## PREFACE

In conformity with the past Indian Census tradition, the Census data collected during the 1971 Census have been compiled and presented in the form of Census report. The present volume depicts the demographic variables and social and cultural aspects of the people of this state which may be of great interest to the scholars, planners and other data users.

In my office, I am grateful to my dedicated Tabulation Officer Shri J. C. Datta who has not only prepared this report but also borne the brunt of entire tabulation and printing. My grateful thanks are also due to Sarvashri D. C. Pathak and A. Jahan, Statistical Assistants for their painstaking efforts in the compilation and tabulation of data. The typing of the manuscripts was done by Smt. Supriti Kanungo and Shri T. Yaima Singh.

I express my deep debt of gratitude to Shri A. Chandra Sekhar, I.A.S., former Registrar General of India under whose guidance the 1971 Census was conducted. I am also grateful to Shri K. K. Chakravorty, Asstt. Registrar General, India for his help and guidance in all matters connected with the 1971 Census.

The extracts for the Instruction of Enumerators relating to questions 2, 4, 5, 12, 13, 14, and 15 on the basis of which these tables are compiled are reproduced below :—

#### Question 2 : RELATIONSHIP TO HEAD :

In the case of the Head of the household write 'Head'. The Head of the Household for census purpose is a person who is recognised as such in the household. The Head of the household need not necessarily be the eldest male member, but may even be a female or a younger member of either sex.

In the case of institutions like boarding houses, messes of friends living together in one census house which should be regarded as households of unrelated persons living together which may be called institutional Households, the manager or Superintendent or the person who has administrative responsibility or who by common consent is regarded as the head should be recorded as the Head of the household. In the case of absence of a normal 'Head' the person on whom the responsibility of managing the affairs of the household falls, should be regarded as the Head.

#### Question 4: AGE

Record the age of the person in total years completed last birthday. In respect of infants who might not have completed one year by the day of enumeration their age in completed years should be invariably shown as 'O' as they have not yet completed one year of age and add 'Infant' in brackets.

#### Question 5 : MARITAL STATUS

In answering this question use the following abbreviations :

- NM : Never Married
- M : Currently Married
- W : Widowed
- S : Separated or Divorced

For a person who has never been married at any time before, write 'NM'. For a person currently married, whether for the first or another time and whose marriage is subsisting at the time of enumeration with the spouse living, write 'M'. Write 'M' also for the persons who are recognised by customs of society as married and for the persons in stable *de facto* union. Even if a marriage is disputed in the locality write 'M' if the person concerned says he or she is married or is in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married again write 'W'. For a person who has been separated from wife or husband and is living apart with no apparent intention of living together again or who has been divorced either by decree of a law court or by an accepted social or religious custom but who has not re-married, write 'S'. For a prostitute return her marital status as declared by her.

#### Question 6 : FOR CURRENTLY MARRIED WOMEN ONLY

This question has to be answered in respect of all currently married women only i. e., all women whose marital status is shown as 'M' against Q. 5. For all others a cross may be put through the two sub-parts of this question.

#### Question 6 (a) : AGE AT MARRIAGE

You should ascertain the age at which the currently married women whom you are enumerating was married and record that age in completed years. If the currently married woman had been married more than once, the age at which she got married for the first time should be recorded.

#### Question 6 (b) : ANY CHILD BORN IN THE LAST ONE YEAR

You should ascertain if the currently married woman whom you are enumerating gave birth to a child in the last one year prior to the date of enumeration. Since it may be difficult for a person to reckon the exact year with reference to the English calendar dates, the period of one year may be ascertained with reference to a well known festival day which falls close to Feb-March as determined by the Census Superintendent of the State. You should ask if a child was born on or after this festival day last year to the date of enumeration. Only if the child was born alive even if the child had died soon after birth, should the answer be 'yes' to this question. Still birth i.e. a child which is born dead should not be taken into account for this purpose.

#### Question 10 : RELIGION

In answering this question use the following abbreviations:

- H : Hinduism
- I : Islam
- C : Christianity
- S : Sikhism
- B : Buddhism
- J : Jainism

For others record the actual religion as returned fully.

