and Union Territories and the State Table gives figures for States, Union Territories and Districts. There is a 'City Table' also which gives figures for towns with a population of one lakh and above in each State and Union Territory. The Appendix gives figures of Zoroastrians for the Country, States and Union Territories.
