

**Total Population and Population of Scheduled Castes
and Scheduled Tribes in Municipalities**

THANJAVUR REGION
(Thanjavur and South Arcot Districts)

1981 CENSUS

A. P. MUTHUSWAMI
of the Indian Administrative Service,
Director of Census Operations,
Tamil Nadu

P R E F A C E

The final population by sex as per 1981 Census along with Scheduled Caste and Scheduled Tribe population and certain other particulars were brought out in a booklet (Paper 1 of 1982) last year to meet the urgent needs of the Government and other data users. Data were given in that booklet for district, taluk and town levels.

The Government of Tamil Nadu have proposed to refix the strength in the municipal Councils and also to reserve seats in them for Scheduled Castes and Scheduled Tribes as also women with reference to the 1981 Census figures in the forthcoming municipal elections. The State Government have therefore requested this department to bring out a publication containing population data down to the lowest administrative unit possible for all municipal areas, other than those which are proposed to be formed as Municipal Corporations. This paper contains the above information along with the details of streets and door numbers of houses falling under each Census Enumerator Block. Similar data for Panchayats and Panchayat Unions in the State are published in Paper 2 of 1983, brought out separately for each district.

This booklet is being brought out in five volumes each relating to a municipal region in the State. I am sure these publications will be found useful by Government departments as well as private institutions and research bodies.

Madras,
7th June 1983.

A.P. MUTHUSWAMI,
of the Indian Administrative Service,
Director of Census Operations,
Tamil Nadu.