If a person says that he has no religion it may be recorded accordingly. Do not mistake religion for caste which will not be recorded here.

#### Question 12 : LITERACY (L or O)

*Definition of literate* : A person who can both read and write with understanding in any language is to be taken as literate. A person who can merely read but cannot write is not a literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard. For a person who is literate i.e., who can both read and write, record 'L' in the triangle against question 12. For a person is illiterate i.e. who can neither read nor write or can merely read but cannot write, in any language write 'O' in the triangle against question 12. All children of the age of 4 years or less should be treated as illiterate even if the child is going to a school and may have picked up reading and writing a few odd words.

#### Question 14 : EDUCATIONAL LEVEL

This question will be asked of those for whom 'L' has been recorded against question 12. For a person who is illiterate and 'O' has been put against him in the answer to questions 12, there is no advantage in ascertaining the educational level even if he had at some stage attended school and passed a standard and had relapsed into illiteracy. For a person who is still studying in a particular class, the highest educational level attained by him will be one that he has actually passed and not the one in which he is studying.

**Question 14 : MOTHER TONGUE**

Definition: Mother-tongue spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother-tongue. In the case of infants and deaf mutes the language usually spoken by the mother shall be recorded. You are bound to record the language as returned by the person as his mother-tongue and you should not enter into any argument with him and try to record anything other than what is returned.

**Question 15 : OTHER LANGUAGES**

After recording the mother-tongue in question 14 enquire whether the person knows any other language (s), Indian or foreign and record language(s) returned by him against this question. In case he does not know any language apart from his mother-tongue put 'X' against this question. The number of languages recorded under this question need not be more than two. These languages should be other than his mother-tongue and they should be recorded in the order in which he speaks and understands best and can use with understanding in communicating with others.

**Part B (i)** — Households where the head is a male by relationship of members with the head.

**Part B (ii)** — Households where the head is a female by relationship of members with the head.

*Fly leaf*

These tables have been prepared down to district level for total, rural and urban areas—from the Population Record.

The table C-I Part A gives the information relating to the members of households by relationship to head of household classified by age-groups. The age-groups of the head of household are as follows :—

- (i) Less than 30
- (ii) 30—49
- (iii) 50+

The table C-I Part B (i) gives the information pertaining to the households where the head is a male by relationship of members with the head.

The table C-I Part B (ii) gives the information pertaining to the households where the head is a female by relationship of members with the head.

In arriving at the total population as shown in these tables, houseless and institutional populations have not been taken into account.

These tables have been generated on computer in the office of the Registrar General of India.

## TABLE C-III

### PART A—AGE, SEX AND EDUCATION IN ALL AREAS

### PART B—AGE, SEX AND EDUCATION IN URBAN AREAS ONLY

#### *Fly-leaf*

This table furnishes information about literacy and education in different age-groups separately for males and females down to district level. This table is being presented into two parts. Part-A relates to All Areas and Part -B to urban areas only. The classifications of educational levels for Part-A are given below :

1. Primary
2. Middle
3. Matriculation or Higher Secondary
4. Non-technical diploma or certificate not equal to degree
5. Technical diploma or certificate not equal to degree
6. Graduate and above.

This table is cross tabulated by age-groups 0—4, 5—9, 10—14, 15—19, 20—24, 25—34 and 35+. The persons who have not returned their ages have been shown under 'Age not stated'.

The educational levels of Part B have been presented in greater detail, viz.,

1. Primary
2. Middle
3. Matriculation or Higher Secondary

4. Non-technical diploma or certificate not equal to degree
5. Technical diploma or certificate not equal to degree
6. Graduate degree other than technical degree
7. Post graduate degree other than technical degree
8. Technical degree or diploma equal to degree or post graduate degree.
  - (a) Engineering or Technology
  - (b) Medicine
  - (c) Agriculture, Veterinary and Dairying
  - (d) Teaching
  - (e) Others.

This part of the table is also cross tabulated by the same age-groups as indicated in the case of Part A.

