## FOREWORD

The Primary Census Abstract (PCA) of the 1981 Census in respect of the Union Territory of Mizoram and its districts is now ready for publication in final form. It will be released as Part II-B in the regular series of 1981 Census reports. Since this publication will take some time to come out and since the State Government and other official organisations are in urgent need of certain important population statistics in respect of each territorial unit for various administrative purposes, it has been decided to bring out the Special Primary Census Abstract of Scheduled Castes and Scheduled Tribes as a separate paper. The Special Primary Census Abstract of Scheduled Castes and Scheduled Tribes contains data at the level of the Town and Community Development Block. No analytical notes or other descriptive material has been made, because, this would lead to delays in the preparation of the Paper and its printing.

It may be noted that the territorial units for which the data are presented in this paper conform to the position that existed on the reference date of the Census, i.e., 1st March, 1981, and subsequent territorial changes have not been taken into account.