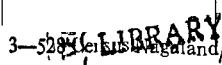

This table will measure the growth of literacy in the total population as a whole as well as in different age-groups since the last census.

**TABLE C-IV**  
**SINGLE YEAR RETURNS**

## TABLE C-IV SINGLE YEAR AGE RETURNS

*Fly leaf*

This table has been presented separately for total, rural and urban population by sex at state level only. It shows the distribution of population at each year of age for 0 (below 1 year) upwards as actually returned by the individuals.

This table is very important from demographic point of view for the population of life tables.

This table followed by an appendix which shows the distribution of persons by five year age-groups for total, rural and urban areas separately for the state and its districts.

TABLE C-V

PART A-DISTRIBUTION OF LANGUAGES (INCLUSIVE OF MOTHER-TONGUES GROUPED UNDER EACH) SPECIFIED IN SCHEDULE VIII TO THE CONSTITUTION OF INDIA

PART B-SPEAKERS OF LANGUAGES/MOTHER-TONGUES (INCLUSIVE OF MOTHER-TONGUES WHERE GROUPED) OTHER THAN THOSE SPECIFIED IN SCHEDULE VIII TO THE CONSTITUTION OF INDIA

TABLE C-V MOTHER TONGUES OF THE 1971 CENSUS

PART A. Distribution of languages (inclusive of mother-tongues grouped under each) specified in Schedule VIII to the Constitution of India.

PART B. Speakers of languages/mother-tongues (inclusive of mother-tongues where grouped) other than those specified in Schedule VIII to the Constitution of India.

*Fly Leaf*

These tables correspond to the all-India language tables of the Census of India 1951 published in Census of India Paper 1 of 1954 and the language tables C-V of the Census of India 1961 published in volume I Part II-C(ii) language tables and volume XXIII—Nagaland Part II-C(i) Social and Cultural tables.

The question on mother-tongues at the 1971 Census and instructions to enumerators were as follows :

**Question 14 : MOTHER-TONGUE**

**Definition**—Mother-tongue is the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother-tongue. In the case of infants and deaf mutes the language usually spoken by the mother shall be recorded.

Record mother-tongue in full whatever the name of the language as returned and avoid use of abbreviations. You are not expected to determine if the language returned by a person is the dialect of another major language and so on. You should not try to establish any relationship between religion and mother-tongue. You are bound to record the language as returned by the person as his mother-tongue and you should not enter into any argument with him and try to record anything other than what is returned. If you have reason to suspect that in any area due to any organised movement, mother-tongue was not being truthfully returned, you should record the mother-tongue as actually returned by the respondent and make a report to your superior Census Officers for verification. You are not authorised to make any correction of your own.

Table C-V Part A is in two sections (i) showing the distribution of speakers of languages (inclusive of mother-tongues grouped under each) specified in Schedule VIII to the Constitution of India for the State and its three districts separately for total, rural and urban areas cross-classified by sex and (ii) showing the distribution of speakers of these languages for three districts, six y circles and three towns in the state for total area only cross-classified by sex. All the circles in the state are rural.

Table C-V Part B presents speakers of language/mother-tongues (inclusive of mother-tongues where grouped) other than those shown under Part-A for the state, districts, circles and towns. This table is also being presented in two sections (i) showing the speakers of these languages/mother tongues for the state and its districts for total, rural and urban areas cross-classified by sex and (ii) showing the distribution of these languages/mother-tongues for total areas of districts, circles and towns cross-classified by sex.

In both Parts A & B, mother-tongues have been grouped in some cases under the relevant language(s). This has been done on the basis of information readily available or in the light of studies already made. Those 'identifiable' mother-tongues which returned 10,000 or more speakers each at the all-India level have been grouped in Parts A & B as shown below :—

PART A

Bengali . Chakma

Hindi . Bhojpuri; Braj Bhasha; Dhundhari; Garhwali; Khortha/Khotta; Marwari; \*Pahari; Rajasthani; Sadan/Sadri

PART B

Angami . Chakru/Chokri

Gondi . Murial

Lahnda . Multani

Naga . Zeliang

Nissi/Daffa . Apatani

All other mother-tongues falling under Part B and which returned less than 10,000 speakers each at the all-India level or were not 'identifiable' on the basis of information available as of date are included in the category 'Others' occurring as the last entry in Part-B.

\*PAHARI is a combination of various speakers spoken over long stretches of areas where the speakers preferred to give a general name as Pahari. Similar is the case with BHOTIA/KUKI/MUNDA and NAGA appearing in table C-V Part-B and marked by asterisks therein.

TABLE C-VI  
**BILINGUALISM**

## TABLE C-VI — BILINGUALISM

### *Fly Leaf*

This table corresponds to table D -1 Part II of 1951 and C - VI of the 1961 Censuses.

The question on bilingualism at the 1971 Census was Question 15 : Other languages

“After recording the mother-tongue in question 14, enquire whether the person knows any other language (s), Indian or foreign and record language(s) returned by him against this question. In case he does not know any language apart from his mother-tongue, put ‘X’ against this question.

The number of languages recorded under this question need not be more than two. These languages should be other than his mother-tongue and they should be recorded in the order in which he speaks and understands best and can use with understanding in communicating with others. He need not necessarily be able to read and write these languages. It is enough if

he has a working knowledge of these subsidiary languages to enable him to converse in that language with understanding”.

In this table, data on bilingualism are presented only for selected languages/mother-tongues (L/MTS). The selection of these L/MTS has been done on the basis of all India table C-VI — Bilingualism of 1961 and a list of L/MTS was devised for all India. This list formed the basis for preparing the table on bilingualism. This table has been prepared on full count.

Columns 2, 3 and 4 of the table give the total number of speakers of L/MT inclusive of MTs grouped under it. Columns 5, 6 and 7 give figures of such of the speakers who returned a second language, that is to say, any other L/MT not accounted for in columns 2, 3 and 4. Column 8 contains in ‘run on’ fashion the names of subsidiary L/MTS inclusive of L/MTs wherever grouped by number of male and female speakers within brackets.

TABLE F-1

Part A—Distribution of currently Married women and the related Births during the last year by Religion, Present age and age at Marriage (Rural)

Part B—Distribution of currently Married women and the related Births during the last year by Religion, Present age and age at Marriage (Urban)

Appendix to Table F-1—Distribution of currently Married women and the related Births during the last year by Scheduled Castes/Scheduled Tribes present age and age at Marriage (Rural/Urban).

*Fly Leaf*

This table has been prepared in two parts at State level only. Part-A relates to rural areas and Part-B to the urban areas. The distribution of currently married women and births during the last one year by religion, present age and age at marriage of the mother is provided in this table.

These data will help in deriving differentials in median age at marriage and in age specific fertility rates, total fertility rates and general fertility rates for various age at marriage groups.

An appendix following this table is also provided presenting similar data for Scheduled Tribes only separately for rural and urban.

*My Leaf*

This table has been prepared in two parts at state level only. Part-A relates to the rural areas and Part-B

to the urban areas. The distribution of women and births by education, present age and age at marriage is provided in this table. The educational levels shown in the table are as follows.

- (i) Literate but less than matriculate
- (ii) Matriculates and above but less than graduate
- (iii) Graduate and above

These data will help in deriving differentials by education in median age at marriage and in age, specific fertility rate, total fertility rate and general fertility rate for various age at marriage groups.

TABLE F-V

**PART—A DISTRIBUTION OF CURRENTLY MARRIED WOMEN  
AND THE RELATED BIRTHS DURING THE LAST  
YEAR BY RELIGION, EDUCATION GROUPS,  
PRESENT AGE AND AGE AT MARRIAGE (RURAL/  
URBAN)**

**TABLE F-V**

**Distribution of currently married women and the related births during the last year by religion, education groups, present age and age at marriage (Rural/Urban)**

*Fly leaf*

This table prepared at state level separately for rural and urban areas provided the distribution of women and births by religion-cum-education, present age and age at marriage.

These data will help in deriving differentials by religion-cum-education in median age at marriage and in age specific fertility rates and general fertility rates for various age at marriage groups.
